1989

THE SCHOOL
WISHES TO THANK
THE SPONSORS
WITHOUT WHOSE
HELP IT WOULD
NOT HAVE BEEN
POSSIBLE TO
PRODUCE THIS
MAGAZINE, AND
HOPES THAT
READERS OF THE
MAGAZINE WILL
SUPPORT THE
SPONSORS.

Editor's Note

I take this opportunity to thank all the people who were involved in the production of this magazine.

Producing a publication is a very expensive business and in this case it would not have been possible without the advertisers and I thank them for their contributions. The Pupil Council gave money from the Workday so all pupils who took part in Workday played a part. I thank Ms Morris for the hours she spent finding sponsors.

I would also like to thank Mrs Crum for the time she spent proof-reading and Mrs Gliesche and Mr Bloch for their efforts in supplying art work and samples of technical drawing. Mrs Jacobi typed much of the copy and I thank her for this. Finally, I record my appreciation to the English teachers who elicited creative writing.

Magazine Committee

Helen Boyd, Katrina Buckley, Helen Derham, Jane Downie, Kieron McCann, Michael Haugh, Amanda Gavin, Michael Hendra, Alannah Lupe, Sharon Judkins, Sacha de Bazin, Sonya McAlonan, Christine Saunderson, Faith Barber, Janine Wiles, Michael Warwick.

Staff Notes

Early in the year Mrs David decided that life in a chateau on the Mediterranean Coast had some advantages over life in a school house in Tokoroa and emigrated. Mr Tucker gained promotion to Head of Biology at Hamilton Boys' High School and we lost a popular member of staff. Staff who used Mr Tucker to pick race horses for them may be wealthier for his absence but certainly miss his company. Mr Edwards left for places unknown while Miss Harris married and left to live in Cambridge and is now teaching at Sacred Heart College. Mrs Tortoiseshell and Mr Scott came to teach here as relieving teachers and we were very pleased to learn that Mrs Tortoiseshell was accepted for teacher training. Both of these people are old pupils of the school. We welcomed back Mrs Anderson who returned to her previous position here as Head of Languages. Mrs Anderson's love of pine trees has been nurtured by her daily trips from school to Taupo.

We welcomed into the world Stephen Dowdle — this is Mr Dowdle's fourth child and Mr Dowdle is enjoying more and more time at home. Graeme Crawford and Colin Mathis were also new entrants to life.

Mr Wolfe was forced to go to hospital for a while but is back at school and looking well. In his absence Mr Belfield looked after his classes and did a good job. Mr Gordon arrived from the north of England but exhibits few of the characteristics often associated with that dour area and has adapted well to life here. Mrs Gliesche has replaced Mrs Schwed in the Art Department while Mrs Slade, our Guidance Counsellor, has spent much time studying for her training examinations. Mrs Wilton replaced Mr Edwards in the Science Department and is doing a good job.

We farewelled Mrs Cuttriss who had been working part-time in the office and Mrs Sefo, also from the office, took time off to go to Canada.

Pupil Council

The Pupil Council of 1989 was chaired by Stephanie O'Sullivan and Gerard Keightley. The Secretary was Helen Derham and our Treasurer was Jenny Slade.

Our Council consisted of 21 Executive Councillors and 17 Form Class Representatives.

We maintained the usual 5 Committees: Finance led by Jenny Slade, Grounds and Environment chaired by Michael Gielen, Social Committee led by Joanne Hair, Minibus led by Stephanie O'Sullivan and Workday chaired by Tim Fletcher. However, this year we also established two new committees. A Relations Committee chaired by Jason Lord and a 1990 Committee under the temporary leadership of Stephanie O'Sullivan and Helen Derham.

Our achievements this year were the acquisition of a new minibus from Matamata Cowling Motors. Special thanks to Mr Dale and Mr Singleton for their assistance without which would mean we would still be battling with the MOT! Also thanks to those who participated in last year's Workday which supplied the funds for the bus.

The Relations Committee helped organise a highly successful joint Triathlon with Tokoroa High School.

We had a surprisingly successful Workday

considering the economic climate of present day Tokoroa. We raised a great \$6,800. For this we must acknowledge the hard work of Tim Fletcher, his Committee and Mrs Josephs for her time and effort. Not to mention the pupils of the school!

The Finance Committee battled on trying to balance our books and credit must go to Jenny Slade and her team for achieving this feat!

The lockers continued to be a source of headaches and frustration. Michael felt that he was banging his head against a brick wall in trying to at least find out where the keys were! Meanwhile, the existing lockers were looking more and more battered and bruised in a C Block corridor. Hopefully, something will eventuate in the near future.

The 1990 Committee idea originated from Mr Dale earlier in the year but wasn't established until September. Our first task is to fundraise for Jennifer Timmo, Lisa Robson and Judith Vanner who are off to Mt Everest early next year for a clean-up operation as part of Sir Edmund Hillary's gift to Nepal. So we are jumping on the national bandwagon to celebrate the year 1990.

Katherine O'Regan from the National Party's Waipa seat came to discuss with us the idea of a Youth Affairs Ministry and to investigate our

points of view on important issues concerning the youth of New Zealand. She was an extremely interesting speaker and discussion continued on many issues throughout lunchtime.

Although sometimes we wondered if we were fighting a losing battle our Council of 1989 was successful and thanks must be given to Mrs Josephs and Mrs Sommerville for their continued support.

Good luck to the 1990 Pupil Council!

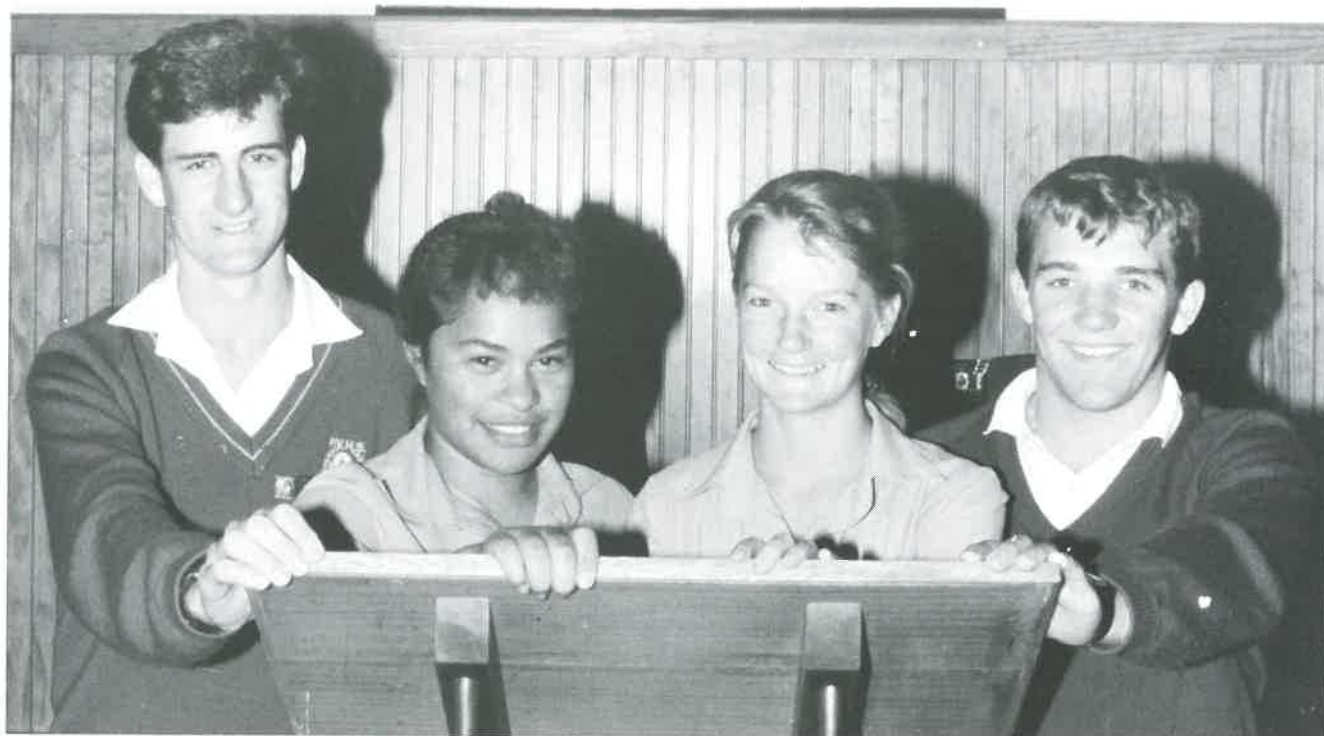

Stephanie O'Sullivan

Form Five History Trip

A group of 30 eager students hit Wellington from the 13-16 of March this year, and Wellington hasn't recovered yet! The trip, organised by Mrs Priscott (with Mr Dale helping), was a great success for all involved. A lot was learnt about Wellington and NZ by the Fifth Form History Class — but the most important lesson of all, was probably that History can be fun!

On Monday the 13th, as the History class piled into two minivans, students openly wept as they farewelled their 'beloved' school for four long days. I could sense the pervading sense of gloom as the vans pulled away from FVHS. Soon however, the excitement of the trip overcame such feelings and school became a distant memory.

First stop was the Waiouru Museum where we were given a guided tour and the a 'go on the guns'. Mrs P was the only one who really looked comfortable with an automatic rifle — due to some practice perhaps?

We also stopped at the Rangiatea Church about an hour out of Wellington. The inside of the church, built by Te Rauparaha, was impressive.

In Wellington we were welcomed onto Mangungu Marae, which was a new experience for some. The Waiata practice paid off and the class produced quite a sweet sound (due also to all the boys who mouthed the words)

That night we toured Wellington and saw the lights. Mrs P took a wrong turn halfway up Mt Victoria and proved the brakes on the School minibus do work on steep grades.

The next morning, bright-eyed and bushy tailed, we toured the Parliament Buildings. Sharp-eyed students saw Richard Prebble (minus egg) while on the informative tour. At Morning Tea, provided by Mr Luxton, we met Mr Lange. He told us the three questions most people ask him: "What do you earn? How many kids do you have? Are you married?" — in that order!

After lunch we visited the National Museum and Art Gallery. It was mind-boggling to think we saw only 0.1 percent of the total collection, at the Museum. The Art Gallery was a dreaded place, in the minds of most, but after a guided tour many students began to appreciate the art.

Some 'budding chefs' from our class tried their hand at spaghetti bolognaise. After tasteless mince and slimy noodles, I realised why these people take History and not Home Economics. After tea and a ride on the cable cars we visited McDonalds and hunger pangs were satisfied.

On Wednesday morning we toured the Wellington Stock Exchange and looked through the Bowen Street Cemetery. Anyone who is slightly anti-yuppie would have felt quite nauseous at the Stock Exchange. Once the initial revulsion was overcome, it became quite interesting watching the 'money-grubbing' capitalists of NZ at work. It was relatively quiet however and I was disappointed to see the concept of greed was not fully shown!

The National and Alexander Turnbull Library was fascinating. It was not the stuffy place you might expect, and they had certainly taken advantage of the latest technology. Most of the class was disappointed when we had to leave to catch the train out to Lower Hutt.

That night we invaded Pizza Hut and some people really 'pigged out' (it wasn't just boys either!) We left Pizza Hut with full stomachs and contented smiles on our faces.

We left the Marae on Thursday morning and visited Avalon TV Studios. We were privileged to get a look at the set of "Sale of the Century". Some people were lucky enough to see some 'stars'. One person tried to convince us they'd seen Iona Rodgers, but someone pointed out "Gloss" was filmed in Auckland, so they lost credibility.

A would like to thank Mr Dale (who suggested the "short-cut") and an Indian shop-keeper (who gave us directions) on behalf of the History Class. The tour of hills 'somewhere around Wellington' on a gravel road was certainly different. Even though the 'short cut' took twice as long, as the way we had come into Wellington, it was 'fun' (I don't know if this opinion is shared)!

After an enormous feed of fish 'n' chips everyone's mood improved, and Mr Dale was forgiven. The rest of the trip home was spent telling weak jokes and playing games.

We arrived back in Tokoroa contented after an informative and exciting four days. Thanks for a great trip Mrs Priscott and Mr Dale!

May's Variety House

Production ... "I was a Teenage Jekyll and Hyde"

"To be, or not to be" (Shakespeare, no rubbish) — but that was the question everyone was asking about a week before the actual performance of "I was a Teenage Jekyll and Hyde."

The old saying "it'll be alright on the night" certainly rang true. By watching the show on any of our four successful nights, the audience would never have guessed the amount of chaos and confusion that everyone involved had gone through.

For example, not mentioning anyone in particular, but during the final dress rehearsal a certain Hyde forgot his cue and stayed hidden when he was meant to be on stage. This left Mandi Gavin and Gerard Keightley — alias Miss Wrenplacket and Mr Crucible hysterically ad libbing on stage. Jonathan Keightley, oops ... Hyde thought that they did this so well he thought it was worth a repeat performance on the opening night.

This unfortunately, was not the only blooper that happened during the opening night. In the scene when Jekyll is supposed to mysteriously change into Hyde (behind a screen of smoke) a clumsy obvious changeover occurred when the smoke machine simply refused to co-operate. While we are on the subject of special effects ... "I was a Teenage Jekyll and Hyde" was nearly "the show that wasn't" because a couple of days before the actual performances our special effects tape "went missing". This left everybody running around like headless chickens, until it was "miraculously found."

Another 'sweaty-palm' incident happened when Jacquie Hudson, alias Angela, came down with Glandular Fever about a week before opening night. Jackie performed selflessly and brilliantly even though it was touch and go there for a while. But hey, what are a few heart attacks among close friends?

And that is exactly what the atmosphere backstage was like; one of close, harmonious (well, most of the time) friendship. But what else could anyone expect to result from our hours of arduous rehearsals?

No one effort can be singled out, as everybody, from the stage crew to the main characters, performed equally well, but I would like to say that I think it is a pity that Marianne Elliott and Rhys Wilson, who played Annie and Bert Jekyll respectively, were not around about 25 years ago when auditions were held for the characters of Hilda and Stan Ogden from "Coronation Street".

Now I'm not one to brag, but .. I'd say that Justin Geange's gold lamee suit would have done Elvis proud. You certainly made us proud

This page sponsored by:

Surface Coatings (Tok) Ltd

Justin — you did an excellent job of producing Forest View's first show in some years. We especially loved the "smile" signs you strategically placed over every door and mirror backstage.

Everybody involved in the production of "I was a Teenage Jekyll and Hyde" including all of the teachers deserve a pat on the back. The show wouldn't have been the success it was without the help from everybody there. Thank you.

My article has come to its conclusion. And brought an end to your confusion. Here was merriment in profusion, I hope you liked my brief allusion. And did not find it an intrusion. Now your applause I won't refuse — 'Shakespeare? ... No — Rubbish!'

The Sixth Form Trip

After an amazingly quiet trip up, we hit the motorway. Life in the fast lane was about to begin if only the buses could get out of second gear.

But what's that up ahead, is it a bird, is it a plane? No it's the Rainbow's End swinging ship. We pulled into Manukau City, well McDonalds' carpark to be exact. While those of us who are always thinking of our stomachs went for a snack (a few Big Macs, Fillet O' Fish, large fries, not forgetting the Coke), the rest of us raided the M and M's on the Easter display in the Mall.

Then it was back onto the Tokoroa smurfmobles and time to go on exciting educational trips such as the Zoo, Les Mills' World of Fitness and various computer organisations. We then hopped back onto the buses and headed off to camp. This was to be home for the next four days and soon looked like it. That night we went to Footrot Flats. We took our Tokoroa weather with us and it persisted down. Then we were hit with the news, no Queen Street McDonalds stop (in fact no McDonalds at all that night). That subdued us somewhat.

Once back at the camp, one birthday cake (thanks Janine), a jelly war and numerous warnings later, morning came. We stumbled to the showers with the daunting prospect of facing the entire Sixth Form over breakfast.

At eight, when we are usually only thinking of getting up, we headed to places of career interest, such as Polytechs and the University where some MAJOR talent spotting happened. That afternoon it was up to us 'out-of-townners' to find our way around the streets. This just happened to be the day when most secondary teachers were on strike and the entire teenage population of Auckland were 'hanging out' down town, OUT OF UNIFORM!

Thanks to Darren, some of us got to see more of Auckland than we expected. Those of us that were with this 'knowledgable' (hem, hem) tour guide eventually made it to Ten Pin Bowling. Unfortunately everyone else was leaving and sadly we missed out showing the finer 'skills' that some of us possessed.

Then it was Show Night. Finally, the lights dimmed, the MC (our own Mr Whatarau) announced the first 'item'. The acts covered a great range. We had fashion victims Mark Cole and Jonathan Scott (where did you get those flares?) Michael Frolich (the most beautiful goldylocks we've ever seen), Greg 'sexylegs' Peters, Mrs Reggae Wiles, (dig your dreadlocks, Mun) and those hard working nine to five girls who put Dolly Parton to shame.

First prize was taken away by those Groovey Hippies with a totally different version

This page sponsored by:

Bridge Street New World

of 'Wild Thing' (that brought back the years of rebellion for some of those older teachers. We, however, feel a special award is necessary for three who shall remain nameless (Terry Cottle, Brendon Murray, Anton Maisey) who made the most noise yet were too kool to do a skit of their own, much to the disappointment of those girls who had their cameras poised in anticipation.

Next morning, much to the delight of everybody we were back on one of those exciting school trips. On the Geography Trip, one of the most classic lines of the trip was heard when some young men on some kind of scheme (ie the dole) not so politely told Brendon Graham to 'get a haircut' to which Mr Big Mouth er Mac replied 'Get an Education'.

Then it was, yay ha! time to hit town, where Darren got a bargain five Hari Krishna books for only \$2.00 which he tried to flog off to some unsuspecting friends. We returned penniless except for enough money for Queen Street McDonalds that night.

That night it was off to Ice Skating. It didn't take long for Greg P. and Michael W. to work out that girls will help any guy who can't skate. No major casualties apart from Vanessa's sprained something.

A few major pile ups and romantic interludes later it was off to good times, great taste of McDonalds, the official FV diet. One minor french fries fight later it was back to camp where we intended to live it up on the last night and we had reason to celebrate; it was Steven Franklin's birthday. However the teachers soon squashed any ideas of a party and seeing as most of us had five inch bags under our eyes and lids that just wouldn't stay open we soon crashed.

Thursday morning we all crawled out of bed and the more energetic of us went for a swim and/or run. Those of us with brains stayed behind. Then we piled all our gear into the buses and headed for the Airport where some of us were paired up and others that were

clever enough to get in quick chose their own partners.

We all had a questionnaire to fill out but the boys headed straight for the spacies machines (they obviously missed Charlies). Those of us that didn't waste our pennies on games raided the cafe.

After a thrilling morning wandering around the Airport bleary eyed, wishing we were somewhere else (ie bed) we climbed into the smurfmobiles for the last time. People slept where they could on the buses. On the seats, in the aisles, under the seats and any other available space.

Then as we hit the streets of good old Tokoroa everyone came to life as we rocked all the way up the hills. Everyone was hanging out of the windows, trying to be kool and we all went home with the Easter break to recover and lived happily ever after.

Thanks to all teachers involved.

Form Seven

General

Here we were, the Seventh Form, at the pinnacle of the secondary school education system — the creme-de-la-creme of the entire pupil body, it felt great!

Through their painstaking efforts, last year's Seventh Form had left us with their legacy — a reputation for misbehaviour and untidiness which was unparalleled — forever etching their deeds into the minds of the staff. All went well, until the discovery of the speech bubble on the Arnold Swartzenegger poster, which happened to be a quote in the spirit of one of his movies, "Don't **** with me *****." Some didn't share our sense of humour.

At this point it was plain that some serious grovelling was needed! Instantly, a duty roster was drawn up and we invited the Staff to morning tea. Many of us felt ill afterwards (probably from eating too much humble pie!). The fridge, who knows how many organisms have mutated into greater forms of life within its dark confines. It tired of the monotony of school life had mysteriously disappeared of its own accord — its ongoing mission: "To boldly go where no fridge has ever gone before."

The cleaners hold a very special place in the hearts of the Seventh Formers, as they have done with every Seventh Form. It was the cleaners who kept us on the straight and narrow — the very straight and the unbelievably narrow!

The Stereo, the life and the soul of the common room. At the start of the year it was a three-in-one system and performed faithfully. All went well until the cassette player 'died'. (By the way — to the person who pilfered our cassette collection, did our voodoo doll work? if so you should be a paraplegic — it will be easy to find you!) The only resolve was to resort to the turntable — which also died

during Roy Orbison week (can't say I blame it). So now it bides its time as a one-in-one system, ie a radio.

7th Form Trip to Wellington

After a loooong trip to the capital we finally arrived at our lodgings. We knew it was called Rowena Budget Motel, but nobody told us just how budget it was!

We had a great time in the capital, walked MILES! and did lots of shopping which none of us could afford! Some of us saw a movie for the first time in ages (in a REAL movie theatre) and felt like real country bumpkins. Two food hotspots in the capital enjoyed by everyone were McDonalds and the BNZ International Food Hall. One of the purposes of our trip to Wellington (no, we hadn't forgotten) was to visit Victoria University during its Open Day. There was a different range of opinions regarding the campus. Some found it to be claustrophobic while others found it to be (for want of a better word) NEAT! But overall it

was an experience needed by all of us in our decision making regarding next year.

Palmerston North

On arrival in Palmerston North we were allocated flats, an indication of how independent we will be next year. This year's Seventh Form were mature, responsible and dedicated, not at all like last year's Seventh Formers. Some of us would not have gone to the wholesalers, had a party back at the cabin, got drunk and played immature games like 'dare, truth and promise'... like last year's Seventh Form might have. And some of us would never have gone to the pub ... like last year's Seventh Formers might have.

Indeed not, for this year's Seventh Form was the most productive bunch of pupils and instead of doing what last year's Seventh Form might have done, we stayed in our cabins viewing Foreign Correspondent. Even though we stayed within the camping area, we still

This page
sponsored by:

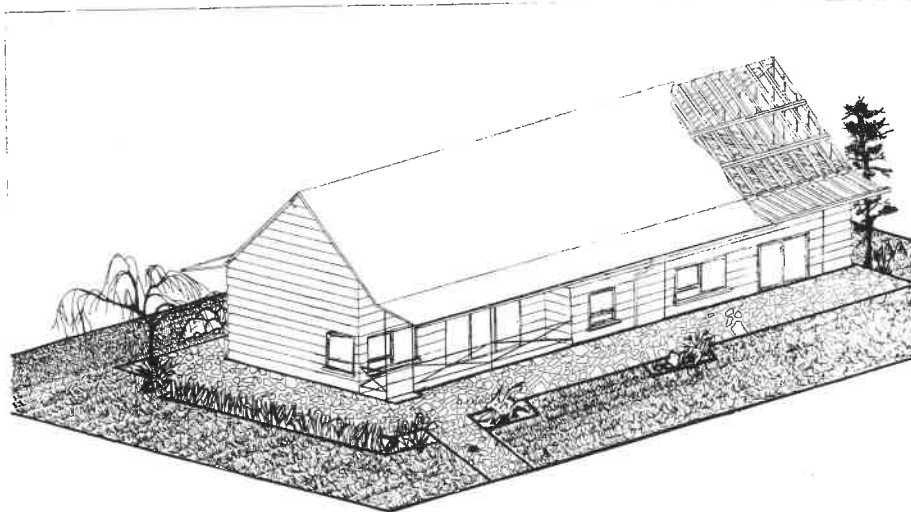

Bank of New Zealand

managed to have a good time. The funniest of these being when Michael and Tim discovered they had worms in their cabin. But Johnny, our trusty AFS student, was not so scared by this fact, as they eat them back in Hong Kong, he spent at least an hour of his time chasing worms around his cabin which Dwayne managed to capture beautifully on camera. As for Massey University, some of us loved the atmosphere and the surroundings. It was very different from Victoria — more space to move.

Tribute must go to Mrs Josephs and the Cantwell family who not only organised us but took a risk and let 35 Tokoroa Seventh Formers loose and trusted us. Thank you very much and it was obvious we all respected your trust and adult treatment of us.

Finally, over the year the Seventh Form have grown to know each other and accept each other for their faults, and strong bonds have formed — bonds which are going to be a great pity to break. Very rare it will be for any one of us to find a group of forty people to work with who will be so supportive or understanding in our lifetimes. The friendship which has existed amongst us during 1989 has been very unique, extending to people who have left during the year. A special goodbye to Johnny Tsai and Riccardo de Fillippi our AFS exchange students who have become our special friends and who we will never forget. 1989 has been a special year for all of us, it marks the end of an era and the beginning of a new one. Thank you to every one who has helped us not only in academic, cultural and sporting achievements but also to develop ourselves as individuals and given us a firm basis for the rest of our lives.

Athletics

School Athletics Championships

Athletics this year was the usual fashion parade, where we spent the day wandering, aimlessly around, eyeing each other's tans and comparing war paint; although there were a few hardy souls who managed to clock up new times and records.

These were:

Senior Girls' Long Jump — new record — Sarah Robinson 5.02m

Senior Girls' Triple Jump — new record — Sarah Robinson 10.23m

Junior Girls' Triple Jump — new record — Rebecca Gardiner 8.36m

Intermediate Girls' High Jump — record equalled by Terri Everest 1.46m

This year's athletics was run as a form competition rather than a house one. As a result all the relay teams set new records.

These were:

Form Three Boys set by 3Ro 58.6 sec

Form Three Girls set by 3Do 1min 01.6 sec

Form Four Boys set by 4Cr 50.1 sec

Form Four Girls set by 4Bh 57.9 sec

Form Five Boys set by 5Pc 50.6 sec

Form Five Girls set by 5Pc 59.8 sec

Form Six/Seven Boys set by 6St 48.8 sec

Form Six/Seven Girls set by 6Cf 59.7 sec.

Overall the day was a success although the Seventh Form had some trouble selling their refreshments as some people seemed to prefer the tuck-shop. The form competition resulted in 3Wo coming out on top with 6Cf coming a close second.

Mid-Island Athletics Championships

After our efforts at school Mrs Stokes, Mrs Crawford and Mr Cantwell ended up taking 90 pupils over to Tauhara College for the Mid Island Athletics Day. Although we did have a successful day, our uniform attire provoked some negative comments from officials; Mrs Stokes flew to our defence. The rest of the day

was spent exchanging the right PE gear between ourselves.

The results of the day were:

T. Bonner	2nd High Jump	Junior Girls
R. Astwood	2nd 800m	Intermediate Girls
G. Matetaka	2nd 800m	Junior Boys
S. Robinson	1st Long Jump	
S. Robinson	1st Triple Jump	

S. Robinson	3rd 100m	Senior Girls
-------------	----------	--------------

P. Miller	1st 400m	Senior Boys
-----------	----------	-------------

Senior Boys' Relay Team 4 x 100 metres — 1st
Darren Pomare, Paul Miller, Mosie Putoko, Matthew Risbridge.

Waikato Athletics Championships

Resulting from that Mrs Stokes took 10 pupils through to the Waikato Championships in Hamilton on 18 March this year.

The results were:

G. Matetaka 9th in 800m Junior Boys

P. Miller 2nd in 400m Senior Boys

C. Shaw 11th 3000m Open Boys

S. Robinson 7th 100m Senior Girls final

S. Robinson 2nd Triple Jump (Open Girls)

J. Tomalin 4th 800m Junior Girls

Senior Boys' Relay Team 4 x 100 metres 1st

Darren Pomare, Paul Miller, Mosie Putoko, Wayne Sinclair.

Paul Miller went to the North Island Championships in Auckland in April and represented the Waikato area in Senior Boys 400m coming 4th overall and also in the Senior Boys Relay Team (4x400m) which came 1st overall

Athletic Champions 1989

Junior Girls — Rebecca Gardiner

Intermediate Girls — Raelene Astwood

Senior Girls — Sarah Robinson

Junior Boys — Thomas Uerata

Intermediate Boys — Craig Shaw

Senior Boys — Paul Miller and Matthew Cuff

Cross Country

This year our school has had competitors for the Waikato Secondary Schools' Cross Country, the Mid-Island Cross Country and the Forest View High School Cross Country.

Mid-Island Cross Country

This year the Mid-Island Cross Country was held on 8 June at Tauhara College. These were the results:

Junior: Jodye Tomalin 4th, Selina Boyd 11th, Glen Meads 15th, Andrew Treanor 16th.

Intermediate: Kathleen Goldsworthy 9th, Craig Shaw 11th, Michael Parker 17th, William Franklyn 20th and Matthew Berrigan 21st.

Waikato Secondary Schools Cross Country

The Waikato Secondary Schools Cross Country was held in Hamilton on 2 August. The results were:

Junior: Jodye Tomalin 24th, Selina Boyd 29th, Andrew Treanor 79th, Glen Meads 81st.

Intermediate: Craig Shaw 17th, Kathleen Goldsworthy 33rd.

Forest View High School Cross Country

On Wednesday 18 October, Forest View held their annual cross country. These were the results:

Junior: 1, Jodye Tomalin; 2, Josie Winter; 3, Sonya Simpson. 1, Jeremy Wiles; 2, Robert Tawhai; 3, Andrew Treanor.

Intermediate: 1, Natalie Boss; 2, Raelene Astwood; 3, Kathleen Goldsworthy. 1, Craig Shaw; 2, Michael Parker; 3, William Franklyn.

Senior: 1, Sarah Robinson; 2, Marianne Elliott; 3, Jennifer Slade. 1, Erin Bates; 2, Matthew Tetzlaff; 3, Cameron Bramall.

MARK COLE

MICHAEL WARWICK

This page sponsored by:

Crawford Jewellers

Basketball

Senior Girls'

Early in the year Stephanie O'Sullivan and Jenny Slade gained sponsorship from Derek Leonard of 'Action Connection' who supplied us with new printed singlets — great for morale! Mr Crawford arranged our games.

We played a close game against Mangakino

High School, a fast game against Putaruru High School (early on a Sunday morning) and an enjoyable game against Cambridge High School. We played Te Awamutu College and a game against Otorohanga High School. They brought along their own American coach who

turned out to be the best ref. we had all season.

We played through rough games against Tokoroa High School and then got beaten so badly by Taradale that it was embarrassing.

We played well considering that we were nearly all first year players and we were very consistent — nearly always second!

Our first coach was Piavaka Nooau who was never seen again after Matthew Siulepa came along. Again, thanks very much to "Action Connection".

BACK ROW: C. Kapene • J. Slade • V. Meharry.

MIDDLE ROW: Matthew Siulepa • S. Robinson

• R. Aiturai • M. Rio • Mr Crawford.

FRONT ROW: L. Pakuru • S. Placid • J. Slade

• O. Gadsden • H. Derham.

Senior Boys'

The year of 1989 was one of the most successful years in Forest View history for senior boys' basketball. Hence the name Allstars.

We had victories over mighty teams such as Putaruru Lakers, Mangakino Pistons, Tok. High Celtics and Cambridge Cavaliers.

Credit must go to the awesome coaching capabilities of Nigel "Killer" Crawford and his fuel injected, V8, air conditioned, twin cam, waterproof Landrover, and Matthew "lick the floor clean" Siulepa whose power, strength, skill and agility inspired us all to strive for success.

The 1989 Allstars consisted of: THOMAS (pass me the ball and I won't pass it back) Ngapera.

An import from Auckland who socked us with his skills of dribbling, passing?, shooting ... not to mention his mean steals — off his own players! Thanks Thomas, we really didn't want the ball anyway. Thomas was one of those players who could always make it happen in front of a crowd.

MOSIE (Spud Webb) Putoko

An athlete who reminded us of Spud Webb —

BACK ROW: Mr Crawford • K. Davy • T. Fletcher

• M. Saunderson • Matthew Siulepa.

FRONT ROW: T. Ngapera • P. De Quaastieniet

• C. Bramall • M. Putoko • T. Ngariki.

This page sponsored by:

Pohutukawa Superette

Basketball

(both about the same height). His amazing speed and agility led to some awesome fast breaks and lay-ups. The thing that amazed us all is that he did it all with his eyes closed. Thanks must go to Mosie and his moustache for a good season.

KENNETH (Sport Billy) Davies

Kenneth's enthusiasm took him from benchwarmer to captain... of the benchwarmers. He did however produce some amazing three pointers in practice; which set him up for some good games. Look for him on the bench in the future.

MARK (Rainbow Creek) Saunderson

As co-captain of the benchwarmers thanks must go to Rainbow Creek and Warnocks for sponsoring Mark through the season. He could always be relied on to add flair and colour to the game.

TREGO (eat all the food at the after game functions) Ngariki

One of the younger players of the team who progressed well through the season. Treigo was one of the strong, silent types who without a word could attract attention both on the court and at the after game functions. Watch for him in the future and keep your pantry doors locked!

TIM (trust me, I know what I'm doing) Fletcher

At the start of the season "Fletch" was a newcomer to the team, measuring in at just 5 foot 7 inch and just able to hold a ball. Through the season we built him up to a 6 foot 5 inch giant who performed power rebound on defence and painful slam jams on offence. A major asset to the team and when we were in trouble this wicked shy hook could always be relied on ... for a laugh.

JASON (ultimate warrior) Shailer

A late comer to the season but better late than never. When things got tough we could always rely on Jason and his ultimate warrior act of search and destroy, unfortunately he often closed his eyes and ended up sending some of us to the bench to see Kenneth.

EDDIE (Jordan Wannabe) Aiono

When the senior boys' were in trouble Ed was always available to come up from the junior boys' and show some of the seniors how it was done. His shots almost matched his hairdo — smooth and slick.

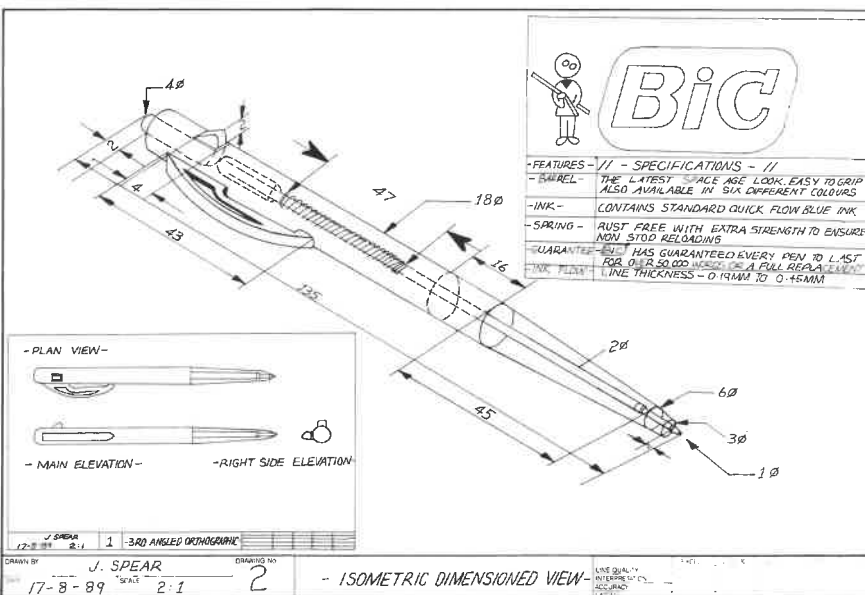

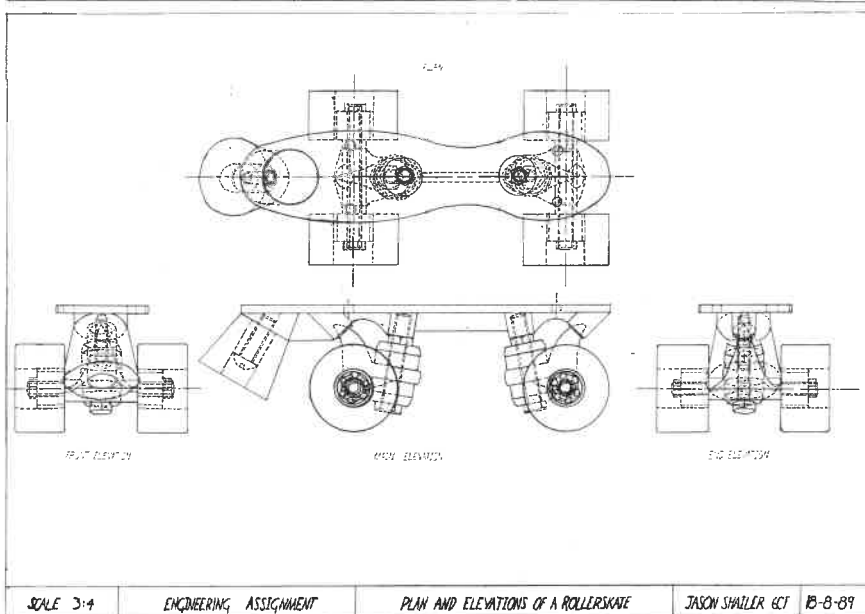

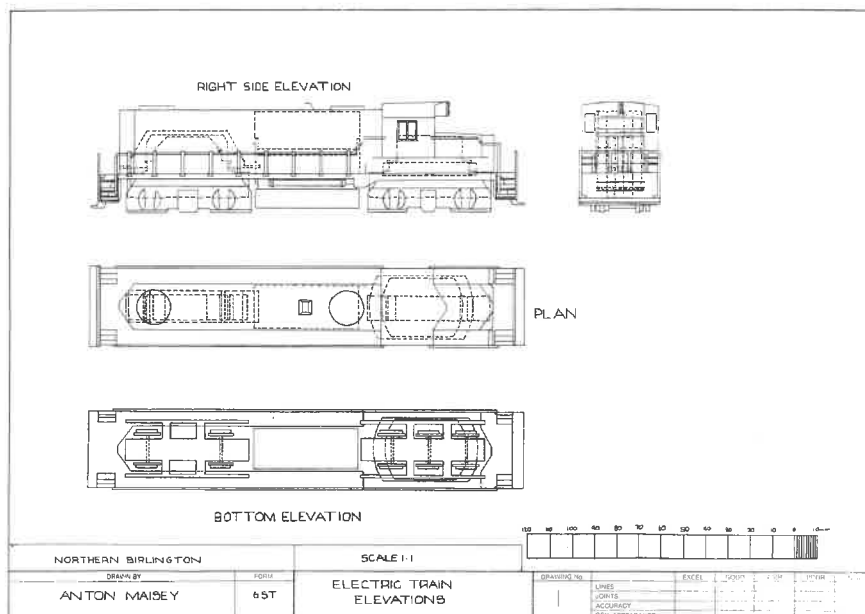

RICHARD (Baby Face) Rangī

His natural ability in this game has unfortunately taken second place to the Communist plot of the First Fifteen who steal from the rich (basketball team) and give to the poor (First Fifteen).

PAUL (Give him the ball and he'll score) de Quaasteniet

Has skill and ability that could just about be matched by one human being on this earth that of this year's captain CAMERON (cam jam)

BRAMALL. These two were the backbone of the team.

Netball

'A' Netball Team

We have now come to the end of yet another 'A' Netball Team's successful and enjoyable season. The team consisted of eight dedicated and reliable girls who together worked their way to victory in the Tokoroa Netball Association Championship winning the 'A' Grade. Positive thinking, the high level of skill by team members and the willingness to learn gave us an exceptional advantage, enabling the team to come runners up on the Closing Day tournament.

We met every Tuesday night for two hours, doing monotonous fitness routines and skills practice (designed by Mrs Sommerville) which, may I say, was a lot harder than the First Fifteen's little sprints up and down the field.

The team had many laughs, especially when the wind took Lisa Bridgeman's skirt a little higher than usual to reveal her bright pink, skimpy, one string undies, that she had forgotten to exchange for Grandma's black breeches.

Our star player Helena Apaapa, showed great fitness at centre and was an asset to the

whole team. Annette Smith and Karyn Lane, although a new partnership, moulded well together to form a top combination. They complemented each other in the shooting circle. Kellie Arthur, Lisa Bridgeman and Nicola Wilson took many turns, swapping and changing to benefit the team. They all worked well together and showed great sportsmanship. Vicki Martin and Judith Vanner who played together in the defence, often had to help one another out of difficult spots. I still remember one Saturday Vicki played against a rather 'big' lady. She couldn't help bumping into her. It must have got to this player because she told Vicki, "If you don't stop contacting me I'm going to punch you in the guts!" Vicki didn't touch her after that.

The 'A' Netball Team went to Taradale and, although they lost, had a thoroughly good time meeting the friends they had made the year before.

The Team's season ended with an excellent time at Timberlands where Mrs Williamson and Mrs Sommerville were presented with small

gifts by the 'A' and 'B' Netball Teams, to show their appreciation.

Next year the team is losing only one player, Lisa Bridgeman, so the 'A' Netball Team should be increasing their strength to become even better. This season was total enjoyment for all and will be again next year.

Grateful thanks to Mrs Williamson, Mrs Sommerville and all supporters!

Judith Vanner

Netball

B Netball Team

The season began with some early team changes. It took, however, only a short time for the players to become familiar with each others' game. Excellent teamwork, co-operation and team spirit both on and off the court enabled this team to clinch the title of the Netball Association B Grade Championship.

The season provided not only wins and losses for the team, but a chance for all members to develop their netball skills, both as individuals and as a team. We ended the netball season with style, winning our section of the Closing Day Tournament.

Special thanks to Mrs Sommerville and Mrs Williamson for all of the time they put into our coaching and management; it helped to make an enjoyable season.

Shilos Netball Team

This year's Shilos Netball Team consisted of eight keen and capable players.

We started off the year in a low grade and by the end of the season we had been promoted to the B Reserve Grade.

Everyone in the team thoroughly enjoyed the year.

Phyllis Drollett (GA) Captain: Phyllis has handled the goal circle well throughout the season. Phyllis has made an outstanding improvement.

Kahu Simmonds (GD) Vice Captain: Kahu's perseverance and manner in situations of pressure on court showed her keenness towards the game.

Deborah Siulepa (GS): Debra's willingness to learn and keenness to play made her an asset to the team. Her goal shooting skills were very good considering her change of position from defence to attack.

Metua Rio (WA): Metua had the ability to cope with many different positions. She handled these positions well. A definite asset to the team.

Anne-Marie Koloke (WA): Anne-Marie was a new player to the team. She was a good player and got along well with all team members. Her ability to bring the ball down the court quickly and easily brought speed to the play that usually led to a goal.

Solonaima Placid (C): Solonaima was quick on attack and defence. This ability and many others saved the team more than once.

Tina Teokotai (WD): Tina has played well throughout the season. Her ball handling skills and timing improved throughout the season.

Tere Ford (GK): Tere is a keen member of our team. Her all-round netball skills have improved over the season.

On behalf of every member of the team I would like to thank our devoted supporters; their cheers from the sideline were encouraging.

Vera Young (Coach)

Netball

Aqua Netball Team

Aqua was a young, inexperienced team but with the help of our two coaches, Jenny Slade and Michelle Ward, we won the D grade for 1989.

During the year we developed into a strong, enthusiastic team, who worked together in our games. We always gave it our best whether we won or lost. We would like to thank our coaches, Jenny and Michelle, for taking time out to help and support us throughout the netball season. The team had a successful season despite the slow start, when the weather wasn't too kind.

This year's Aqua team and their positions for this year were:

Michelle Petero (Captain) C; Lisa Packwood (GA/GS); Caroline French (WA); Leanne Rouse GS/GA; Leanne Pomare GD/GK/WD; Sarah Sade GK/GD; Paula Hewitt WD; Trista Milne GD/GK.

Michelle Petero

Violet Netball Team

At the start of the season Violet team was a sorry sight but there was potential and with two brilliant coaches and the players' natural ability our team experienced a miraculous comeback. After the frightening event of opening day we decided something had to be done so every Tuesday and Friday lunchtime we were out on the courts hard at it! Exercise, running and basic ball handling skills were our main activities. Some team members refused to run unless the coaches chased them around the court.

Actually the Forest View Violet, I mean Violet team was a fun loving, crazy bunch.

We, the coaches, would like to thank each and every member of the team — Jadine, Katie, Katrina, Paula, Siobhan, Michelle, Desiree,

BRIDGET DULEY

Donna, Ingrid and Kelly for their dedication and contribution to the team. Thanks guys. We had a great time.

Vanessa and Tracy

BACK ROW: T. Bonnar • J. Downie

• M. Ward • L. Pakuru • S. Boyd

White Netball Team

Jane Emerson, Angela Edgar, Allanah Lupe, Janet Brighthouse, Melanie Graham, Angela Martin, Michelle Brown, Jodye Tomalin.

Although we may not have had as many wins as other teams, all players contributed well. There was a bit of a problem with turning up on time though this was overcome by keen substitutes from other teams. Thanks to all who helped out. Special thanks to Judith Vanner and Vicki Martin who coached us. Apart from a few ups and downs, we all enjoyed a great season.

Royal Netball Team

We started the season with a win in our Grade on Opening Day. This prompted a bit of a change around with the B Team, we lost two players and gained two. This, however, did not prevent the team from doing well throughout the season. As Forest View's official 'C' team, it was up to us to keep up a high standard in our play, which we did do (for most of the season!).

Everybody in the team played a great part in our wins (and losses!). Each player was able to gain experience by playing against some of the more senior teams in our grade. Captain

Michelle Ward led by example with her extremely good defence and attack work. Jane Downie showed what a good player she was by keeping the opposition away from the goal posts as often as she could. Not to be outdone, of course, was the attack. Lona Pakuru showed her skills in the field of shooting with the help of yours truly, Selena Boyd and Centre Sonya McAlonan who worked tirelessly to get the ball from one end of the Court into our attacking circle.

Our two Third Formers, Selina Boyd (WA) and Terena Bonnar (WD/GA) showed their skills in a variety of games. I'm sure they both gained great experience from playing in a higher grade which no doubt would have been a big change from Intermediate Netball. Both can be proud of their efforts for our team.

We capped off a good season by being runners-up in our Grade on Closing Day.

Our thanks go to Mrs Sommerville for helping out at practice and on the sidelines and also thanks to the parents and friends who supported us throughout the season.

Netball

Sky Netball Team

Sky played tremendously well this season (if I do say so myself). We worked well together as a team. Without the help of our coaches Karen Lane and Lisa Bridgeman, I don't think we could have had such a successful season.

Nicole Muncaster was one of the most improved players in the team.

Mandi Gavin was a laugh, and was always on the ball (literally).

Katrina Buckley was a witty and dedicated player.

Tania Cooper, who played shooter, was also willing to play anywhere else on the court.

Tracy Hartwell provided the comic relief as well as the stern hand throughout the season.

I think that without team spirit and dedicated coaches, we would never have made it through.

Azure Netball Team

Because of our team of versatile players we had a fun season.

Aroha Kingi: an asset to the team with her shooting skills.

Kiri Wright: (Captain) a versatile player who worked well in the circle.

Claire Weston-Arnold: a newcomer to netball whose play improved through the season.

Ereena Hireme: a strong player.

Raelene Astwood: another newcomer to netball who filled the vacancy in our improving defence.

Natalie Boss: an excellent defence player who played well throughout the season.

Jonette Abbott: a steady, versatile defence player.

Kathleen Goldsworthy: good at retrieving the loose balls.

On behalf of the team we'd like to thank Mrs Stokes and the Navy team for putting up with us at practises. Thanks to everyone who filled in when we were short of players.

Navy Netball Team

Our team for the year started off pretty well and we even surprised ourselves at how well we were working together. But in the end all the late nights, and broken down cars to push took a toll on us, and we started losing more games than we won. Not to worry, the games were always hard and worth a laugh, even when our toes froze off at the 9am games and we all caught the flu from standing in the rain. Our team was:

Sharon Judkins (Captain): who led her faithful team in our many practices and whose organisational skills always had us dressed and on the court.

Helen Boyd: whose brilliant and sometimes surprising intercepts startled everyone.

Haylie Thomson: whose great shooting skills

even surprised herself.

Kirsten Lomas: one of the loudest, but one of the most needed players on the court.

Jody Oliver: She had the skinniest legs on court but they never stopped her from helping our team out with the odd victory.

Nicola Gatenby: with such a little body she still managed to zap around the court with little effort.

Aloma Middleton: who at first was the emergency Goal Shoot for the team. She impressed us all, so we decided to keep her on. Sharon Brunton: whose efforts were always appreciated.

On behalf of the team I would like to thank Mrs Stokes for giving up her time and coaching us and Azure Netball Team for putting up with us.

Hockey

Boys' First Eleven

This year boys' hockey enjoyed its most successful season for many years. We ended up sixth in the South Waikato competition. The basis of the team remained the same with four newcomers, Paul de Quaasteniet, Scott Ngarotata, Robert Rogers, and Wilfred Cortesi.

The highlight of the year would have to have been the mid-term tournament at Whakatane, where we were runners-up in the final to Taradale. It was a close battle but eventually Taradale prevailed. At Taradale, however, we reversed our defeat and beat them 3-2.

The climax of the season was the tournament on the artificial surface in Wellington. This was a great experience for all, especially as most of us had not played on a water based surface before. The tournament was the India Shield which is the second highest trophy able to be won in schoolboys' hockey. We finished ninth equal in this tournament, which was the top of the bottom half.

A big thank you must go out to the Derhams Mr Derham for his superhuman efforts in coaching us and his managing skills and Mrs Derham, the ever present supporter and chief cook and nurse on away trips. Also thanks to Mrs McConnon for her help in managing the money at indoor hockey and for her sideline support.

• **WILLIAM JOHNSON:** With his uncanny knack of stopping flying balls with his stick, a tremendous goalie who saved many goals.

- **THE TETZLAFF BROTHERS:** Matthew and Andrew were extremely solid in defence and could always be relied on to halt attacks from the opposition.
- **JADE HUDSON:** A player who just keeps on improving. A reliable member of the team always turning up to practice and games.
- **PAUL DERHAM (vice-captain):** The most talented member of the team by far. He never ceased to amaze us with his spectacular ball skills. Often he would dribble the ball from one end of the field to the other and score a goal. He will go very far with his hockey.
- **WILFRED CORTESI:** Played a vital role in the team's play. A dynamic player, equally capable both on attack and defence. As a fourth former he should be able to establish a permanent position in this team.
- **PAUL DE QUAASTENIET:** He enjoyed running with the ball and often (especially if he hadn't seen much of the ball in the game) would take the ball off his own players. A good winger who stayed wide... most of the time.
- **SCOTT NGAROTATA:** The youngest and smallest member of our team with the biggest mouth. After the first practice we knew it would be difficult to shut him up. Scott was a nifty little player who often dribbled the ball through much bigger opposition, much to their surprise. Has a bright future.
- **STUART MCCONNON:** Our little right winger has a lot of natural ability however, this year

did not quite reach the heights of previous years. Another player who has an exciting future in the sport.

- **ROBERT ROGERS:** He managed to amuse everyone with his impersonations and noises. Rob was a hungry centre forward, always in front of the goal waiting to snap up any opportunity. If we can get him to play for us again next year he will once again play a major part in the success of the team.
- **MALCOLM ELDER:** Was unable to play for us for a large part of the season, but when he did play he left his mark, scoring a number of goals.
- **GERARD KEIGHTLEY (captain):** Played an invaluable role in the forward line using clever strategy (often so clever even his fellow team members didn't know where the ball was going). He will be greatly missed. All in all it has been a marvellous year and we should be in for an even better one next year.

BACK ROW: J. Hudson • R. Rogers • M. Tetzlaff.

MIDDLE ROW: W. Cortesi • A. Tetzlaff

• P. De Quaasteniet • W. Johnson • Mr Derham

FRONT ROW: S. Ngarotata • P. Derham

• G. Keightley (capt.) • M. Elder • S. McConnon.

Hockey

Girls' First Eleven

1989 proved to be a brilliant season for the First Fifteen Girls' Hockey Team.

We began our season on the back foot because Helen and Brigid were not available for the Opening Day Tournament. However, we still won the B Grade Competition and were promoted to the A Grade. Throughout the season we played strong games to be placed third overall in the Rotorua Schoolgirls' Hockey Association Competition.

Our first tournament was in Whakatane. This was a successful weekend away. We came fourth, shocking everybody and losing the semi-final game by a mere short corner. We also travelled to Auckland to play Glenfield High School and Rangitoto College on the Astroturf; — this was for many of us our first experience on an artificial surface. The team performed well and the games were thoroughly enjoyed by all. We did plan to go to Gisborne for the August Tournament, but, unfortunately, this was cancelled due to the unavailability of players as well as injury so instead a team that consisted of First and Second Eleven players

travelled to Rotorua each day to fill a gap that had been created there. Other away games were in Taupo, an indoor 7-side in Rotorua and the annual 7-side tournament here in Tokoroa.

The team:

Maria Ives: Maria improved tremendously through the season gaining skill and confidence. No doubt she will return to the team next year.

Kylla Rutherford: A truly gutsy player, Kylla was determined to win the ball and could always be relied on for sound defence.

Lena Kuttel: Lena gave each game she played everything she had, her determination and fiery play was evident on and off the field — it was a shame she spent so much time on the side line due to injury.

Brigid Ives: Brigid was a real asset to the team. Her skills in the goal had to be seen to be believed; this was proved when she stopped three penalty strokes in the same game.

Louisa Bartley: Once again Louisa was always there to back up the forwards and

support the backs. Whenever something did happen to go wrong for her she would handle the situation well by sitting down on the field and giggling!

Rachel Priscott: Rachel was a recruit to us from the Second Eleven, she played well.

Faith Barber: A determined player who gave a total effort in every game she played and who supported the team well both on and off the field.

Jacquie Hudson: This girl was nearly knocked out and spent several hours in an Auckland Hospital. Then she got Glandular Fever, but when she played, she showed her skill and versatility.

BACK ROW: H. Farr • A. Hudson • M. Troon

• J. Hudson • F. Barber. **SECOND ROW:**

Mr Seymour • R. Priscott • L. Bartley • B. Ives.

FRONT ROW: M. Ives • K. Rutherford • H. Derham

**FOR FRESH FISH
AND TAKEAWAYS**

Rosebery Mall

Hockey

Monique Troon: A very capable back who preferred to be a forward. However, no matter where she was (and you could always hear where she was) she played to the best of her ability.

Heather Farr: Forever yelling for the ball, Heather was the top goal scorer of the team. Her skill and speed was a force to be reckoned with.

Elizabeth Pembleton: Sadly Elizabeth left us to go to Canada to live just over half-way through the season. However, she was a reliable back and provided the team with a few laughs.

Amanda Hudson: There was a fierce competition going on between Mandy and Heather for the title of top goal scorer and even though Heather won, Mandy gave her a run for her money.

Helen Derham: The Captain of the team. Her skill will be sadly missed next year. Helen pulled us through everything in one way or

another and did a great job throughout the season.

Our utmost thanks should go to Mr Des Seymour our wonderful coach who encouraged, growled, never gave up and was always there when we needed him. We hope that you will come back next year to do the same.

To Mrs Priscott our Manager who followed us around wherever we went and supported us with first aid, and sideline support, — a big thank you.

We would also like to thank Mr Derham for organising the many away games that we all benefitted from and Mrs Derham who supplied us with food on these trips.

Thank you also to the players from the 2nd XI Nicola Stinson, Leanne Bleakley and Marianne Elliott who filled in for us whenever we needed players.

Last thank you to our supporters especially to Mr Barber who turned up every Saturday

without fail and the Boys' Hockey First Eleven who displayed loud vocal support during all our tournaments together.

Overall a very enjoyable year that proved to be rewarding, enjoyable and entertaining for all team members.

Girls' Second Eleven

At the beginning of this year when thirteen of Forest View's most determined Hockey players received the news that they had made it through the highly competitive, physically and mentally demanding selection process and had earned the great honour of calling themselves the Second Eleven there were mixed feelings.

Along with obvious pride and exhilaration at being chosen for this elite group of sportswomen, we all felt the heavy burden of a long tradition (since way back in 1988). A tradition we hoped that we were capable of continuing.

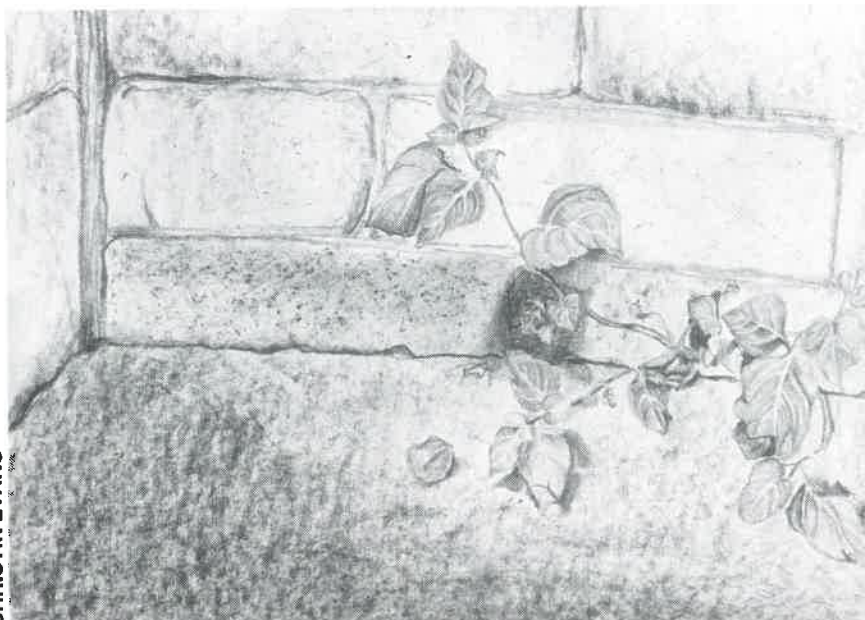

And in the face of vicious rumours to the contrary, we members of the Second Eleven would like to make official our claim to a perfect, absolutely spotless record.

Not even the toughest opposition ruffled our cool, even the Rotorua Girls' High School Social Team failed in a valiant attempt to slip us up but we fought back and managed to complete the season as we started it, without one dirty mark on our score sheet, without one win to our name. We did it with the style and grace unique to the special type of sportswoman found only in FVHS 2nd XI.

We all learnt that despite what everyone tells you about laughing at yourself, laughing at others really is more fun.

We learnt that some people have no manners — we tried to tell them that they had their own coach to abuse and that it really wasn't fair that they take away our special privilege!

But above all else we learnt that winning isn't everything, as long as we could bribe Mrs Priscott into taking us to McDonald's anyway!

CHRISTIN EVANS

Rugby

First Fifteen

1989 was set to be a very interesting and important year for Forest View's First Fifteen. Many of the Team from last year were returning with another year's experience behind us. Brian Morrissey was returning for his second year as coach with Dene Mullins and Sonny Jobe assisting him and Brian Williamson once again managing the team.

The season got off to a very hard start with the Tokoroa High School game first up and our coach overseas. The Team gave its best in that game but was outplayed in most facets of the

this year that we would get a chance to win against Tokoroa High School. The improvement from the first game to this one was amazing and was shown in the result. Forest View led at half-time 3-nil but eventually the size and strength of the High School forwards wore us down with the final score being 13-3. A vast improvement on our first game.

As usual there are certain people we must thank for their help and without whom we couldn't have had a team. We thank Brian Morrissey, Dene Mullins, Sonny Jobe and Brian

- **DARREN POMARE (Fullback):** As last line of defence Darren was a major part of the backline and was often called upon to do his duty. His commitment was great as was shown when he dived at the ball and suffered a blow to the face which required eight stitches. A tragic blow to his playboy image.
- **MATTHEW KEIGHTLEY (Wing):** A severe leg injury but Matthew out for most of the season but when he did play he showed buckets of untapped talent. Will be an essential member in years to come.

game by a very competent Tokoroa High School team which went on to hold the Tricolor Trophy. The final score was 29-7.

From then on the Team had a fifty/fifty record with some memorable performances like the game against Hamilton Old Boys' High School when we held them to 11-4 which was a good effort considering the size advantage. The trip to Taradale was a successful one with the Team continuing its three year winning record against Taradale.

The Tricolor Trophy is the most sought after trophy in First Fifteen Rugby and it worked out

Williamson for all the time and effort they put in both Saturdays and training nights. Mrs Williamson did a great job as our liaison teacher and without her we would have been in trouble and with any luck she will continue next year (hint hint). The ladies in the kitchen did a great job and we had some beautiful meals. Last but not least we would like to thank our ball boys Ross Wallis and Kevin Shailer for the continual dedication to excellence. Finally we would like to wish next year's team and coach Roger Edwards all the best for a great season.

BACK ROW: Mr D. Mullins (assistant coach)

• R. Kelly • B. Murray • B. Jobe • J. Shailer

• Mr J. Jobe (assistant coach). **THIRD ROW:**

Mr B. Williamson (manager) • M. Keightley

• J. McLean • R. Rangi • A. Maisey • W. Sinclair.

SECOND ROW: Mrs Williamson • G. Wallis

• T. Edwards • M. Risbridge • G. Ford

• Mr B. Morrissey (coach). **FRONT ROW:** C. Gear

• P. Neil • D. Pomare • S. Franklin • T. Hayes

• K. Mitchell • M. Putoko.

Brian Morrissey Menswear

Rugby

- **MATTHEW RISBRIDGE (Wing):** Matthew's athletic talents were a great asset to the backline as he had pace to burn. Matthew's commitment to the team was total right down to his aerodynamic hair-cut to assist his lightning speed.
- **MOSIE PUTOKO (Wing):** Another pacy player who complemented the strength of the inside backs. Tackling was another of Mosie's qualities as shown in Taradale.
- **ANTON MAISEY (Wing, Centre):** Imported from another source part way through the season, Anton was quick to impress scoring two tries in his first two games. Ants continued to improve as the season went on.
- **WAYNE SINCLAIR (Centre):** Wayne was half of the heat seeking combination in the centre as a certain player from Cambridge will testify. His gain in size from last year showed in his games this year. His experience was invaluable.
- **CHRIS GEAR (Second Five Eight):** The other half of the heat seeking device this robust player showed an awesome fend and tackling ability. Chris played some brilliant games and proved to be a menace in both defence and attack. Chris's temperament set an example to the rest of us.
- **TOMMY HAYES (First Five Eighth):** Tommy compensated for his lack of experience with

his goal kicking prowess. Tommy was a quiet member of the team but will be a valued member in the future.

- **KENNETH MITCHELL:** Quiet member of the team who let actions speak louder than words. Kenny could tackle anything and had a dog like, lock jaw grip when in control of the ball. Highly motivated player.
- **BRENDON MURRAY (No.8):** Under Brian's coaching Brendon was able to improve immensely and his skills were demonstrated in the Tricolor Trophy match with Tokoroa High School.
- **STEVEN FRANKLIN (Flanker):** Steve was our captain this year and once again led by example all the way turning in some blinding performances. Steven was often one of the smallest players in a game but made up for

size with his gutsy performances.

- **GEORGE FORD (Hooker):** George got his nickname from his Samoan background and the fact that there probably isn't anyone in Waikato rugby with a harder head. George is a strong, deceptive player forever in the heart of things and ripping the ball. His skills were invaluable along with his encouraging words.
- **JASON SHAILER (Flanker):** A big player with a big heart, Jason never backed down from a challenge.
- **JASON McLEAN (Lock/Flanker):** Jason was one of the bigger boys of the team and proved to be a real asset. Jason kept other players in the team going with his high energy level.
- **BRETT JOBE (Lock):** More of the tall timber. Brett had another good season and was selected for Waikato Under-16's. Brett often provided some inspirational comments. Quote from game against Tokoroa High School, "We can beat them, we've got brains." Good luck for School Certificate Jeckle.
- **RANGIORA KELLY (Lock):** Rangiora continued the Kelly representation in the First Fifteen and proved his quality in his first game against Cambridge. He will be at school for a while to come and looks good for the future.
- **TODD EDWARDS (Prop):** One of the younger members of the team but with excellent attitude and skill level. Todd was a real force to be reckoned with. Todd's fitness was a goal for the rest of us to aim at. Will be a key player in years to come.
- **PHILLIP NEIL (Prop):** The big man of the team was an inspiration to all with his strength and speed. Phil kept improving as he did last year and his commitment both on and off the field was admirable.
- **GLENN WALLIS (Hooker), RICHARD RANGI (First Five Eighth, Centre, Wing, Fullback):** These two dedicated players were an inspiration to the others.

Rugby

Second Fifteen

This year the second fifteen has had what can only be described as an "interesting" season (see ancient Chinese curse). We had a brief moment of glory, lost half of the team (the big half) and suffered an abrupt change of coach but we did finish the season with honour more or less intact.

The season started well. Mr Peters was a keen coach and the team surged to victory. So overwhelming was the power of these lads that the team was promoted to the second division. The seconds were recognised as a Superior Force.

Alas, cruel fate stepped in. Anton and Mosie were promoted, Thomas went to Australia, Greg lost his motivation, Tony fell in love (he was spotted lurking around the netball courts), Paul defected and Mr Peters was unable to carry on because of work commitments. No-one knows what happened to Daniel.

But in our darkest hour those who remained showed their true colours and made a magnificent recovery. Aussie returned to the fold and new hope was born with the arrival of the "boys" — Simon, John, Mike, Steve, Andrew and Marcus. Chris and Heta became coaches and with the experienced help of our stalwarts Wayne and Toia the team survived to see out the season. Even Rodney survived.

It is true that we had some minor setbacks. It was a pity that Andrew shot his foot off and the great fundraising hangi was not a total success, but let us remember instead the highlights. Let us remember Izaac's dynamic tackling, Rusty's bionic boot and the very real effort that everyone made to ensure that if all else failed we had a good time.

Thanks to the good nature and good humour of the team and the coaches it was a fun season. Already plans are being made for a "comeback" in 1990.

Now if only we can all remember to bring our boots to games...

BACK ROW: J. Gorban • E. Togia • T. Fletcher

• R. Nickel • T. Aiturai • G. Fletcher.

THIRD ROW: • C. Bramall • R. Phillips

• T. Cottle • M. Waretini • T. Togia

• A. McKenzie. **SECOND ROW:** C. McKenzie

• I. Davy • J. Te Whaiti • R. Kapoor

• G. Wilton • S. Dobbyn • S. Te Nahu

• Mrs Price. **FRONT ROW:** R. de Vorms

• W. Takave • S. Solomon • W. Robb

• N. Watts • T. Moke • M. Walker.

Badminton

The Badminton Club enjoyed a quiet season this year, entering only the Tokoroa YMCA Business House Competition which we won!

A team of 11 members went up to the Waikato Secondary Schools Championships, everyone played well, but no-one made it through to the finals.

Several round robin tournaments were played during the season and were enjoyed by all who participated.

Next year we look forward to organising some more inter-school games to give us a chance to meeting and playing with other teenagers.

BACK ROW: C. Shaw • Y. Hejl • M. Hudson

• A. Johns • F. Shilton • Mrs McAlonan.

FRONT ROW: M. McAlonan • R. Franklyn

• K. Davy • L. Gibbons • C. Paterson.

Table Tennis

Brendon Dickinson, Andrew Dickinson and Johnny Tsai were the members of our Table Tennis Team which came second in the Waikato Area and won the Primary Grade.

This is the second year we have had a Table Tennis Team, and for a relatively new team they have done well.

Golf

Two teams of four: D. McKenzie, D. Jennings, W. Robb, G. Ireland, W. Franklyn, J. Williams, J. Terpstra, B. Dickinson — took part in the Waikato Secondary Schools' Tournament in May 1989.

The tournament was played in torrential rain; well over 3cms fell during the course of

the game. Most greens were under water making putting almost impossible. both teams played extremely well considering the conditions but were unplaced.

We also took part in the Eagles Golf Tournament at Te Puke Golf Course in the last week of Term II. Team: D. McKenzie, D. Jennings, G. Ireland, W. Franklyn, J. Williams, J. Terpstra, B. Dickinson, S. Hawkins.

We played in fine weather but there was a strong cold wind. The tournament was played under the stableford points scoring system.

J. Williams gained third equal place as an individual player. Both teams were in the top half of the final places list.

Orienteering

There were three Forest View High School teams competing in the Central Districts Secondary Schools Orienteering Championships. Although no pupils gained a place in the top ten (individual), everyone ran the quite physically demanding course with vigour. The event was held at the Redwoods, 10 minutes out of Putaruru, on the 26th of April.

The results were as follows:

- FVHS N.1 — 7th TEAM OVERALL: Total Time: 79:10 D. Adlington (19:34), D. Haugh (20:05), D. Sneddon (21:51), M. Haugh (17:40), M. Banks (28:23)
- FVHS No.3 — 11th TEAM OVERALL: Total Time: 103:58 C. Farrar (24:01), C. Shaw (27:59), G. Kuttel (28:29), R. Miller (23:29), M. McAlonan (28:46), M. Adlington (DNF)
- FVHS No.2 — 12th TEAM OVERALL: Total Time: 105:36 A. Bergs (24:08), S. Singleton (37:24), J. Slade (26:34), S. O'Sullivan (26:51), R. Burnett (29:22), N. Pearson (28:03).

Equestrian

On the 10 April the Forest View High School Equestrian Team travelled to Kihikihi to compete in the Waikato Inter-Secondary Schools Horse Trials. To their credit they were the only team that finished all their dressage scores, and gained third place overall from a total of 16 teams where the competition was very strong.

The riders who took part were Claire Weston-Arnold, Kelly Ryan, Penny Burgess, Monique Troon and Erin Bates.

In October the Equestrian Team will compete in a Showjumping Competition at Cambridge. Kelly Ryan has now left so Paula Thomas will be joining the team.

We thank the parents, Mrs Weston-Arnold, Mrs Burgess, Mrs Troon, Mrs Bates and Mr and

Mrs Judkins for their help and support at the Horse Trials in April.

Forest View High can be proud of its Equestrian Team for their commitment and enthusiasm.

Christine Haugh
(Team Manager)

The team and its supporters would like thank Mrs Haugh for her time and effort which resulted in a happy successful day.

Soccer

Boys' First Eleven

The team started the year well defeating Cambridge High School and St Peter's decisively. Full participation at a weekend training camp proved worthwhile.

The team competed in the very difficult Waikato Secondary Schools' First Division throughout the winter term. All the games were very close and competitive with narrow winning or losing margins. Sadly, continual injury or unavailability problems meant we virtually never fielded our best or even the same line-up.

The members of the team owe considerable thanks to Mr Huddleston who coached, transported, encouraged and at times even refereed us.

BACK ROW: P. Downes • G. Ranger • C. Depree

• G. Ireland • K. McPherson. **MIDDLE ROW:**

• J. Scott • R. de Fillipi • B. Graham • N. Wiles.

FRONT ROW: M. King • M. Cole • R. Kamphius

• S. Pitkethley • A. Wood.

Girls' First Eleven

We played in the rain, in the wind, occasionally in the sunshine, but the name of the game was mud, mud, mud! We also had heaps of fun, and some of us can even remember winning a game! While we have plenty to learn about skills, we feel our tactics leave nothing to be desired. We were:
Tracey Brear: Tracey was a great captain.

Whenever there was a penalty, she would 'delegate' everyone else to stand in front of it — while she ran the other way. She was always cheerful and determined to keep up the team spirit. Thanks for a great job, Tracey.
Lisa Jacobs: We helped Lisa to become the best goalie in the age group. She probably had more work than anyone else, fetching balls,

saving goals, diving around in our goal-mouth, saving more goals....

Rian Siebring: Rian was our portable weather forecaster — she could tell us what the weather looked like for days ahead. She certainly looked very impressive in the back line and a few games in the forwards left everyone, including Rian very confused! As she developed more confidence her co-ordination improved.

Gina Pearson: After one of her more violent clashes with the business end of a soccer boot, Gina decided that soccer can be just as dangerous as hockey. Despite her various injuries, she could be depended on to turn up to every game, and it showed in the way she improved.

Kim 'Lost my contact' Morgan: Developed great tackling skills as well as the occasional ball skill — just like the rest of us! She always tried her hardest.

Kim 'Rambo' Brear: With her famous trademark, Kim seemed to be all over the field at once. Nobody, neither us or them, seemed to be sure just where she'd turn up next. She has many years of great soccer ahead of her and she'll be a valuable asset to whatever team she's in.

Dana 'Splits' Evans: It's kind of hard to

BACK ROW: J. Wiles • M. Stretch • R. Siebring

Men's and Boys' Outfitters

remember Dana doing anything else apart from sitting on the ground — in the mud — and giggling. On her rare bursts of energy she did show a lot of promise, and helped set up some great attacks, pity we couldn't finish off.

Elaine 'He's only a boy!' Osborne: When we could drag her out from behind the bushes, Elaine showed remarkable marking skills. De-Arne 'Why are we playing my old boyfriend?' Short: De-Arne played brilliantly after being winded, and always gave her best in every game.

Katrina 'Mouth' Short: Perhaps her hardest job was controlling her mouth; she answered back the ref, the coach, the goalie, the spectators, her sister, us... She worked well as the centre forward, and was always involved in the forward attacks.

Terri 'Rough Stuff' Everest: Beware of Terri doing her stuff! She struck fear into the hearts of the opposition, as well as providing light entertainment in one of our more violent games!

Renee 'Oops, I scored a goal!' Morgan: Renee has the distinction of scoring the first goal of the season — pity it was for the other team, eh Renee! Renee showed a lot of determination and was voted by the coach 'the most improved player'.

Melanie 'Boof' Stretch: When this 'lady' stepped on the field the opposition started shaking in their little boots. Despite being responsible for the retirement of more than one budding young football star, Melanie showed a lot of promise, maybe as a prop (1st XV you have been warned).

Janine 'I'm not playing next to my mum' Wiles: Janine had great determination and followed her partner around everywhere, she also scored a great goal, much to the surprise of everyone.

Our team would like to thank our coach, Mrs Wiles, for putting in the time and effort of coaching us, as well as the U-15 team and their coach for practising with us. Also the guys who filled in for us and thanks to our spectators.

Boys' Under Fifteen Soccer Team

The under-15 boys' soccer team had a good season. Our team started the year with a draw, but won all the other games until we faced Tokoroa.

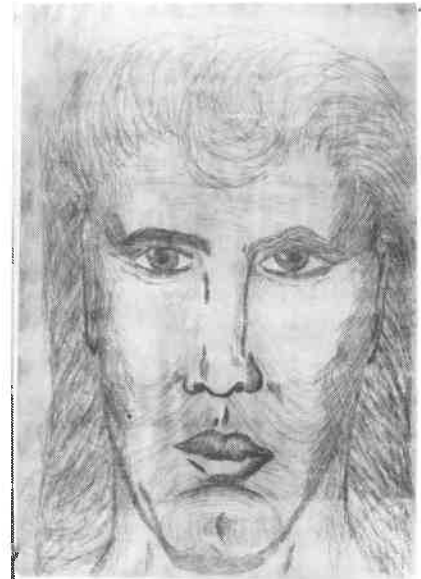

We lost that game by a goal, and it was the second game of what proved to be a heated and exciting confrontation with Tokoroa.

We played one representative game at Taupo and won.

There was a lot of good team spirit, and communication, and a lot of the players are young and will be playing in the same side next year.

The girls' team almost beat us in one of the games, the goals were scored amidst a barrage of verbal abuse coming from various mouths around the pitch.

The under-15 side won the competition, and the Tokoroa team had to face a very angry coach. We finished the season with a round

SHARON JUDKINS

WENDY DE VORMS

robin, and went up to School and had a barbecue and a game against the parents.

It was a very enjoyable season, and everyone in the team would like to thank Dr Wiles for his time and commitment towards the team, and those parents who helped with transport.

Squash

The pupils departed Tokoroa in the school mini-bus at 9am on Sunday 13 August.

After an uneventful trip we arrived in Auckland at 11.45 and checked into the Glenview Motel, then continued on to the Squash Centre at Te Atatu for the Managers' Meeting.

The tournament started at 1pm with first round games for the lower seeded teams.

The entries for the tournament were surprising with 43 boys' and 32 girls' teams (215 boys and 160 girls, not including reserves). This required 365 games of squash a

colossal task given only 2½ days.

The boys' first game was against Wellington College who had beaten Christ's College in the first round. The result between Forest View and Wellington College was a win to Forest View.

The third round game was against Thames High School who were very confident of equalling the feat of the Thames girls' team who had won the competition for the last two years. Unfortunately Forest View lost the encounter but only just at 9-7 in the fifth game of the fifth match. An exciting and close game.

This then placed Forest View in the Special

Plate against Hutt Valley High School who were just not strong enough for Forest View. The boys then moved through to play King's High School from Dunedin and again we were too strong for them.

The final of the Special Plate was Forest View against Southland Boys' High which was a different game to the two previous ones. The Forest View team was a tired group after playing the four previous games and could not keep up the effort and was beaten.

With all games being completed at 3.45, prizegiving commenced and whilst the team did not win a prize Jason Lord was lucky to win a squash racquet (value \$100) in a ballot.

The team then left Auckland at 4.45, arriving here in Tokoroa at 8pm and all pupils were dropped off home.

The tournament continues to grow in both size and quality of competition and offers the opportunity for all school pupils to participate, regardless of their individual skills. It was good to see the involvement, sportsmanship and friendship.

Manurewa High School were the winners in the boys' section and Kaitia College won the girls'.

Results: Wellington College: T. Cottle 3-0. P. Derham 3-0. J. Lord 3-1. G. Ranger 3-2. J. Spear 3-0. Thames High: P. Derham 3-0. G. Ranger 3-0. J. Lord 0-3. J. Spear 1-3. T. Cottle 2-3. Hutt Valley High: P. Derham 3-0. G. Ranger 3-0. J. Lord 0-3. J. Spear 1-3. T. Cottle 3-0. Kings High: J. Spear 3-0. P. Derham 3-0. J. Lord 0-3. G. Ranger 2-3. T. Cottle 3-0. Southland Boys: J. Spear 1-3. P. Derham 0-3. J. Lord 0-3. G. Ranger 3-1. T. Cottle 2-3.

BACK ROW: Mr Singlewood • J. Spear

• T. Cottle. FRONT ROW: P. Derham • J. Lord

• G. Ranger.

Volleyball

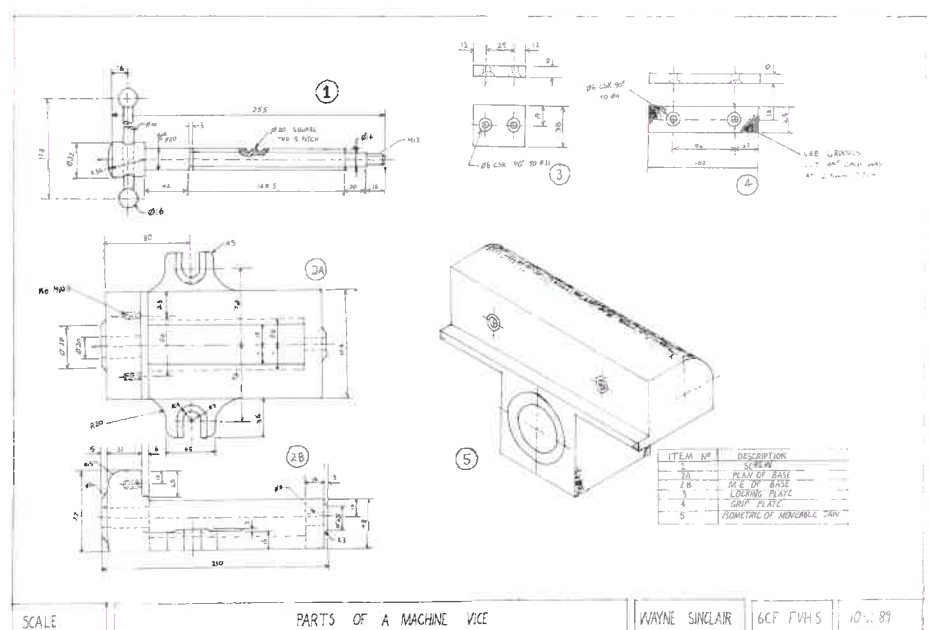

GIRLS: Helen Derham, Lorna Pakura, Browning Tau, Rouru Aiturai, Kahu Simmonds, Metua Rio, Deborah Siulepa.
BOYS: Michael Gielen, Johnny Tsai, Tim Fletcher, Thomas Pihema, Rangiora Kelly, Richard Siulepa.

The two volleyball teams each had only one game this season, playing against Taradale High School in the inter-school exchange.

Although both teams went down, we played extremely well against teams which played in a regular competition, and had regular practices and training.

We did ourselves proud considering we had only a few lunchtime practices and the majority of players were inexperienced.

All players showed spirit and enthusiasm which almost made up for the lack of skill.

Tennis

We continued nurturing Tennis within the School again this year. We sent another team to the Waikato Secondary School Championships in Hamilton early in the first term.

Junior boys were Aaron Tapsell and Richard Cuttriss.

In the Intermediate Boys', Malcolm Elder reached the finals in the singles but narrowly lost. Michael McAlonan and Corey Solomon played in the doubles and had some hard games.

Tommy Hayes played in the senior boys' singles and reached the semi-finals. Greg Peters and Greg Rangers reached the

quarter-finals in the senior boys' doubles and played extremely well.

Jacque Hudson and Melanie Graham played in the intermediate girls' doubles and came runners-up in the plate.

Cara Patterson played in the singles and did very well reaching the semi-finals. Stephanie O'Sullivan and Tepua Holmes reached the quarter-finals in the senior girls' doubles and Lisa Jacobs reached the semi-finals in the singles.

Overall it was an excellent effort by the team and once again a smaller school made the grade!

Stephanie O'Sullivan

BACK ROW: Mr Whatarau • M. McAlonan

• G. Ranger • G. Peters • C. Solomon • M. Elder.

FRONT ROW: M. Graham • L. Jacobs

• S. O'Sullivan • J. Hudson • C. Paterson

Our A.F.S. Students

In 1989 we had three AFS students. They all go back to their various home towns at different times in 1990. We thank them for coming to Tokoroa and wish them all the best for the future.

Some words from each of them follows:

Hi! Fellow students. It has been a very pleasant year for me. I'm very glad to have been accepted and to be one of you; I enjoyed studying together and mucking around together with my Seventh Form Class. They are so different from my school mates in Hong Kong. The relationships between the students and the teachers here are so informal, it was quite a surprise my first time in class. Despite a bit of hassle at first, they are all very special, having typical kiwi characteristics which I will never forget.

Thanks for teaching me all the practical "language" for daily use. It has been helpful in mixing with others.

By the way, I will go back to Hong Kong in January, and I will play more rugby, and let others know there is such a fantastic and beautiful country in the world.

All in all, I want to thank all my Seventh Form mates and teachers for supporting me and being so nice to me. To all the other friends in other forms I just want to say thanks. I will cherish all these memories.

If you see me again in New Zealand, don't be afraid to say "hello mate!"

If you travel to Hong Kong give me a ring: 5 - 8194 - 611.

Love from Johnny

Hello, my name is Christy Will. I am the AFS student from California. When I first came to school in August, I felt like an "alien" because of the way people stared at me. I have some great friends now and I really feel a part of this school. Even though it rains here all the time, I think New Zealand is beautiful. I love how green everything is. I have had some great times here, like the ball, geography trip, Rotorua, Auckland, and Taupo trips. I am looking forward to experiencing much more too. I am especially looking forward to travelling during the summer.

To answer the question most asked of me here: schools in the States are not like the TV programmes "21 Jump Street" and "Head of the Class".

I will never forget you! Love always Christy

Hi! It's Ricky here. (This is how you spell my name, not Ricci). I'm from Italy in the south of Europe.

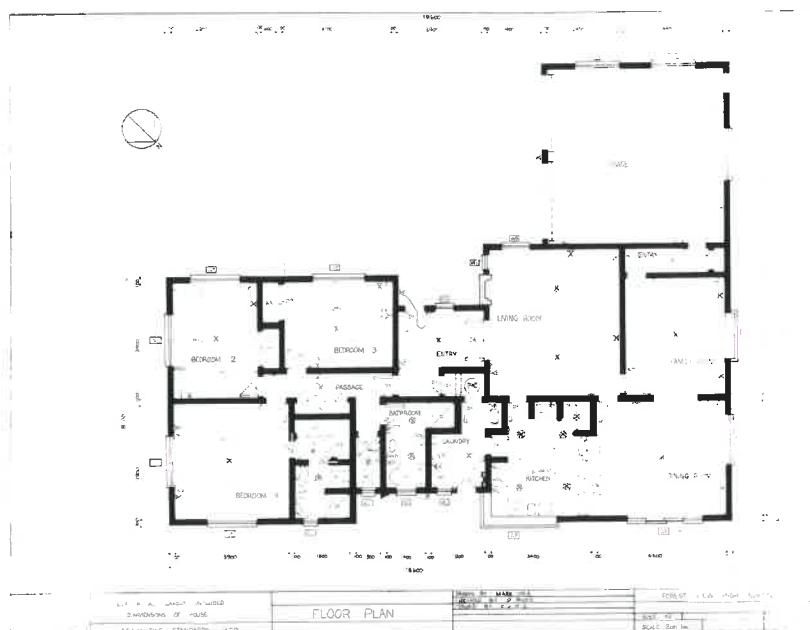

I arrived here on 17 January 1989 and after 13 days I had to start school, which was bad for me.

The first day of school I was really worried about the people, some of them were so scary. I must have sounded like a Martian. But after a while everything became easier and I got on pretty well.

This year, the sports I played were soccer and volleyball and I really enjoyed them. I had the chance to meet new friends.

Well, at least, I would like to thank all the staff and school especially the Seventh Formers and some of the Sixth and Fifth Formers.

Thank you for the best experience of my life. Goodbye, Ricky

Form Seven Geography Trip

On April 11th a group of 21 Seventh Form Geographers went up to Tongariro National Park.

We stayed in a lodge belonging to Te Awamutu High School.

On the day of arrival we were dragged along a track to the Taranaki Falls. Despite all the moans and groans, the tramp proved to be very interesting — the waterfall was a great sight — walking behind it proved to be a drenching experience. The sparkling fresh water was a welcome, if freezing, relief for parched throats.

Day two proved to be everything it started out to be — freezing cold and very wet. We were dragged out of bed much too early after a hard night's work, and set out on a walk in the rain and wind. No Mr Dowdle — it was a wind, not a "breeze".

Many of us overcame our fears of vertigo while scrambling up loose scoria faces; with about one metre's visibility. Yes, scary to say the best, although everyone eventually managed it. More than one person aimed scathing looks at Mr Dowdle who persisted in saying, "this is nothing compared to tomorrow".

The next morning was one which no-one wanted to arrive. Mr Dowdle was consistently inundated with threats of death, (from Jenny Slade and her survival knife), and threats of boycott from almost everyone. We all agreed we did not want to climb Tongariro — especially in the rain. But our protests were all to no avail.

A group of very reluctant tramps set off in the vans, or should I say "set off in one van and a half" — due to Mrs Price's 'unfortunate' accident the previous afternoon (driving the Derhams van into the back of the school minibus). At least there was one incident which proved to be a source of amusement — thanks Mrs Price!!

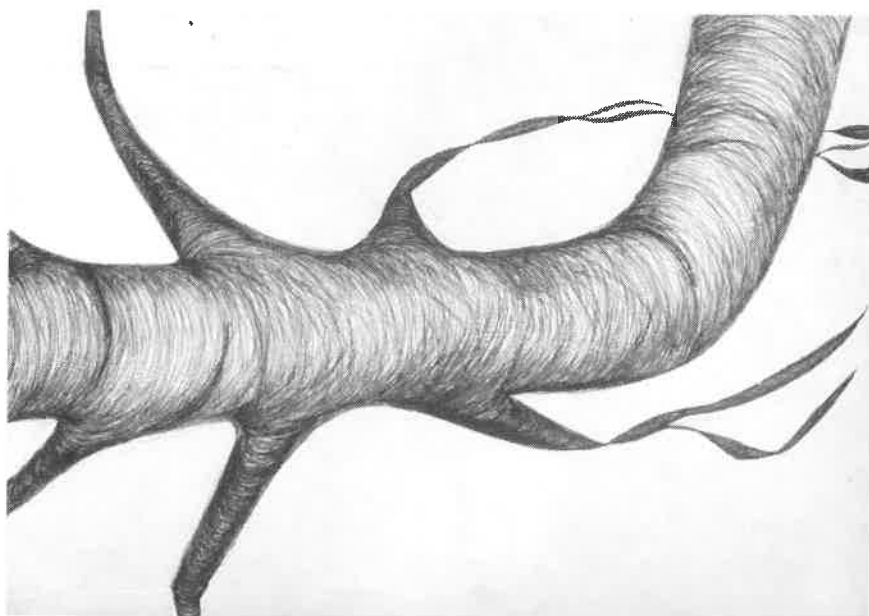

Although we struggled up the mountain — the saddle first of all, and then Mount Tongariro the experience was exhilarating for most of us. Despite the rain and snow, the views were quite fantastic. The red craters, and the Tama lakes were brilliant. The weather had cleared considerably and Mr Dowdle said it was the best view of the seven times he'd been up there. It was definitely worth the struggle up.

The walk down was a lot easier than the tedious climb; we managed to run the last kilometre or two.

Relaxing in the hotpools that night before coming home was a welcome relief for aching legs and buttocks!

The assignment work we were given was quite a chore, but most people learnt a lot — even if it was just to appreciate the beauty of the mountainside, and the incredible processes which have formed our environment. Many of us were in awe of the magnitude and colour of all the surroundings. The many worn hamstrings, calves and buttocks, (the list goes on) did not detract from our satisfaction and sense of achievement in getting to the top of Tongariro.

Thanks to Mr Dowdle and Mrs Price for an enjoyable trip — even if the enjoyment was not there on the actual trip, but afterwards — reminiscing and remembering all that we achieved and saw, when the pain had gone!

KIM HICKEY

Speeches

On 17 August a number of budding public speakers gathered to give of their best.

As usual nerves ran riot, but every speaker did give his or her best delivery and the competition was strong.

The Senior Speech title went to Helen Derham with a speech on Apartheid, followed closely by Shawn Gielen who gave an amusing account of "How to Get A Ball Partner."

The Fifth Form title went to Nicholas Watts.

The best Fourth Form Speech went to Claire Weston-Arnold, followed closely by Lance Mulu. Rachele de Bazin was the Third Form Speech winner.

All speakers delivered a high standard of speech and had put a lot of work not only into the delivery, but into their content.

It's always hard to speak in front of a number of people, but each audience appreciated the 'guts' it took for the competitors to give their speeches and showed their appreciation by listening and applauding. It was a pleasure for most to be there.

Foot's Furnishing & Flooring Centre

Maori Cultural Group

This year has been a very eventful one. We have experienced a lot of Maoritanga in these past terms during the time we have spent in the School's Maori Cultural Group. Our Tutor, Mr Whatarau, has taught us many basic techniques which are a must for Maori Culture performance anywhere.

We hope to expand the Maori Cultural Group next year and we hope too get a lot of support and enthusiasm from our fellow pupils and their parents.

The Maori Group has on numerous occasions performed and has taken part in, many gatherings. One of these was at Mangakino's 'Te Pouakani' Marae. The four schools that attended the hui were Mangakino High School, Putaruru High School, Tokoroa High School and Forest View High School. This was to help the four schools get to know each other better.

We also went to the opening of the Whareniui 'Tia' at the Taupo-Nui-A-Tia College. The people who attended the marae opening got a lot out of it and thoroughly enjoyed mixing with pupils from the other schools that attended.

The Maori Group helped to perform the Haka

Powhiri for their new Principal at Tokoroa High School.

We have fundraised for quite a number of things, including costumes and props and we have also just started fundraising for a proposed trip to Adelaide in next August's holidays! At the time of printing we have on our agenda for the rest of the year a hangi, a 'batons up' and a performance for the Senior Prizegiving.

We have enjoyed this year and we have increased the number of pupils in the Maori Group. Next year we hope our group numbers will increase even more.

Kia ora tatou!

The Senior Ball

After weeks of planning and talking, the School Ball Committee finally got their act together. As the days drew nearer, hordes of people were seen congregating in the School Gymnasium.

Once we received our instructions, we set to work on the difficult task of making flowers and stars. After these tests were completed we turned our artistic talents to sophisticated and extremely vibrant wall hangings.

So after hours of hard work, Saturday finally arrived. We got to the Timberlands by half past nine and, after several re-shaping ceremonies with the murals, plus a few rude gestures with the balloon blowing machine, the hall was set.

After months of build-up, the night finally arrived. Students and their partners arrived

dressed in all their splendour. In some cases students were unrecognisable. We sat and were entertained by 'Trax'.

Dinner was served then the rest of the night was filled with endless photos and dancing.

The teachers at the ball chose Katrina Buckley as the Belle of the Ball and Matthew Risbridge as the Beau. The best couple went to Alannah Lupe and Mosie Putoko.

The ball ended at twelve o'clock when all the Cinderellas and Princes went home to change from their ball clothes, into their jeans and shirts and adjourned to the after ball party.

Workday

To keep up tradition Forest View's Workday, the 4 October, was a day of torrential rain. Nevertheless, the Forest View troopers plodded on in search of employment, to raise money for their beloved school, and to help members of our community. Tim Fletcher, chairman of the Workday Committee said that the school will eventually raise about \$6800 once all the money is collected. This is more than we expected, and he is very proud with the effort that both the teachers and pupils made. The School Council wanted to find out what the pupils wanted to spend the money on. To find out this information the Pupil Council conducted a survey, which allowed pupils to vote for what they wanted. This was the order in which pupils voted.

- 1st Stereo System for Gymnasium
- 2nd School Magazine
- 3rd Pupil Telephone
- 4th Maori Culture Group
- 5th Scoreboard for Gymnasium
- 6th Typewriters
- 7th Radio for Minibus
- 8th Computers
- 9th equal Canoes, Basketball Scoreboard, Printer card and cable for Remedial Reading
- 12th Computer - Commerce Department
- 13th Non-fiction books for the Library

It was decided in a Council Meeting that we would spend the money on these things and try to go down the list as far as possible. The pupil telephone has been abolished because of the impracticability of it.

1989 Workday, as always, was a successful one. If it wasn't for the Workday Committee, the co-operation of the staff, and the pupils it would never have been possible. Thank you.

Tracy Brear

A A Young Drivers' Training Course

The sixteen people who were chosen from a long list of applicants met out by the bike racks on Thursday morning. They were immediately split up into three groups. The first group was shown basic car maintenance; refitting fan belts, changing tyres, filling radiators etc. Group two watched videos on defensive driving and listened to one of the instructors talk about the A A and what it does. The third group went for a drive down Baird Road so that the instructor could assess everyone's driving ability (or lack of it!) The groups swapped around, and then swapped around once more so that everyone had a chance to attend each of the three activities.

After lunch everyone piled into the cars and drove down to the Sportsground. When they arrived there the cones were set out and turns were taken driving around or over them.

Day two (Friday) was spent driving around cones at the Sportsground, practising three point turns and backing around cones. Then those who the instructors felt were good enough were allowed a drive on the road to attempt to get three months reduced off their learners' licences. Six people were successful at this!

Lots of thanks to Mr Singleton, the teacher in charge, and the one responsible for organising the course.

Richard Hendra

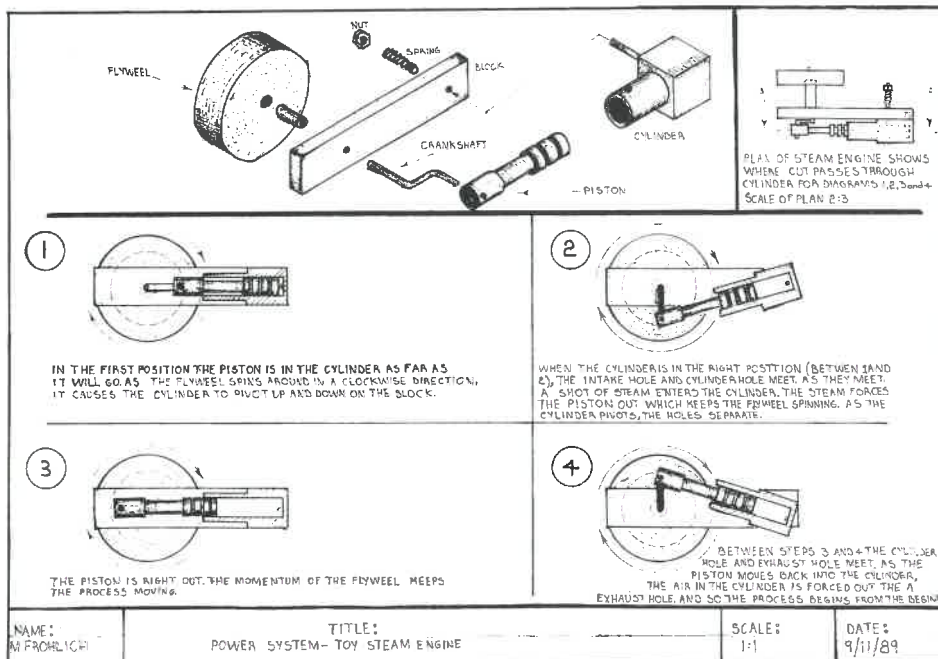

The Choir

This year's choir has managed to keep up the excellent reputation we have had among other schools for our singing ability. In the annual Choral Festival held in Hamilton we were still able to compete well against bigger schools which have music as an option.

We sang a variety of songs ranging from 'The Muppet Show' theme song to 'The Phantom of the Opera'. We also sang for a wide range of audiences, from primary children at the Tainui School Combined Schools' Festival to Forest View's senior prizegiving.

Fourth Form Camp

140 fourth formers left Forest View for Totara Springs Christian Camp near Matamata for four days of the unknown. One of the buses broke down on the way, which wasn't a good start.

Everyone was into their first session that afternoon. Weatherwise it was great. After the initial moaning about the groups they'd been placed in, everyone entered into the spirit of the camp i.e. co-operation. They had mixtures of feelings about abseiling, canoeing, the confidence course, with its flying fox, and the walk to Firth Tower. The orienteering course

seemed to lose about as many as the tennis balls lost at tennis! Frustrations could be released on the rifle range and on the jigger. Mrs Priscott aimed to drown as many in the swimming sessions, but failed in her task. The only person nearly drowned was Mrs

Sommerville in the fountain. Mr Dowdle proved to be an expert on the horses and Mr Dale was a whizz on the go-karts. The fourth form camp proved a rewarding time for Mr and Mrs Crawford. One of the better sights was Mrs Stokes at the top of the abseiling tower, always so patient with the most terrified.

The class competitions covering basketball, volleyball and indoor hockey between the pupils and staff of Totara Springs was a torrid match won by the pupils. The mismatch of the camp was between the Forest View staff and Totara Springs staff in indoor hockey. Forest View certainly didn't win!

It was a happy camp except for idiot earlybird who seemed to think he had the task

of waking everyone up with "Good Morning Vietnam!" Only problem was, he couldn't tell the time or know the difference between night and day.

Perhaps the highlight for one pupil was the goodnight kiss he got from Mrs Priscott — especially seeing her twist her ankle in the process. You're still not forgiven, P.D.!

It was a weary group who wended their way home on the Friday, but all felt it was a much better way to end their year than being confined to a classroom.

Ms Trigg's Transition Group

1989 has been an interesting and informative year for the students in the transition class. At the beginning of each term we discussed the things we wanted to do and the people we wanted to meet. Looking back over the year we have accomplished a lot.

At the beginning of the year most of us were very shy and not certain about how to meet people or introduce ourselves. We practised doing this in role plays first. We invited people to the school to talk to us and we visited many places around the town. At the end of the year all of us feel much more confident when meeting new people and different situations.

During the year we have learnt about the legal requirements and the pitfalls and advantages of flatting or renting from a land agent. We were surprised to find out how much it cost to set up a flat and how hard it is to cope on a small wage. We have had regular cooking sessions so that we can survive when we leave home.

We have discovered how many people and agencies there are in Tokoroa to help people if and when different problems arise once people leave school. We have visited or received visitors from National Society for the Alcohol and Drugs, Marriage Guidance, St John's Ambulance, Women's Refuge, a legal firm, The Labour Department, Police — Youth Aid officer, Social Welfare and the Family Counselling Centre. A doctor and a district nurse provided information and answered questions on sex education.

We visited David Henry Primary School for a week during transition time and assembled maths equipment for the primary students.

Many of us have taken Links courses through the year. Some of these were for general experience, such as Personal Presentation, Self Defence and First Aid. Other Links courses have given us the chance to see what is required in different jobs, such as Food and Table Preparation, Hairdressing, Catering,

Car Maintenance and Gas Welding.

Some students have taken part in work experience at a travel agent, a motorcycle sales and repair business and a general store.

We are finishing the year discussing the grief process so that we can understand our own feelings and the decisions we may have to make when we experience it in our lives. You can see we have had a varied, interesting and worthwhile year.

My Pop

*In the shadow of the patio,
The old man sleeps,
His dreams are peaceful thoughts of his long
happy life,
His dog is lying as still as if it were an old
coat,
The only sounds to be heard are the merry
voices of young children next door, and the
monotonous sound of the cuckoo clock, tick,
tick, tick,
The old man dreams of the old days, of the pub
crawls and brawls, the voluptuous women
with rouged cheeks,
Like the first red apples in season,
The dog now stirs, restless from sunstroked
flies around him, he moves like a tired old
drunk,
To where the shade is spread out under the old
fig tree,
The day is near its end,
Ready to retreat and let the night win.*
CARMIN MEAR (6ST)

The Beauty Seen Through The Eyes Of The Child

*The rosy cheeked child, skips along happily,
With not a care in the world, zig-zagging from
one puddle to the next,
The raindrops drip from the overhead oak
trees,
Falling softly, like balls of diamonds,
It's a wet day, the sun and wind were flying,
The whole world looks like its been carefully
washed in silver, and sprinkled with bits of
diamonds
The sheer ecstasy with which her booted foot
came down in each puddle told of the depth of
capacity for happiness,
Her face shows a look of admiration,
The light suddenly breaks over her head, she
was drenched in light,
It was a glowing warmth that reached even to
her toes,
The world shone and sparkled as though God
had suddenly bent down and put a fresh polish
on it, just to please her,
The light steps of the child fade away,
Silence again,
The trees sway,
The raindrops slowly evaporate with the new
sun,
This beauty goes unnoticed once more.*
CARMIN MEAR (6ST)

The Sea

*Noisy and furious, but yet quiet and calm
Dark and misty, but yet crystal clear
The changing mood of the sea
Smashing and breaking over the eroding rocks.*
KELLY WILLIAMS (3WO)

Rap, Rhyme and Poetry

*Rap is a kind of poetry
It rhymes, has a beat
But when Rappers come out to sing
The poets are ready to retreat.
Rhyme is a lot like rap
Only without the beat
But poetry is different
It's clean cut, tidy, neat.
Poetry is upper class
Rhyme is for kids
But rap can make the most serious
Go wild, flip their lids.
SEAN REVELL (3WO)*

"Girl In Red"

*Plump girl
Your red dress overflowing the seat
Gaze averted from the floor
Will someone dance with you?
The band strikes up
A roisterous tapping tune
Men leave their seats to walk hawk-eyed
and pounce on female prey.
Laughing couples filter onto the floor
Until again, there's only you
Left sitting alone
With your short hair and plain face.
You sip your drink
Hands folding and unfolding in your lap
Bland face, a mask of unconcern
Hiding your inside prickly hurt.
Couples foxtrot the floor, eyes flashing
Flung out dresses sweep by your seat
Touching your stiff, red isolation.
Alone you drive the long road home
Where on the porch
One small light beckons you
You're inside isolation
Girl in red — do you weep?
KATRINA BUCKLEY (6WL)*

MATTHEW RISBRIDGE

Silence

*Silence is broken
by
the eternal dripping
drops like tears
drip down
into the silver sink.
Outside a sparrow chirps
and whistles
hunger strikes
the ginger tom
pounces —
thrusting forth.
Stabbing
Blood spurts
like the tear drops
and the tap drips
Silence is broken once again.
JOANNE HAIR (7CA)*

ELECTRIC HEROES

*Elimination was the game
Looming out of the dry ice
Electrifying you with his stare
Crashing into your eardrums
The sound takes hold
Radical clothes only with
Isometric designs and
Cruel vocals.
Holding you with the chorus the
Electricity flows through the stage
Rocking beat vibrates the room, its
Okay if you're crazy
Elimination was complete
Stupendous was the word.
MEGAN ROBERTS (4SI)*

Creative Writing

The Last Leap

Silence moves
across the grassed hills,
The deer
is content,
eating.
The mood changes,
The birds are quiet...
Looking up
The deer freezes.
The beat of his heart
is visible
near the front of his chest,
His muscles are as tense
as the rock by which he stands near,
Panic settles on him
like a blanket gently engulfing him
Sinking into flesh and
reaching the very inside of his bones,
His shadow sways slightly
against the background
of a blood red sunset.
In a swift move
The deer leaps
his energy radiating
unleashing power
His form
is silhouetted against the sunset
Midair,
for what seemed a longer than possible instant
And as he crashes to the ground,
in an ungraceful heap,
his life blood gushes from him
His eternal spirit
hovers
then floats
away.

*Crashing blue waves
white crests foaming high against
the navy blue sky.*

MANU JONES (3DL)

Volcano

*Heated molten rocks
explode into cool mid air
the loud explosion.*

MANU JONES (3DL)

In Memory of Childhood

*Brightly painted pictures
Lie rotting by the road
Scraps of faded writing
In some forgotten childhood code
Battered dolls and teddies
Who once were loved so well
Now they lie deserted
If they could talk what tales they'd tell
Infants tattered schoolbooks
Of which they once were proud
Home made cards and presents
All abandoned in the crowd
Scattered bits and pieces
Exchanged for something new
Toddlers' games and stories
All left behind when children grew
Lost among the rubbish
Cast aside with odds n' ends
The beginning of a lifetime
Rorsaken for new trends.*

LISA JACOBS (7CA)

The Earth

*The Earth is like a ball
Full of life
Just waiting to be kicked
Sitting there in the middle of the Universe.*

RICKY BARRETT (4ML)

Spider

*Beady eyes moving
Silent quiet creeping crawling
In search of his prey.*

A. ANDREW (4ML)

Birds

*Perched on the old cowshed
Resting
Cows
Standing still on the green grass
Eating
Mt Mangatautari
In the distance
Motionless*

SHAUN MEACHEM (4PR)

War

*Blood and gore
Bullets flying
Tanks rolling
People falling
Village burning
BOOM
Death and destruction
Quick*

*deploy more men to be killed
It is all meaningless
Quick media
your men are getting killed
What's it all for??*

*What's it going to prove?
Why why why why why why why??*

GLEN BURGESS (3DO)

Outdoor Pursuits Centre

Remember the first week in May? — It rained, and when it wasn't raining it was hosing down! But did this daunt the spirits of our intrepid group — well only slightly. In fact by day three, the wearing of wet socks, wet jumpers, wet long-johns and wet hats had become so fashionable that many could hardly wait until the overnight camp to sport the ultimate — wet sleeping bags!

40 pupils from Third to Seventh Form gathered on a nearly dry Sunday afternoon. Most were going for the first time, but gluttony for punishment saw Rouru Aiturai, Natalie Boss and Claire Weston-Arnold returning for their second visit — and committed masochism made Todd Edwards return a third time.

Todd was desperate to make the trip more difficult, and managed to gather a group of nine others who were fitter, keener or more gullible than the rest to go with him. They could be seen marching around camp at the double. They had to climb higher, walk faster, go further — and fall harder — than everyone else, and baby of the group Kylla Rutherford matched them at every step.

'Mountain day' saw us all heading into the Mangatupopo Valley, in a cattle truck euphemistically described as a bus, to scale peaks or cliff faces. Mr Crawford and I tagged onto a group intending to climb Mt Ngauruhoe. A long but interesting walk up the valley was punctuated with snippets from local Maori history by Dave, the group leader, and by heavy showers of rain. The 'saddle' was reached at lunchtime and the group decided to go for the top — I chickened out, my six month pregnant belly would go no further. We watched until they were mere specks on the conical peak before turning back for a walk in the rain back to the 'bus'.

Each group had a day on the river — kayaking and tubing — having lots of fun in the water — they were going to get wet anyway. This was topped off by a visit to Tokaanu Hot Pools so the water fights could be continued in warmer climes.

A day around camp saw groups trying the confidence course — 'as easy as falling off a log' — and that is exactly how it started. They also had a go on the 'swing' — a jump into a

void and the ultimate test of nerve — the flying fox. Back at camp there was a climbing wall and a bouldering wall for more confidence building. A walk up streams to the caves, where they crawled through streams in the darkness with only the glow worms for guidance, was often included as a treat!

A heavy emphasis was placed on the water — they were going to get wet anyway, so they might as well make a good job of it.

Thursday to Friday was reserved for overnight camp. Each group chose its own destination and what they wanted to do when they got there. One group opted to climb Ngauruhoe, one went to the caves another through the river and one to the bush. Each group made their sandwiches for lunch, tea and breakfast the next morning, and each group squashed them into bags, too small to contain them. They packed all their wet gear, donned all their wet clothes and went out into the wet weather — to enjoy themselves — and they did.

It rained from the time they left until they came back the next day.

By 11 o'clock on Friday three groups had returned — most with a wet sleeping bag to add to their list of wet clothes. The last group came in so inconspicuously that we did not see their arrival until they were under our noses. They seemed to be wearing most of what they had walked through! Yet more water was involved as the entire group was hosed down before being allowed near the showers.

This left a short time for cleaning up before it was time to leave — and guess what? It did not rain — in fact the sun came out and shone gloriously all the way home!

Post Script: Todd Edwards has been selected by OPC to take part in their "Odyssey Coast to Coast 1990" — A 15 day west to east crossing of North Island from New Plymouth to Wairoa — climbing mountains, cycling through valleys, rafting and kayaking down rivers and generally making life difficult for themselves in Taranaki, Matamateonga, Tongariro and Kaimanawa on the way.

— We'll think of you Todd while we're at the beach!

Mrs S. Crawford
