I would like to thank the following people for their assistance in the production of the

FVHS YEARBOOK 2003

Mrs Standen
Mrs Longbottom
Mr Steven
Yearbook Committee

A big thankyou to all you students and staff who contributed articles for the yearbook. Without you this would not have been possible.

Cover photography and layout by Mr Sims with contributing artwork by Raynee Anderson-Pitman Year 9

EDITORIAL

The time is 1.00am in the morning and the Yearbook for 2003 is almost coming to a close, after a long and somewhat arduous period of chasing up articles, sorting, photographing, typing, cutting and pasting, and almost on the brink of giving up due to constant frustration. Nevertheless, here it is!..... All I can say is that I hope this gives you an insight in to the events of the past year both amusing and serious and you can look back in years to come and feel proud to be a part of Forest View High School. Stuart Sims Editor.

BOARD OF TRUSTEES REPORT

Students at Forest View High School have many opportunities to become involved in a range of activities throughout their years at this school. A glance through this book will show the many sporting, cultural and academic events that have occurred this year. We are proud of the individual and team successes in these areas and also of the level of participation in these activities.

Last year's focus was on the introduction of the new NCEA qualification. NCEA Level 2 has been smoothly integrated into the curriculum due to a strong foundation built last year. The results for the first year showed that students and staff worked together in getting the most out of the new system with many students achieving well beyond the 80 credit national target for Level One. These results reflected one of the strengths of this school in that staff have a real interest in individual students and make efforts to ensure that they achieve to their potential.

Improvements to buildings and grounds this year have included developing the food technology room, automotive workshop, and the darkroom/art workroom remodel. More students now have the opportunities of learning in these areas due to the modernisations of these facilities. Next year there will be classes offered over the internet to students who would otherwise have to learn by correspondence. A classroom is being developed this year to accommodate this style of learning.

The school is in strong financial shape due to sound budgeting and good management. It is also well staffed and while we are sorry to farewell some excellent teachers at the end of this year, their replacements are highly trained and experienced. The Board appreciates all the extra-curricular work that staff is involved in as well as their dedication to their teaching commitments.

I would like to acknowledge the commitment of all Board members to Forest View High School. We look forward to an equally successful year in 2004.

Mrs Heather Rice
Chairperson

PRINCIPAL'S REPORT

At the time of writing this article our Mixed Touch team has just returned from the World All Schools Touch Championships where they came 2nd and I have received an e-mail from the school who hosted them. It says : "Please convey onto your Principal how wonderful your students were. They were a delight to meet, extremely polite and were great ambassadors for your school. Their skill level was a treat to watch and added to the great spectacle of the World All Schools...." It was great to get an e-mail like this in which people from outside our area recognise the wonderful qualities of our students, and this is typical of most reports I receive whenever groups of FVHS students go on a trip somewhere. It shows that our three Forest View values of Respectful Relationships, Aiming to Achieve, and Positive Participation, are really working. Congratulations to not only the Touch team, but also our many other students who are great ambassadors for our school.

2003 has seen the introduction of National Certificate of Achievement Level 2, and this has been successful. Teachers have received their training and are now experienced at Achievement Standard assessment. Some students have completed Level 2 even before the external examinations. Many students who did not complete Level 1 in Year 11 have completed it during their Year 12 year and started Level 2. The system is working well, and we look forward to introducing Level 3 in 2004. It has been great to see the interest from students who are keeping a tally of their credits and aiming to achieve. We were very pleased to see that one of our students Fiona Mathis gained 208 credits in

Year 11 and was one of the top 20 students in New Zealand for number of credits gained.

There have been several sporting highlights this year. As already mentioned , the Mixed Touch team did really well in the World Tournament. They will also be competing in the NZSS Champs in December. Congratulations to James Kamana who has played in the NZSS Rugby team for the second year in a row. He was also selected for the NZSS Mixed team along with Rosalia Tolovae. Former student Haysley Metu was selected for the NZSS Mens team. Monique Williams was again selected for the NZSS Athletics team, and has qualified to compete at the World Junior Champs in Italy next year. Matthew Handcock and Katherine Brown have represented NZ in Rollerskating. Our Under 14 Rugby team won the Waikato competition. Our A Netball team won 8 games out of 9 at the North Island SS Tournament. Congratulations to all of these students and the many others who have attained placings or representative status at National or Regional level.

During the year we had the official opening of the Performing Arts block, and were treated to some awesome performances, and many of the "older generation" were able to "groove" along to this year's very enjoyable School Production. Other cultural highlights were our A Debating team coming a very close second in the Waikato competition and Ailsa Wilson qualifying for her A Mus A Degree in Piano. We also celebrated the 10th year of our exchange with Kurayoshi Agricultural High School, who specially brought over their Taiko Drumming group in honour of the occasion.

A sad time for us was with the sudden passing of our School Kaumatua Mr Ned Amopiu in August. Koro Ned had become well known and respected by our students, and he had only recently returned from travelling with us to the Waitara Sports exchange when he died. Our school members were proud to be involved with his tangi.

You will read about the many things happening at Forest View in this Yearbook. Thank you to all of those involved in putting it together. Thank you to the Board of Trustees and the Staff for making all of these opportunities available, and thank you the many Forest View students who are (in someone else's words) "wonderful", "a delight to meet", and "great ambassadors for our school".

Robert Blucher

HEAD BOY'S REPORT

This year has been very interesting. Everything has gone so fast it's unreal. It has been a tremendous privilege and honour to have been chosen and to have served as the Head Boy of such an awesome high school. A high school in which I have obtained many valuable life lessons and memories that will forever be with me.

At first I thought there was nothing to being a head boy, a position that was just like other student rep positions, only more important. They said it wasn't an easy task and in fact quite a challenging one. I kind of brushed off such profound talk and expected fun and happy days. The truth of the matter is that I can straight up and honestly say that it's not all fun and games being a head boy, as can be expected with any role of leadership.

It has been a challenging year, a year in which I have stepped out and also been pushed outside my little zone of comfort, tasting firsthand what it means to be a leader with huge responsibilities and expectations. It was brilliant!

Being under close observation from many eyes, in and out of school, was another aspect of the position which was hard to adapt to. However the star like popularity, status and attention I received was pretty cool and I must admit I loved it. Even so, just like every member of the Iwunze tribes old and present, I remained very humble.

Being the head boy this year has allowed me to partake in events and do things that I would not normally do or attend, and the awesome thing is that they've all been wonderfully great. Be it speaking in assemblies, taking part in ANZAC day celebrations, attending the Young Leaders Conference, making decisions in the Student Council and many others, these events, procedures and dealings have all been terrific aspects of my year. Sculpting my personality and character, opening my eyes allowing me to see the wider picture.

With all that this wonderful position has brought I have grown incredibly as a person. The levels of maturity, boldness, self-discipline, motivation, understanding and initiative have all been dramatically increased.

I could not have been here and have done all of these things if not for the grace of almighty God and to whom I am forever grateful. I thank him so much.

Thanks, all of you students of Forest View High School who have supported me extensively. You guys helped put me here and I am so very grateful. You are all wonderful and incredible students, making my job a heck of a lot easier. Thank you all!

To the management team and staff members, thank you all for your support and confidence in me. I really appreciate it. Especially to the wonderful Mrs. Clark and the crew of ACK, thank you all.

To the great head girl, Ailsa Wilson, thanks for making this job of ours easier and making things run smoothly. You have been an irreplaceable help. Thank you!

To the deputy head boy Terrique Treasurer and to the deputy head girl Carlie Yukich, thank you both for your unrivaled support and input. Ailsa and myself are very privileged to have you guys, and the awesome attributes each of you possess, made us an astonishing team. Thank you very much!

Last but not least I would like to thank all the remaining 7th Form students and friends. You guys are the last of an awesome and unique group of students and are the ones I have grown up with. This is our last year together and I will miss you all. Thank you all very much for your kindness, support and friendship, I am forever grateful.

With love I thank you.

May God be with and bless you all.

Luke Iwunze Jr.

HEAD GIRL'S REPORT

E Taurima, E Mahitama,

Tena Koutou, Tena Koutou, Kiaora mai nga tatou katoa

Well the end of the year is fast approaching and what I thought was going to be a very challenging year turned out to be quite enjoyable and very self rewarding.

My role as head girl allowed me to experience and learn a lot of new things inside and outside of our school. Being in this position, I have gained a number of skills and have overcome many of my inhibitions, which I believe will help me immensely in the future.

Speaking at assemblies was one of my many duties as head girl and certainly wasn't one of my strong points at the start of the year. Walking to the front of the hall, was like walking the green mile, but gradually over time, my confidence built and speaking at assemblies became a lot easier. Being a part of the ANZAC parade was also an awesome experience and a day to remember. As a representative of our school, along with Luke, Terrique and Carlie, we were given the honour of marching in the parade and laying the wreath on behalf of Forest View. This was one of my most memorable duties as head girl and something I was very proud to be a part of.

Being head girl at Forest View High School has been an honour for me and I am very proud and grateful to have, along with Luke (our head boy) represented the school. I hope I have lived up to your expectations.

The year 2003, I will remember as the highlight during my years at Forest View High. It has been a full on year, but I must say it has been AWSOME, and this is why I would like to take this opportunity to thank all the people who supported me the whole way through. Firstly thankyou to Luke for being an awesome head boy and putting all the hard work in to fulfilling your role. I admire you for this and the way you related to our fellow students. To the deputies, Terrique and Carli, for being there whenever Luke or I needed you, and helping out in our assemblies. You's are bombs! To Mr Blucher and Mr Ferguson and the rest of the staff, for all your encouragement and support. To each and everyone of my friends for backing me up and supporting me the whole way through my five years at school. Loads of memories I will carry throughout life of yours.

No reira,

Arohanui, Kia manuia, and God Bless

Ailsa Wilson

STUDENT COUNCIL

This year our School Council has aimed to promote a respectful environment for both students and staff to live in. Our council was formed at the start of the year and we met for a School Council Orientation Day. During the course of this day we organised how our council was going to work this year, what our goals were and what committees we wanted to establish. These committees have made quite a few changes this year a few of which have been outline below.

Radio Committee- The radio station was our school council project this year. There have also been eight new DJs trained up and I hope they will continue the radio station without any disruptions next year.

Social Committee- This year they did an awesome job of re-locating our socials to the school auditorium. There was also the introduction of themes such as Pacifica and 'Hats'. There were many changes made and the social committee did an excellent job this year.

Mufti Committee- Our aim for 2003 was to make the process of collecting the mufti money more efficient.

Fundraising Committee- From Work Day we earned over \$4,000 and this money went towards our council project and other things around the school. A big thanks to all of those people who participated in Work Day '03.

Special Events/Causes Committee- We sold around 200 bandanas to the students at school raising over \$800 for the Canteen foundation. In addition there was good participation for the 40 Hour Famine and the Ball Committee did a tremendous job of that night.

From here I'd just like to thank everyone who participated in the School Council or Committees this year, along with the Lake Leaders and Lake Councils. Thank you to Mr Fergusson for overseeing our council this year for the first time, and contributing many great ideas.

Kia Ora and Thanks
Carlie Yukich

ARAPUNI LAKE

Dean

Mrs S Hopkins

Assistant Dean

Mr L Earney

Tutors and Support Staff

Mrs K Standen, Mrs K Clark,
Mr P Millerick, Ms G Davis,
Miss L Longbottom, Mr P Arthur.
Mrs M Mathis, Mrs J Slade,
Mrs S Gibbons, Mrs J Brown,
Mr K Jeffs, Mrs S Cribb,
Mrs A Sefo.

2003 has been a busy, exciting and positive year for Arapuni. We have been lucky to have four "top" students as Lake Leaders to guide us through the year. Rosie Tolovae, Milos Blucher, Tairi Ford and Sam Hill all worked hard for Arapuni and can be proud of their efforts in boosting the Lakes participation in Inter-Lake activities and organising the Lake Council (Lake Day etc). Arapuni was also honoured with having both the Head Boy and Head Girl. Luke Iwunze and Ailsa Wilson have been excellent Head students and great role models for our School and our Lake. These six senior students have been amazing leaders for Arapuni – thank you guys for all of your work and energy!

Thank you also to the senior students who led our Juniors in the Peer Support Programme. ADa: Gabby Wooderson, Brodie Haugh, Ben Masters. AMi: Fiona Mathis, Amy Jones, Vicki Knox. ACk: Luke Iwunze, Bram Deutz-Ebeling, Kyran Uka. AAr: Sam Hill, Reid Ferguson, Jess Kelly, Aimee Ireland. AHp: Racquel Standen, Rochelle Hamilton. ASd: Ailsa Wilson, Milos Blucher, Tairi Ford, Jessica Rice, Rosie Tolovae. AEa: Charles McCaskill, Nicole Goosens, Michael Grant. This is an important part of making our Year 9 students feel part of our Tutors, Lake and School. Thank you and well done.

We farewell Rosie, Milos, Tairi, Ailsa and Luke as well as all of our wonderful Year 13 students and wish them all the best for the future – thank you for all of your participation and enthusiasm in Arapuni over the years.

Excellent results were achieved during Term One as we won the Athletics and put ourselves on top of the points table. It was great to see the huge

participation in the events, as well as the enormous Lake spirit – as seniors and juniors alike got into the theme of it all with banners, blue face-paint (on more than just faces!), balloons, blue costumes and sports gear; all standing out strongly.

Arapuni continues to be well-represented in all areas of the strong Forest View Inter-Lake rivalry. Debating was another successful competition this year with many of our students – senior and junior winning most of their debates. Well done to all those involved – keep it up for next year.

Netball, Basketball, Volleyball and Touch Rugby were all well participated in and enjoyed by all. Thank you to all those students who participated in these activities – your support is awesome!

The Baton of Excellence was back and awarded too many Arapuni students for their achievements in either the Lake or the School. Congratulations to Rannen Uka, Cameron Farrar (both Year 9 winners) and to Ailsa Wilson, Bram Deutz-Ebeling (senior winners). Any Arapuni student can receive the Baton – go for it next year!

We welcomed three new Tutors to Arapuni in 2003.

Mr Millerick (AMi) took over ARb; Miss Longbottom who began as our relief-Tutor soon became the Tutor of AHp and Mr Samuels joined the team as our other relief-Tutor, who left during Term Three.

Sadly, at the end of Term One we farewelled Mr Ereece our Dean who guided the Lake during the last year and a half. Mr Ereece is missed by all members of Arapuni. Mrs Hopkins replaced him in this role and is enjoying the challenge, ("not that it is a challenge, as our Lake is by far the BEST!!") while putting in place some new initiatives.

At the end of Term Three we also farewelled Mr Jeffs, one of our strong Support Staff members of Arapuni. We will miss Mr Jeffs wit and humour. Good Luck Mr Jeffs and try not to miss us too much!

At the end of the year we say goodbye (and good luck) to Mr Arthur. Thank you Mr Arthur for all of your work, both for our students and teachers within the Lake. AAr has continued to be a very good Tutor and his students will no doubt miss him next year. Mr Arthur leaves us for England and we wish him all the best for his travels.

A new initiative this year was the Inter-Tutor Detention Competition. Each term the Arapuni Tutors were challenged to see which group could get the least number of Detentions. AEa won the Term Two competition. AAr won the Term Three competition, while Term Four has yet to be announced. The winning group won a sausage sizzle. This will continue next year. Good luck to all Tutors for 2004.

2003 has been a year filled with success for many of our Lake members and I know that in 2004 our students will continue to achieve and participate

positively academically, culturally and in their sporting codes, both individually and as part of Arapuni.

Congratulations must go to our Arapuni students who found huge success in their codes: Ailsa Wilson for her amazing achievement in Music (Piano); the Under 14 Rugby Team, starring Collin Mathis (captain), Aaron Kelly, Jo Steele, Jacob Wright, Mathew Gall, Zane Boss, Jordan Magee and Jordan Heke, were part of the Under 14 Waikato Competition winning team; the School Mixed Touch Team was invited to go to the Worlds Comp in Brisbane, starring Rosie and Leleina Tolovae, Shontelle Stowers, Tairi Ford, Racquel Standen and Iteva Joseph as key members; the Chess Team, with Isaac Koopu, Delaney Meachem and Joseph Tuaiti (3 of the 4 members) gaining third place in the regional competition; Fiona Mathis, who received 18th place in New Zealand for the outstanding number of credits gained; Cameron Farrar, who was selected for U15 representative Boys Hockey Team and William Busfield who was in the Training Squad; Our Senior Debating A Team, starring Milos Blucher, Gemma Bright and Mara Blucher, (3 of the 4 members) came 2nd in the Waikato Competition and our Senior Debating B Team were placed 5th in the same competition, starring Fiona Mathis, Rochelle Hamilton; to the successful Young Enterprise Team, members Vicki Knox and Amy Jones (part of the company that almost made their first million \$ with the production of their Recipe Book); Collin Mathis, who was placed 2nd in the Waikato/Bay of Plenty Cross Country, won the Mid Islands and competed in the North Island Athletics Championships; Tommy Knight for outstanding commitment to both playing and coaching Soccer and to Leonard Morgan who has been named in the Under 23 Waikato Golf Team (second year in a row). CONGRATULATIONS!!

The following students deserve a big pat on the back for their 100% attendance records: Rory Standen, Abraham Deutz-Ebeling, Luvu Foiakau, Teresea Boss, Jessica Rice, Tairi Ford, Ailsa Wilson, Leonard Morgan, Chris Reid, William Goldsworthy, Reid Ferguson, Isaac Koopu, Haley Ratu, David Smyth, Shannon Murray, Edwina Wooderson, Stephanie Freeman, Amy Jones, Gabby Wooderson.

Arapuni is also lucky to have the support and guidance of its very special Tutor Teachers; Mr Earney (Assistant Dean) (AEa), Mrs Standen (ASd), Mrs Clark (ACk), Miss Longbottom (AHp), Mr Arthur (AAr), Mr Millerick (AMi) and Ms Davis (ADa).

2003? It has been an awesome year for Arapuni.

2004? "THE MIGHTY ARAPUNI" will be back stronger than ever! We are looking forward to the many challenges it will bring!

"BRING IT ON!"— the sharks will be in a feeding frenzy!

Mrs Hopkins and the Lake Leaders

The Cherry Tree

The cool material flowed beneath her young hands and pooled at her bare feet.

"That's enough I think" said her grandmother in her raspy voice. Moving down to earth with the speed of light, Paris slid into the light streaming in from the window and let her gnarled caregiver into her former place. "Paris you're such a dreamer! "What are you going to be like when you go back to school?"

"I only like writing, I hate the rest of school"

"You're just like your mother, lost in your own world, but I've got news for you sooner or later you gotta come out and ya not going to like it"

"I know grandma, I know." Sighing she walked over to one of the many boxes and began pulling out dress patterns idly.

"Grandma, why do you have so many boxes of dress patterns?"

"Because dear, when I was a young lady of twenty years or so I became a dress maker and I needed choice!"

Taking the material the short greyhaired woman walked stiffly away and went down stairs to work. Drifting back over to the window, Paris opened it and lent out letting the cool breeze tickle the warm attic and brush her face. The dress her grandmother was making for her was to be for her brother's wedding, she was to be the flower girl. It was so warm in the attic and the fragrance of cherry blossoms from out of the window floated in with the noise of a lawn mower and bumble bees in the garden.

A strange sensation over came her much like flying and the cherry blossom branches that had been right beside her a second before were now two stories above her, someone was screaming her name and crying hysterically. Closing her eyes Paris let the voices and sirens wash over her trying to find out what had actually happened. "she was in the attic by herself and she must have fallen asleep with the window open, when I went up to check....." So that was what happened Paris realised she

had gone to sleep then fallen out the window, but why was there no pain anywhere but her chest?

"Clear once more, one, two, three clear" floated into her mind. Slowly a light appeared in front of Paris and she saw everything from high above and as warmth surrounded her the cherry tree continued to grow smaller. Glowing wings swooped in front of Paris and were gone taking her life and all her memories with it.

"I'm sorry we lost her" said the voice in her mind the last thing along with the crying that Paris heard before the golden light consumed everything.

Rebecca Cook year 10

Effects of War

I've got to get free from this insanity.

The sound of gun shots ringing through my head.

**The flowers dead, wilting as the rage of war soon
shows its effects.**

**For miles you can see the bodies of dead soldiers
infested with flies, parasites and ungodly creatures,
feeding off their cold blood
the stench of death fills the air.**

**I've got to get free, to break out of this cell
that holds me.**

So cold and alone.

I feel my last breath filling my lungs.

**I stand there on the brink of insanity hoping that
someone will hear my last cry...**

"Freedom!"

Miss T Ford Mr N Treasurer
Mr L Matenga Mr W Tawha
Mr T Rikona Mr A Firestone
Mrs Smith Mrs S Salale
Mrs J Wiles Ms Fransham
Ms N Vazey Mrs McKinnon
Mrs J Maitland

Maraetai Lake has had a fun filled year. What a great start we had with the Athletic Sports. We achieved our goal of winning the participation points. It was so great to see everyone out there participating. Unfortunately we didn't have the same enthusiasm when it came to the Swimming Sports. I guess we could put it down to our modest nature!

Nevertheless, many students have worked diligently and conscientiously to attain various merit awards. Well done. We have also had some success in the lunchtime competitions. In particular with 9MA cleaning up the netball and basketball. Kia ora to all of the other year levels that got out there and participated. We have some brilliant young athletes coming through and I know that there will be a time in the not too distant future that we will make our mark on some of the major sporting events.

However, winning was not our focus for the year. Creating a great spirit within our lake was our priority. I am sure that this has been done. Who will forget Harry cleaning up the big boys in the spaghetti eating competition? Where did he put it? There have been other little initiatives that have all helped to build our lake and to highlight our uniqueness.

One unique feature of the lake is the Whanau Tutor Group. MHk, MTa, MMg – you are awesome. I won't forget the great trip we had to the snow and how I showed you all up on the ski field! (I wish).

MCh, MBu, MTs and MRe/MFo – all made up of wonderful young men and young women. Thank you for supporting everything that we have done in the lake and always remaining positive.

You have to admit, we have had a fantastic bunch of tutors. Ms Chemis, Mrs Blucher (Assistant Dean), Miss Ford, "Da Man" Mr Treasurer, E Pa, Mr Matenga and Mr Tawha. These tutors have given numerous hours supporting the students of Maraetai. We also have other teachers associated with our lake who have supported us fully. They are Mr Rikona, Mr Firestone, Mrs Smith, Mrs Salale, Mrs Wiles, Ms Fransham, Ms Vazey, Mrs McKinnon and Mrs Maitland. Also Mrs Redwood who left after term 1.

Who can forget our exciting Lake Leaders? Adam Tafau, Adam Koveskali, Wallace Revell and the little lady who could definitely hold her own with the boys – Robyn Wilson. Thank you for your efforts and all the best for your future endeavours.

Finally, thank you all for making my first year as Dean very busy but very enjoyable. I achieved my goal. I survived! I have enjoyed working with you all. I am sorry that I am always so busy and cannot take the time to sit with you individually more often.

Go out and take every opportunity that you have, especially at school. Step out of your comfort zone and try something new. You will surprise yourself. Remember that you have to believe in yourself and in each other. Ignore the stereotypes you face in life and always remember that you create your own destiny. Prove them all wrong!

Ohakuri Peer Support Leaders this year were: D Lee, L Titjen, K Goode, V Gorter, S Lancaster, C Yukich, C Bosely, E Millar, T Sandbrook, T Henry, R Ross, H Van Rijn, M Williams, S Christie, R Stevens, N Sneddon, M Karora. Peer Support is an important ingredient in trying to make sure Year 9 students are well supported in their first months at this school. A very successful section was the clothing made from newspaper and the students who modelled.

Ohakuri Yellow Ribbon: Talia Henry, C Yukich, T Sandbrook, K Goode

In 2002 the Lake competition was once again very close and it was with great excitement at Prize giving to hear Ohakuri had won the Interlake competition. We began this year well being 1st for Junior Prize giving and 1st for Junior Merits 02, and since have been 2nd in Athletics, 2nd in Cross Country and 1st in Swimming. This year again participation in Lake activities has been a focus. Lake spirit was shown by the number decorated with green paint and green hair dye! It shows our team spirit is alive and our Lake can be "TOO HOT TO HANDLE". The Lake Leaders have endeavoured to make sure we've fielded teams in all Inter-House sports. An excellent Ohakuri mural was painted in B Block at the end of 2002 by N Yukich, H Westbrooke, O Goode, and A Harker-Ferguson.

Lake Day was again a joint Lakes' effort and members of Lake Councils thought up ideas for competitions to make the day a success. The Social finished this day and the funds raised will be spent next year on our Lake.

At the beginning of the year we congratulated D Yukich and J Tairi on gaining B Bursaries and C Bosely, J Watts, T Sandbrook, V Gorter and S Martin for gaining excellent NCEA 1 results.

In the Athletic Sports C Jennings was 1st Senior Boy and M Williams 1st Senior Girl. Both were selected in the WBOP athletic team. Monique once again set new records not only in school but at regional levels also. At the NZ Under 18 Champs she was 1st in the 100, 200 and 400 metres. That and being a member of the NZ Secondary School team were great achievements. In the X-Country student who excelled were: Senior Boys - C Jennings 1st, D Lee 2nd; Intermediate Boys - A Flutey 3rd; Junior Boys- T Hastie 2nd; T Hill 3rd. C Jennings, D Lee, M Gorter, T Rees and G Collins were members of the Senior X Country team which came 2nd at the WBOP event. In Swimming T Keith was Junior Girls' Champion with S McGovern Runner-Up; P Joynt Runner-Up Junior Boys.

We are proud too of the 2003 'Ohakurians' who gained honours at NZ or higher level: J Kamana- NZ Sec. Schools Rugby and Mixed Touch; M Hancock - NZ Roller skating team to Oceania Competition; S Lancaster - NZ Piping; C Wallis represented Sth Waikato in Miss World NZ. Regional level Rugby - J Merrin; Q Cooper;. Duathlon - M Gorter; P Joynt; M Handcock; M Bosely and S Gorter. It was also good to see R Ross, T Henry, C Yukich coaching School Netball teams,

In cultural pursuits a large number of Ohakuri students contributed to the success of this year's Production. Well done to C Yukich, L Kelly, C Bosely, E Millar, T Sandbrook, N Yukich, C Mamanu, T Joseph, N Stairmand, R Cook, M Stairmand, S Naea, R Mihaere, K Middleton, N Tare-Jones, S Lancaster. In Debating C Yukich was a member of the very successful FVHS Senior debating team and N Stairmand, K Middleton, N Tare-Jones, R Cook and S Jansen in the Junior team. S and L Lancaster attended the National Pipe bands Champs, A Harker-Ferguson, R Richards and R Ross - Choir, T Henry, T Keith, R Ross -Polinetia Fa'atasi. C Mamanu represented the school well on the Kurayoshi exchange and S Martin was in Belgium for AFS.

Academically these students performed at high levels in the Australian Schools Competition. Computing - S Dowdle; English - M Stairmand; Maths - A Watts, N Tare Jones, N Stairmand, S Dowdle, M Stairmand, R Cook, K Middleton. For the annual Academic Exchange C Yukich, E Millar, C Bosely, N Tare-Jones, N Stairmand, C Mamanu, M Stairmand, A Watts, K Middleton, R Cook, P Joynt were selected. V Gorter, H VanRijn and T Sandbrook worked very hard as members of the Young Enterprise Scheme.

Gaining the most from all the opportunities FVHS offers is important. A significant number of students have done just this which is great. Ohakuri really wants its students to participate. A big thank you to the Ohakuri Tutors, supporting staff, Lake Leaders and students. We hope our leavers achieve all they set their minds to do. Best wishes for happy, successful futures.

The Shadow

*Following the shadow over the hills
and through the trees
Through the long grass and under the sun so bright
Listening to the whispering wind and humming bees
She is leading me towards the light
As we run through the crowd
The shadow is out of sight
Their chatter is harsh and loud.
But as I try to get out with all my light
The people have surrounded me
There isn't a way out.
But suddenly I can finally see
There is a way out
I find my way out of there
And find the shadow again.
She is waiting for me without any fear
But I can see her pain
Slowly she is disappearing
As the sun is going down
And the moon is appearing
Tomorrow I will see her hopefully without a frown.*

by Renee Mihaere Year 10

In The Beginning Was The Word !

The early morning siren from the local glass factory, break's the silence, summoning the factory workers to their daily shifts. People can be heard out in the street, greeting each other, as their footsteps quicken to beat the clock. Milk bottles clink as the new delivery is being taken in for the early morning brews and cornflakes. The once sleepy industrial town awakes to the sunrise over the shining slate roof tops , whilst acrid smoke puffs from the multitude of chimneys. The distinct smell of malt is in the air, as the brewery releases a large jet of steam from the massive copper vats, in preparation for the local brew.

"Will you drag yourself from your pit ?!" echoed his mum's voice all the way up the narrow enclosed staircase of the two up, two down terrace.

"I won't tell you again !" she shouted at the top of her piercing voice.

Eventually, after his mum almost lost her voice , Corky slid down the stair rail, landing in a heap on the cold lino at the bottom of the stairs. Limping over to the kitchen table, he finally slumped into the hard wooden chair, with a moan from the bruising of the dare devil rail ride.

Corky couldn't exactly be described as the model of cleanliness and tidiness. His unkempt hair spiked in all directions, whilst the tide mark on the back of his neck could easily be mistaken for a piece of body art. His frayed shirt collar , up at one side and down at the other, which had seen the best of it's days, was held together by a lop sided green and red tie, which had been used the previous day for his gang's game of Cowboys and Indians. Breakfast that day, was a large bowl of hot porridge, which Corky attacked with a frenzy. Half of the porridge crept down his tie in a congealed lump, whilst the remainder formed a halo on the table around his bowl. Just what can you do for a ten year old, who's only world revolves around his gangs fantasy games, and how much food he can force into his mouth in one go ?

Time for school and the dreaded 'Fanny Wallace.'

Corky lived around the corner from school in Grafton Street, and so was the first to arrive in the playground to claim the corner for his gang's Fort Apache.

The front door slams shut behind Corky, and it is now when he realises he's on his own in the big wide world. No longer is he in the safe environment of his parents and family members, but soon to be dicing with death, in the clutches of his teacher Fanny Wallace, The School Dragon.....The Five Headed Monster.....Adolphe Hitler returning with a vengeance.....Anything you could imagine that strikes fear into the hearts of an innocent ten year old.

As Corky worked his way down Grafton Street, hands in his pockets, one grey sock up and one black one down, his short woolly trousers half way around his knees, and the left over porridge from breakfast now transferred to his grey, worn and holey jumper, terror struck his thoughts. Was Fanny Wallace coming to haunt him ?

His smile turned to fright as he slowly and cautiously approached the mad German Shepherd, tethered to number 44's down spout. Luckily, it was sleeping, but no doubt it's sixth sense would awaken it, and Corky would soon be confronted by a barking, foaming mass of teeth straining at the leash, trying to sink it's huge incisors into Corky's tender young backside. His heavy, clumsy strides suddenly changed to dainty, almost ballet dancer type footsteps. The hard stone pavement transformed into a mass of sharp, jagged glass, as Corky moved past the snoring monster. Beads of sweat ran down his face, as he crept within an inch of his life. Number 46 soon became Corky's salvation as he escaped imminent death. With a sigh and a gasp he stopped, turned and looked back. There, approaching, without a care in the world, was the postman, oblivious to the ticking bomb outside number 44. Corky stood in amusement, as his smile started to reappear, and the sweat dry. It was as if time had slowed, as the postman approached, happily whistling a rendition of The Beatles, 'She Loves You,' shrieking from his pursed lips. With a lunge and a grab, before he could move out of the way, the monster's giant gnashers sunk into the soft material, tearing and ripping. A red patch suddenly started to appear and spread. Was it a result of the sharp, knife edges sinking into the soft flesh, or was it his funky red undies bearing all to the world. Corky never really got to find out, as the postman shot past him in complete silence, mouth wide open, uttering not a sound, with a look of terror and fear on his face. That was the last sighting of the happy chappy. Who was going to be the next victim of the number 44 Hound of The Baskervilles ?

Around the corner, and into Cambridge Road, a short stop at the news agents to see if his weekly edition of The Beano had arrived, and then almost at The Gates of Hell, the lair of the Fire Breathing Dragon, Fanny Wallace.

**In the beginning was the word, and the word was
.....Fanny Wallace.....**

Corky stood in front of the large wrought iron gates and stared up, in awe, at the intricate carvings along the lower roof line of the school building. The school was typically early 1900's, standing proud as a shining sample of the major developments of the late Industrial Revolution. Corky was at a major turning point in his educational career. Soon he would be moving on to a new school, depending on the results of his Eleven Plus examination. He could soon become one of the elite, entering the echelants of Grammar School and it's ancient traditions. It was make or break time for him.

The school gates creaked and screeched, as Corky pushed hard on them, and then reluctantly stepped through. The school yard was deserted, but yet the ghosts of screaming, excited children, running, pushing, dodging, haunted Corky's imagination. It would soon be transformed from a silent, hollow space, to a gladiators arena, with a shouting, screaming mass. Corky staggered up the large concrete steps to what could be described as the Teacher's lookout, just in front of the entrance. On entering, his footsteps echoed along the corridor, like a prisoner being led to his execution. Was this Corky's last piece of freedom.....was it his final hour before his

execution.....before Fanny Wallace turned his guts to garters for not completing his homework. A shiver shot down his spine, and his lip quivered, as his classroom grew larger and closer, at the end of the long hollow corridor. The imaginary noose struck a silhouette on the far wall. Ten long, slow steps, and there looming up in front of him, the execution chamber. His eyes gazed up at the plaque over the heavy door Mrs Wallace. Room 3.....It could have easily read.....Welcome to the Kingdom of Doom.....He reluctantly grasped the cold brass door handle, and it was as if a ten thousand volt electric current had shot through his body, as a cloud of fear enveloped him. Corky now realised that this was the point of no return. He was almost in the clutches of death. He pushed the door slowly so as not to activate the squeak in the hinges. His head moved forward and stretched around the door, eyes darting in all directions, to see if The Grim Reaper was waiting, blade at the ready, to welcome Corky into her dark palace. His eyes suddenly stopped and fixated on the large oak desk in the corner. With a sigh of relief his body relaxed. Godzilla was not in her lair.....The Mighty Kong was sleeping.....He sauntered over to the desk, his death sentence now a last minute reprieve. He looked at the clock and a thought shot through his mind.....the word HOMEWORK appeared in front of his eyes, and a voice in his head boomed out. Panic overtook him, as he rummaged through his desk in a frenzy, trying to locate his homework questions. The noose grew tighter. The room was arranged in a typically regimented manner in rows of two adjoining desks. An idea came to Corky in his moment of despair. "Robbo Robinson's desk! Maybe he's left his homework there!"

Almost every week Corky went through the same ritual of the last minute rush to complete his homework in fear of Fanny Wallace, and every week he managed to steer himself clear of the death sentence. Maybe he liked to live dangerously, or maybe he was just lazy. I lean towards the latter ! Was his time up, or was the homework there, lying in waiting for him in Robbo's desk.? "Yessss!" he exclaimed in glee. There before his eyes, in all it's splendour, leaping out at him, was Robbo's Maths book. "You beaut !" he whispered.

" Robbo, you're my hero, once again. My saviour. My knight in shining armour! What would I do without my mate Robbo?"

Corky hurriedly, copied down the last of the answers, and arranged Robbo's desk in it's original state. He kissed his book, put it in his desk, slammed down the lid and ran from the tomb of silence and fear, out into the battling gladiators arena, for yet another day.

The rush of fresh air replaced the overpowering smell of disinfectant and floor polish as Corky burst through the doors to face battle. He made it! Once again, another day not having to face the wrath of Fanny Wallace.

YEAR 13 TOURISM TRIP

To celebrate the end of the year 13 Tourism course, we planned a day trip to a growing tourist attraction – New Plymouth. Mrs Hopkins was brave enough to drive.. a lively bunch of students three hours there, and three hours back ..

Renee Ross, Barbie Aukuso, Mayvelline Karora, Ann Kelly Aimee Ireland, Adam Koveskali, Kimberley Underdown, , Teupoko Natua, Peggy Wairua, and Mrs Hopkins headed off at 6.30am. Five minutes later we were already hungry and had a breakfast stop at Mobil Aotea (mmmmm pies!). Once finally in the van and on our way out of town we were given the task of taking photos of a number of items (tourist attractions or sites) along our journey, which included things such as cattle ramps, road work signs, Mt Taranaki, White Cliffs, public toilets, town signs, tunnels, whitebait sheds, monuments and even policemen.

One of the most exciting stops along the way was at the Urenui Beach Camp, where Mrs Hopkins left us at one side of the river, and told us to find the swing bridge (while she drove around the road access). This was when Billie put on a show for us by falling over! After a few more stops along the way to take in the sites, we finally reached our destination of New Plymouth.

Here we continued our quest of locating tourist attractions, finding out information about them and taking a photo as evidence. This led us around New Plymouth to many of the famous sights including Mrs Hopkins' Mum! We also had to find the shopping mall!!

Lunch was followed by a visit to Puki Ariki Museum, where we got to see the amazing purple glow chairs, and historical stories about New Plymouth. After an hour or so we moved on to Lazer Zone, where we all got armoured up and ready to fight. Congratulations to Adam for winning all three rounds.

Once we had finished all of the tasks on our checklists, we said our goodbyes to Mrs Hopkins Mum and her friend Olive, and started heading back to Tokoroa. However, not before we stopped off in Ioana – a small suburb in New Plymouth (where the dairy was called Ioana Dairy... he he) to have some time on the beach. Back on the road, our tea stop was in Pio Pio for some hot chips which we enjoyed at the infamous Pio Pio rest area. Wonderful singing from the girls in the back all the way soon sped up the journey. Thanks to Tok Intermediate for supplying us with the interesting (and very old) songs!!

It was a great day (sunny too) enjoyed by all – for many their first trip to New Plymouth. We need to say a big THANK YOU to Mrs Hopkins for being daring enough to take us there and back, and for putting up with us for the last two years
Aimee

YEAR 13 GEOGRAPHY FIELD TRIPS

Our first Geography field trip of the year took us to the Tongariro National Park as part of the Year 13 Bursary Course. Once we arrived we had some dinner (mmmmacaroni cheese) then we went to bed as we had an early morning start. The next day we spent climbing a gruelling 1967metres above sea level to the Red Crater, having then to descend back down again on the slippery scree almost on our backsides – shot Robyn) In all it took almost eight hours, and we covered 17 kilometres. It was hard work and well worth it, but boy were we tired! The evenings were spent working, playing table tennis and recovering from the experience. After waking up the next morning and finding that we could hardly walk, we drove to mount Ruapehu to collect the rest of our research data before travelling home. The trip home brought some unexpected excitement with a blow out just outside Taupo.

Mr Woodlock, Mrs Sarich and Mr Dowdle were heaps of fun and we are grateful for their help and knowledge. Thankyou also to the Year 13 Geography class who were great fun to be with.

Carlie Yukich

Our second trip took us to Waitomo to study Tourism as a Cultural Process. The trip was more than eventful with some brilliant stunts from rally driver Carlie and Mr Woodlock'sWall of Death Leap.....

The Black Water Rafting was great fun and the trip around the Glow Worm Cave was also interesting. It was a tiring but memorable day.

YEAR 12 GEOGRAPHY TRIPS

The year 12's went on two Geography Field Trips this year. On the first trip we set out to visit the Volcanic centre in Taupo, but unfortunately the bus broke down and the visit came to an abrupt end. We did, however, have an enjoyable and extremely educational three hours at a highway service station. Our next trip was to Hamilton to study an urban area. This time, all went well. There were no breakdowns and everybody had a good day.

Mark Kahui

SIXTH FORM TRIP

From towing gigantic suitcases, some nicknamed 'Couches' because of their size, to splattering a perfect white skating rink with blood, the sixth form trip was a once-in-a-lifetime experience that we all enjoyed.

Every morning a group of us would be up a six o'clock and out for a morning stroll or a jog along the bay. The sweep of the harbour from Sky Tower and the stunning view of the water at night as we drove over the illuminated bridges, was exhilarating. We were constantly busy as we were whisked from Auckland University of Technology to RNZAF, to Sachi and Sachi, to the movies, Paradise Skating Rink, Rainbow's End, The Wave Pool and more... About the only time that we got a moment to take a breather was before dinner, during which time we threw ourselves off the trampolines, lazed in the sun or amused ourselves on the playground.

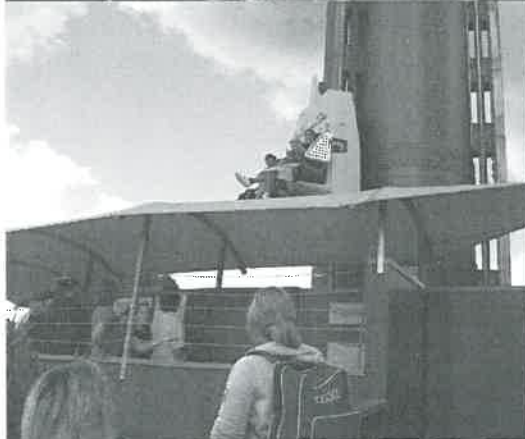

The rides on The Ferry were, as basic as this form of transport is, a highlight for many of us. The combination of the wind and the splashing water was an experience that many of us enjoyed. The fountain at Mission Bay was spectacular, with its many colour changes.

Then of course, there's the 'bonding' and getting to know each other better, along with our little habits. For example, I never realised that certain people were such horrors if not left to their beauty sleep, and that certain people's hair stuck up vertical every morning, and that some friends were incredibly good at falling out of the top bunks.

Dinner was always very edible, and the service was great, even if we had to prepare the tables ourselves.

We were very thankful to Mrs Gibbons and all the others who contributed to this awesome experience. Overall, we're all tempted to take the sixth form again, if only for the camp!

Tracy Sandbrook

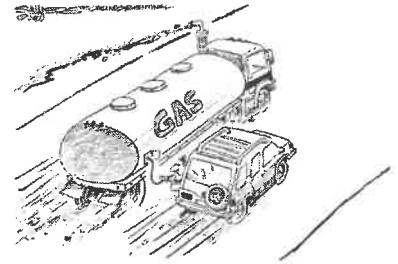

YEAR 13 PROFILES

Nikki Anguna	"Nikki who?"	Still walking to school with her boyfriend
Barbie Aukuso	"I got bounced"	KFC Owner
Tristan Blignaut	"2 + 3 = faarv"	Pro Soccer Player
Milos Blucher	"I'll get a head start"	N.Z Prime Minister
Bram Deutz Ebling	"Have a gay in the field"	Farmer Bram
Chad Edwards	Invisible man	FBI on X Files
Vince Erece	"Do you like my flares"	B Ball Player
Tairi Ford.....	"He's my man, and I won"	Party Liason
Kendall Goode	"My boyfriends black"	Maori Queen
Mathew Gorter	"I like to ride my bicycle"	Still riding his bicycle
Mikaere Henderson	"But then I'll get my sword"	Wannabe Aragon
Talia Henry	"Baby Spock"	Dancer of the Year
Josh Holland	"Moon Man"	Pro Mooner
Aimee Ireland	"Chicken Salt or Plain Salt"	Still working at Balmoral
Luke Iwunze	"I like to party"	Fashion Stylist
Jayde Jefferson	"mmm.....food"	Food Tester
James Kamana	"Guinness/Mr H Dogg"	Future All Black
Mayvelline Karora	"Scary"	Deli Manager
Ann Kelly	"Uhu"	On Foreign Exchange
Luke Kelly	"Flash Gordan"	Dealer
Adam Koveskali	"Hoochy King"	I own a dairy
Sian Lancaster	"Siany Bubbles"	Speights Pride of the South
Sapphire Leaf.....	"What are you doin, get up there"	Parole Officer
David Lee	"Scooby, big head"	Still trying to be a Player
Karla Marsh	"Let me see them bounce"	Pillow Inventer
Ben Masters	"Who's up for ping pong"	Pro Ping Ponger
Charles Mc Caskill	"Sleepy"	7 th Dwarf
Willie Mc Donald	"I have to milk those udders "	Future FVHS Principal
Shannon Murray	"Poto"	Mangokino Policeman

Shannon Murray	"Poto"	Mangokino Policeman
Teupoko Natua	"All eyes on me"	New Zealand Idol
James Nikora	"Smells like cookies dumped in milo"	Gas Worker
Vincent Paito	Paito	Fresh Prince of Tok Town
Dylan Pellew	"Catch the flies"	Inventor of Ciggy's
Stephen Post	Postman Pat	Looking for his Black & White Cat
Joseph Rankin	Rankin	Body Guard/Park Ranger
Troy Rees	Mums home baking	Swedish's Toyboy
Johanna Renvert	Swedish Putaties Sphinky	Stud Breeder
Renee Ross	Sunshine Girl	O.R.A.N.G.E
Ivan Sancho	ANIMAL	Zoo Keeper
Rosalia Tolovae	Can I borrow your pen	Stationary Thief
Terrique Treasurer	"Bling, bling, money aint a thang"	Future Snoop Dog
Kimberly Underdown	Peace	Peace Keeper
Peggy Wairua.....	Piggisus	Orthadontist
Christine Wallace	"My Evos parked up outside" Wannabe Miss New Zealand	
Jock Whiteside	Who side?	Seventh Form Ghost
Monique Williams	Sonic	Olympic Runner
Ailsa Wilson.....	Alsy Mum	Beethoven the 2 nd
Robyn Wilson	"I'm the Boss"	Future Maori MP
Carlie Yukich	"Yes, I did roll my car"	Rally Driver

FOREST VIEW AUTOMOTIVE SHOP

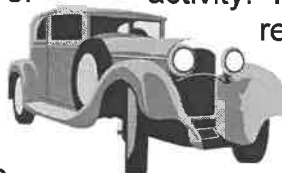

Forest View High School has been operating its own Auto Shop since 1997 as an after school programme so that students have the chance to work on a range of engines and cars, and develop skills to gain Unit Standards for the trade.

This year we decided to run the workshop as a full year's programme. The workshop has been altered with a classroom added which enables the students to do their theory as well as practical.

We have had a number of engines and cars donated by civil engineering firms in Auckland, Rotoura and Tokoroa, including Pilot Autos, Aut Mechanix's, Mobil Aotea, Baigents and Magill Mowers and Chainsaws.

The Auto Shop is a hive of measured and then taught the history of the that have taken place taught to the students equipment use in this trade.

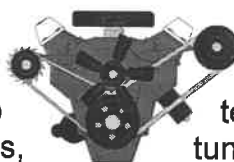

activity. The engines are stripped down, reassembled. Students are motorcar, and the changes over the years. Safety is also along with hand tools and

To back up the theory we offer Unit Standards that are part of the pre - apprenticeship scheme for students to attain. This enable,s the student when they leave school, to go into an apprenticeship; the time spent in a polytechnic will be reduced due to them gaining these Unit Standards

Besides the cars and engines also have a small number of from the public and also taught to carry out oil changes, customers cars

that we already use we cars that have come to us teachers. The students are tune-ups, and how to look after

The Automotive Industry is developing at a fast rate through the advancements in Technology, so the opportunities for specialized fields are many. This involves; **Electronics**-GPS, Radar, Tracking systems; **Computers**-Engine management, security, programming of engine systems; **Design**-developing cars of the future.

The aim of the Auto Shop is to produce young students of both sexes to become top quality Automotive Mechanics, and Engineers whether it is in the above fields or Auto Machining, Panel beating, Car Grooming or Light and Heavy Auto Mechanics.

"To be the best you want to be will require hard work, study and learning from your mistakes." Mr Haines.

"Only those who dare to fail greatly can achieve greatly" John F Kennedy.

"The future is not some place we are going, but one we are creating. The paths to it are not found but made and the activity of making them changes both the maker and the destination" John Schaar.

"The man who has no imagination has no wings" Muhammed Ali

**If there exists no possibility of failure,
then victory is meaningless**

Mr K Haines

GROOVY

"Everything is groovy, it's a beautiful day"...

The hippie theme this year proved to be very popular for audiences of all ages. The primary school audiences, in particular, enjoyed being part of the Pied Piper and Aquarius dances!

Many of our cast were old hands at the acting scene and they were all keen to get underway this year since last year's show was unavoidably cancelled. Mr ten Velde took up the challenge of being the director and rehearsals were well underway early in term two. The Production is a cultural experience in all senses of the word. The show goes on whether someone's holding a banana, hair's falling out of their wig or even if the nurse tries to do herself an injury falling down the stairs. When all the "expected stuff" is happening on stage there are also the backstage dramas which are often even more memorable for the cast. Who can forget the 100m dash that our dancers did before and after every dance, or the mad rush to find props that had simply vanished when needed, and what were our two tiniest cast members doing when they were squashed between those two doors?

There were also some unforgettable (and often misquoted) lines. The sheriff spent lots of time "looking for that licence", with blood pressure that was "up, way, way up" and he was often heard to ask "where the was Alice?" Mrs Porter portrayed her disgruntled disposition well by continually saying, "I don't want your beads and I don't want your stupid flowers" and a commentary on the show would not be complete without the classic line from Travis "think not what you can do for your country but what you can do for your country!" You had to be there to appreciate how well the cast held the poignant moment together when the slight variation in lines occurred!

Beads and Millie encompassed the themes for the show. "Peace and Love." The songs and music portrayed these messages admirably. Our productions are all about teamwork and thanks must go to all staff and pupils who contributed to its success. The aim is to produce something memorable for the audience, but more importantly, to have lots of fun, make new friends at the school and enjoy being so special during that week of the show. Every cast member **is** so important - the band, the singers, the lighting and sound crew, backstage workers and those on stage, no-one is indispensable. That's what makes the production so special - everyone is equal and everyone is equally important, and that makes our time together forever memorable for all involved.

Mrs C Yukich

COLLEGE BALL 2003

A NIGHT TO REMEMBER

Senior female students from Forest View High School woke to a morning filled with excitement and stress about hair and make-up. Duetts, SMK, and Hair Affair all pitched in to make half day 'works of art', while the male population slept in and had a lazy day before getting ready half an hour before the ball.

7.30 pm arrived and an assortment of extreme transport turned up to the PIC Church, including a logging truck, a hydraulic Cadillac, limousines, a bus, and Sik performance cars. Beautiful girls and slick guys stepped from their vehicles into a forest scene with autumn leaves blanketing the floor and a huge man-made tree. The BOT Chairperson and the Principal greeted students as they entered the hall decorated with balloons, candles and streamers; even a snowman to set off the four seasons masquerade ball (not that anyone wore a mask!). Thanks to Maggof caterers, dinner was a delicious buffet. After dinner everyone was out dancing to the Girl band "DIVA" who kept the dance floor alive until midnight. Kendall Goode received Belle of the ball for her stunning princess gown, LeRoy Ratu took Beau for his Chinese inspired suit; the glasses made it! Alisa Wilson and Luke Iwunze in his sparkling jacket were best couple.

This was definitely a night to remember, 2003 was named the best ball so far, by staff and students alike. A big thanks goes to the members of the ball committee (they know who they are) for all their help, and special thanks to Mrs Gibbons for all the time and effort she put in to make this remarkable night happen.

Gabby Wooderson
Racquel Standen

LIBRARY

This year has proved to be a year of changes in the library. We farewelled Ann Roberts at the end of last year and I took up the new and challenging role of Library Manager. We also welcomed Mrs Lyndsay Coffin to the staff as our enthusiastic and efficient library assistant. Her passion for reading is evident and many of you will have benefited from her recommendations that "this book is a really good read".

The décor in the library has also changed with vibrant new colours that only received one negative comment and that was from a teacher! To match the new colour scheme three new couches were purchased to replace the old tattered ones. This year has also seen the introduction of the Chess Club, Lunchbreak and Book Club, which are all hosted in the library and managed by library staff.

So it's been an exciting year, and we are looking forward to many new and maybe outrageous ventures for next year!

Once again to all who are leaving us, good luck for the future and if you happen to be passing by this way call in to see us. Most importantly don't forget to keep reading because the more you read, the more you know, and the more you know the more you grow.

Mrs R Smith

BOOK CLUB

Where: School library **When:** Friday pm tutor **Who:** Anyone

Why: Increase your literacy skills, enjoy great company

The Bookclub started term II of this year. We meet every Friday afternoon and talk about the good, the bad and the ugly books we have read. We have a competition running where the person who has read the most books in each term gets a prize. So far the winners have been :

Term II : Nicole Coffin Nadia Nolan Willie Cotton Janina Smith

Term III : Nicole Coffin Stephen Dowdle Janina Smith Tanika Horn
Willie Cotton

Jak

LUNCHEBREAK

Where: School Library
When: Friday lunchtimes
Who: Those interested in having a good time
Why: To have a good time

The lunchbreak started during term one. We met in the library with our lunch and listened to Mrs Smith read the Whale Rider. At the end of the term about 40 of us went to see the Movie, it was cool although most of us thought the book was better. The 'Nanny Flowers' on the movie wasn't the big, cuddly Nanny Flowers Witi Ihimaera describes in the novel. Mrs Smith, Mrs Hopkins and Mrs Wiles all came with us to the movies, I'm sure they all cried, I could hear lots of sniffing behind us. Maybe it was because our behaviour was so great and they were so proud it brought tears to their eyes – nah probably the whale scene at the end of the movie.

Anyway lunchbreak has been fat, we get to eat our lunch in a warm cosy place while we listen to Mrs Smith read a novel or short story. Sometimes we enter into team literacy competitions. Whatever we do its fat, it's the place to be on Friday lunch times.

BREAKFAST CLUB

As part of the literacy focus for 2003, a Breakfast Club was introduced to allow students to come along, have breakfast and participate in literacy-related activities.

The Breakfast Club now has at least ten members and continues to be enjoyed by all. Every Tuesday morning at 7.30am we start with breakfast (hence the name) and then we play literacy games like Boggle, Scrabble, puzzles, painting, and others. Competition was tough, but we all seemed to be able to keep the Champion status for at least one of the games.

Members include; Louise and Sarah Robins, Nick Rowell, Robbie Hinkes, Heremia Tahere, Isaac Koopu, Rannen Uka, Teupoko Natua, Carla Pentecost, Stephen Dowdle, Leighton Yearbury.

Special thanks to Mrs Watkins, as without her the Club would not have started (as it was her great idea) and to Mrs Hopkins for helping make it happen. Mrs Watkins came in early and got all the food ready for breakfast and both staff members even picked us up if we needed a ride.

The Club will continue next year and we welcome any new members. Come along and take us on in the morning competitions

CHESS CLUB

Forest View Chess Club was fantastic this year.

Meeting in the library every Thursday, a number of boys would play each other throughout lunchtime. Competition was always fierce; the stakes were high,a place in the Forest View Chess Team!

The high point of the year was the Central North Island Chess Championship, hosted by Southwell School and held in August Term 3.

Four students were chosen from the lunchtime competition to represent Forest View : Sean Whiteside, Delaney Meachem, Isaac Koopu, and Joseph Tauiti. This team played local state and private schools from around the Waikato, and teams from as far away as New Plymouth and Gisborne.

Most of the schools fielded their senior players and frequently enter this tournament. Our team came third in this competition. Considering that the team comprised of three year 9 students and one year 10 the result was exceptional and more than anyone – others teams included, expected.

Aside from an unlucky points loss to Sean Whiteside's opponent in the first round, incidentally to the team that won the Championship, and Joseph Tuaiti who managed to snatch defeat from the jaws of victory in the last round, the team could have moved up one more place.

If this team decides to stick together they will be a force to be reckoned with in the coming years. Special thanks must go to our school librarians Mrs Smith, and Mrs Coffin who tirelessly organised the lunchtime competition and transported the boys to the chess tournament.

Well-done guys!

Mr Steven.

A Day at the Beach

By Angela Stratton Year 10

It's a bright sunny day
And I'm at the beach
The sand is scratching between my toes
The waves crashing at my feet
The freezing water coming up to my knees
And the crabs are biting my feet.
I'm going out a bit deeper
To catch the bigger waves
I'm ready to catch the big one
To show off to all my mates
The wave is getting closer

So I turn my surfboard around
But the wave had already
crashed before I realised
The wave was turning me
round and round
Then I got washed up
on to the beach
Infront of all my friends
They were looking at me
And I thought "Oh well"

NEW ZEALAND BUSINESS WEEK 2003

In July of 2003 I was sponsored by Lion Nathan to travel to Palmerston North for New Zealand Business Week. This week long course was all about business ethics, establishment and teamwork. I listened to inspirational speeches from many famous people including the Palmerston North McDonalds Manager, Black Fern Farah Palmer, Roger Wigglesworth from the Ministry of Economic Development, Ruma Karaitiana the CEO of Sweetline (Chupachupps and Smint) and Shane Cortese who plays Dominic on Shortland Street.

The aim of the week was to start up our own business in the clothing industry through a simulation and get set up with different situations to overcome. One day we had a burglary so we had to chose a video security system and insurance policy and another day one of our staff was 'stealing' from our shop so we had to decide what to do with her.

In the end our team came 4th which was pretty good and also earned the most "funny" money from the 'investors'.

Overall it was a wonderful experience and opportunity to be involved in the world of business and meet and hear from those who have made it happen.

Carlie Yukich

DARGAVILLE CULTURAL EXCHANGE

This year Dargaville High School travelled to Forest View High School in Week 8 of term two, June 16th – 18th. Dargaville performers had a range of groups, Hard Core Dance, Nga Toi Dance group, Polynesian group and the Kapa Haka. Together these groups had 14 items with a wide range of music and dances.

Forest View High School performers had two bands, three small groups with solo, duets and trios, a contemporary dance group, Production, Polentia Fa'atasi and the Kapa Haka, contributing about 12 items in total. Dargaville and Forest View then combined their groups in 3 or 4 items giving a display of cooperation and talent.

The programme for the three days consisted of practices on the Tuesday in the morning at various venues. In the afternoon two concerts were conducted at David Henry Primary School and Tokoroa Intermediate School. Finally a concert on Tuesday night was given and many people were turned away at the doors. The night was a festive occasion for all participants and the audience.

The Cultural exchange was a success due to the assistance of many tutors and teachers who dedicated their time and talents to fostering students in many groups from both Schools. I would like to add a special word of appreciation to all those who helped with the organization and implementation of the Exchange. Hopefully this traditional with Dargaville will continue, to expose and provide a stage for the talented students that our school have.

Mrs J Earnshaw

SWIMMING SPORTS 2003

We had a small but enthusiastic set of competitors at our school Swimming Sports this year. It was just neat to have an awesome bunch of year 13 students leading the way and setting the standards for the younger students. Of particular note were the performances of our section winners Tracey Keith, Daniel Millward, Carly Cunningham and Tommy Knight. The relays were the highlight of the day with all teams giving it their best shot. Eventual overall winners were Ohakuri but well done in particular to Whakamaru for their great participation.

OUTDOOR PURSUITS CENTRE 2003

A week at the Outdoor Pursuits Centre for 30 of our students (year 9 to 13) offered opportunity for challenge, companionship and adventure. The perfect autumn weather added to the experience at the Centre which is based in the beautiful Tongariro National Park.

The first day was spent in and around the Centre doing activities such as the High and Low Ropes challenges and navigating up the Whakapapa River to a fabulous waterfall. A long climb out of the river proved a challenging end to this journey. Next day all three groups went to the base of Tōgaroro heading up to Silica Falls, Pukekaikio and South Crater. The hard tramp up was rewarded with amazing views on reaching the summit.

The following day was water day with two groups going rafting on self constructed tube rafts down the Tongariro River. The other group heading underground to explore some of the naturally occurring caves, this proved scary for some!!!

The final days saw all groups heading off for their overnight camps. Instructors guided each group through the planning necessary to safely achieve a night in the outdoors. Despite the frost all arrived back chilly but cheerful the next morning full of stories about the adventure.

We will be undertaking another trip at the same time next year – go ahead and take the challenge.

ATHLETICS AND CROSS COUNTRY

Our 2003 Athletic Sports were held on 19th February in difficult conditions. Despite the conditions, it was great to see almost all students in Lake colours. Eleven records were broken by Monique Williams (3), Patrick Dodunski, Teresa Boss, Colin Mathis, Jacob Wright, Edna Swart, and one Maraetai and two Arapuni Relay teams. The Lake competition was won by Arapuni. Individual championships were hotly contested and this year saw some joint champions. Congratulations to Carl Jennings and James Kamana (Senior Boys), Monique Williams (Senior Girls), Michael Carew (Intermediate Boys), Mara Blucher and Teresa Boss (Intermediate Girls), Dave Kauwhata, Colin Mathis and Jacob Wright (Junior Boys), and Edna Swart (Junior Girls).

Once again Forest View was the strongest school at the Mid Islands, with 41 athletes qualifying to attend the Waikato Bay of Plenty Secondary School Championships. This year Mid Islands was jointly hosted by Forest View and Tokoroa High, and was held at Strathmore Park. A big highlight of the day was Monique Williams breaking Lorraine Moller's record for the Senior Girls 400m which had been standing for 30 years. Monique also broke the 200m record and Reynee Anderson Pitman broke the Junior Girls High Jump record.

Our athletes won seven titles at the WBOP SS Athletic Champs. Congratulations to Monique (3), Reynee (2), Mara Blucher and Ailsa Wilson. These four girls, along with Carl Jennings, Luke Iwunze, Colin Mathis, Dave Kauwhata, Teresa Boss, Barend Swart and Patrick Dodunski were all selected as part of the WBOP team to compete at the North Island SS Champs. Monique was a stand out performer at both the WBOP Champs and the North Island Champs where she won the Senior Girls 100m, 200m, 400m sprint treble, and has since gone on to compete with distinction at the Australian Champs and qualify for the World Junior Champs to be held in 2004. We also have nine athletes competing in the New Zealand Secondary School Champs in Invercargill in December. Monique, Mara, Carl, Reynee, Dave, Amanda Aldridge, Jacob Wright and Edna Swart have also represented Waikato BOP through Club athletics during the year. Overall it has been a great year for Athletics at Forest View.

Our FVHS Cross Country Champs were held on 3rd April. Congratulations to this year's champions – Carl Jennings, Racquel Standen, Leonard Morgan, Teresa Boss, Colin Mathis and Edna Swart. 35 of our athletes went on to compete at the Mid Islands/BOP Cross Country Champs where Colin Mathis won the Junior Boys race in a field of nearly 100 competitors. Our Senior Boys team of Carl Jennings, James Nikora, Mathew Gorter, Grant Collins, Troy Rees and David Lee won their Teams event.

Eighteen athletes also represented FVHS at the WBOP SS Road Champs on 17th September. Again Colin Mathis ran really well to come 3rd in the Junior Boys race. Top-ten placings were also achieved by Carl Jennings, Allan Flutey, David Lee and James Nikora.....**Mr R Blucher**

Fearful Past

I awoke in the night with an overpowering feeling that something was wrong. I jumped up and glanced through my bedroom and found my wife missing. I kept telling myself she was probably checking on the children, but I was still convinced something was wrong. I looked in the mirror and saw a tall man staring back with a worried look in his eyes.

I rushed down the stairs taking four at a time, spun around and ran into the lounge. I could see a figure moving around in the dark and I switched on the light. Nothing could have prepared me for the sight that now met my eyes. My wife and both my kids were badly beaten and thrown roughly in the corner, unconscious. I had no doubt that they were still alive and focused on the intruder, in case he was going to inflict more damage on my family.

He came into view, standing, tall and wielding a strange weapon.

"It seems we meet again, at last." He said in a cold and malicious voice. I had no recollection of having the displeasure of meeting this foul intruder before and wondered if he was mistaking me for someone else. I told him this and he merely laughed in my face. It was an evil laugh.

"Didn't your parents ever tell you what happened when you were two, Jimmy? You know the story about you being missing for three months and being returned by a man in a black cape. I was that man."

I had no idea why but I knew he was telling the truth. "Why did you take me, I was only two?" I spat at him, all my rage flowing through my words.

"We needed a young child to test a new scientific breakthrough to make a near-perfect human. We waited 22 years to see you reveal your true strength and speed on the world, but you never showed you power. Instead, you ignored it and never seemed to think about it. Do you realise you can do almost anything right now?"

I was angry but I still let him talk.

Short Story Extract by Alan Watts Year 10

KAPA HAKA REPORT

Ko te mea nui o te Ao, he tangata, he tangata, he tangata. The most important thing in the world is people, people, people.

We started off the year with a bang. We learned a little bracket for the concert in Putaruru, which was to support Putaruru High School's Kapa Haka group going to Koronahana (The Coronation). That was our first performance for the year.

After much thought our tutor, Rana Motu, put together an awesome bracket for the Dargeville exchange. It took us long, hard work to get it perfect, but we did it. The night of the concert arrived and we were all excited. Finally it was our turn to perform; it was a magnificent experience. The last performance for the year was when we went to support Putaruru at the Manuariki Regionals; it was a great day for all who went.

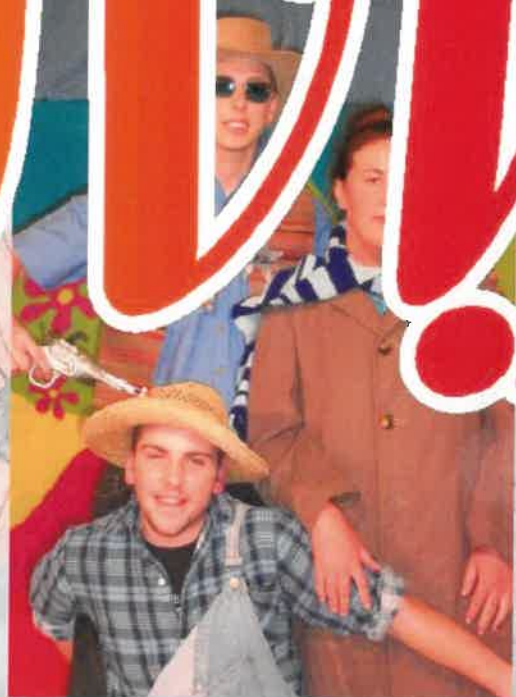

We would also like to thank Whaea Debbie for her background work and support she has given Te Piringatahi this year. Many thanks to Maruia Jenson for her time and effort in tutoring Te Piringatahi, after Rana had finished with the group.

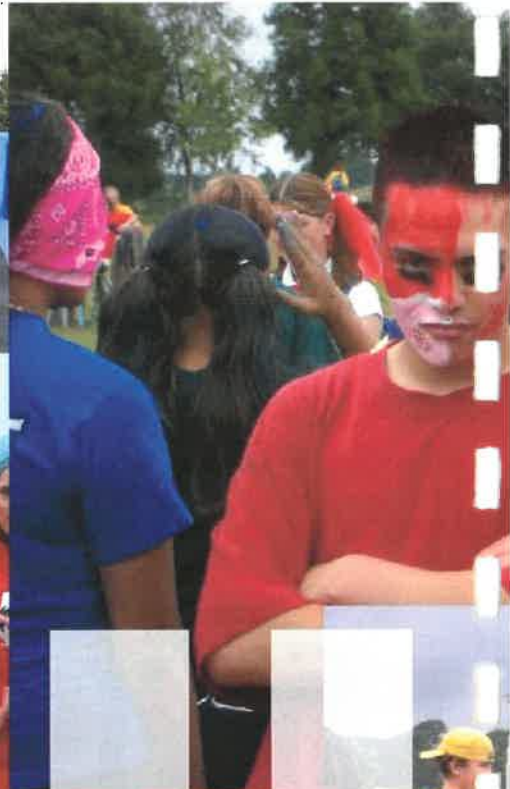

Paimarire ki a Tatou.

GRO

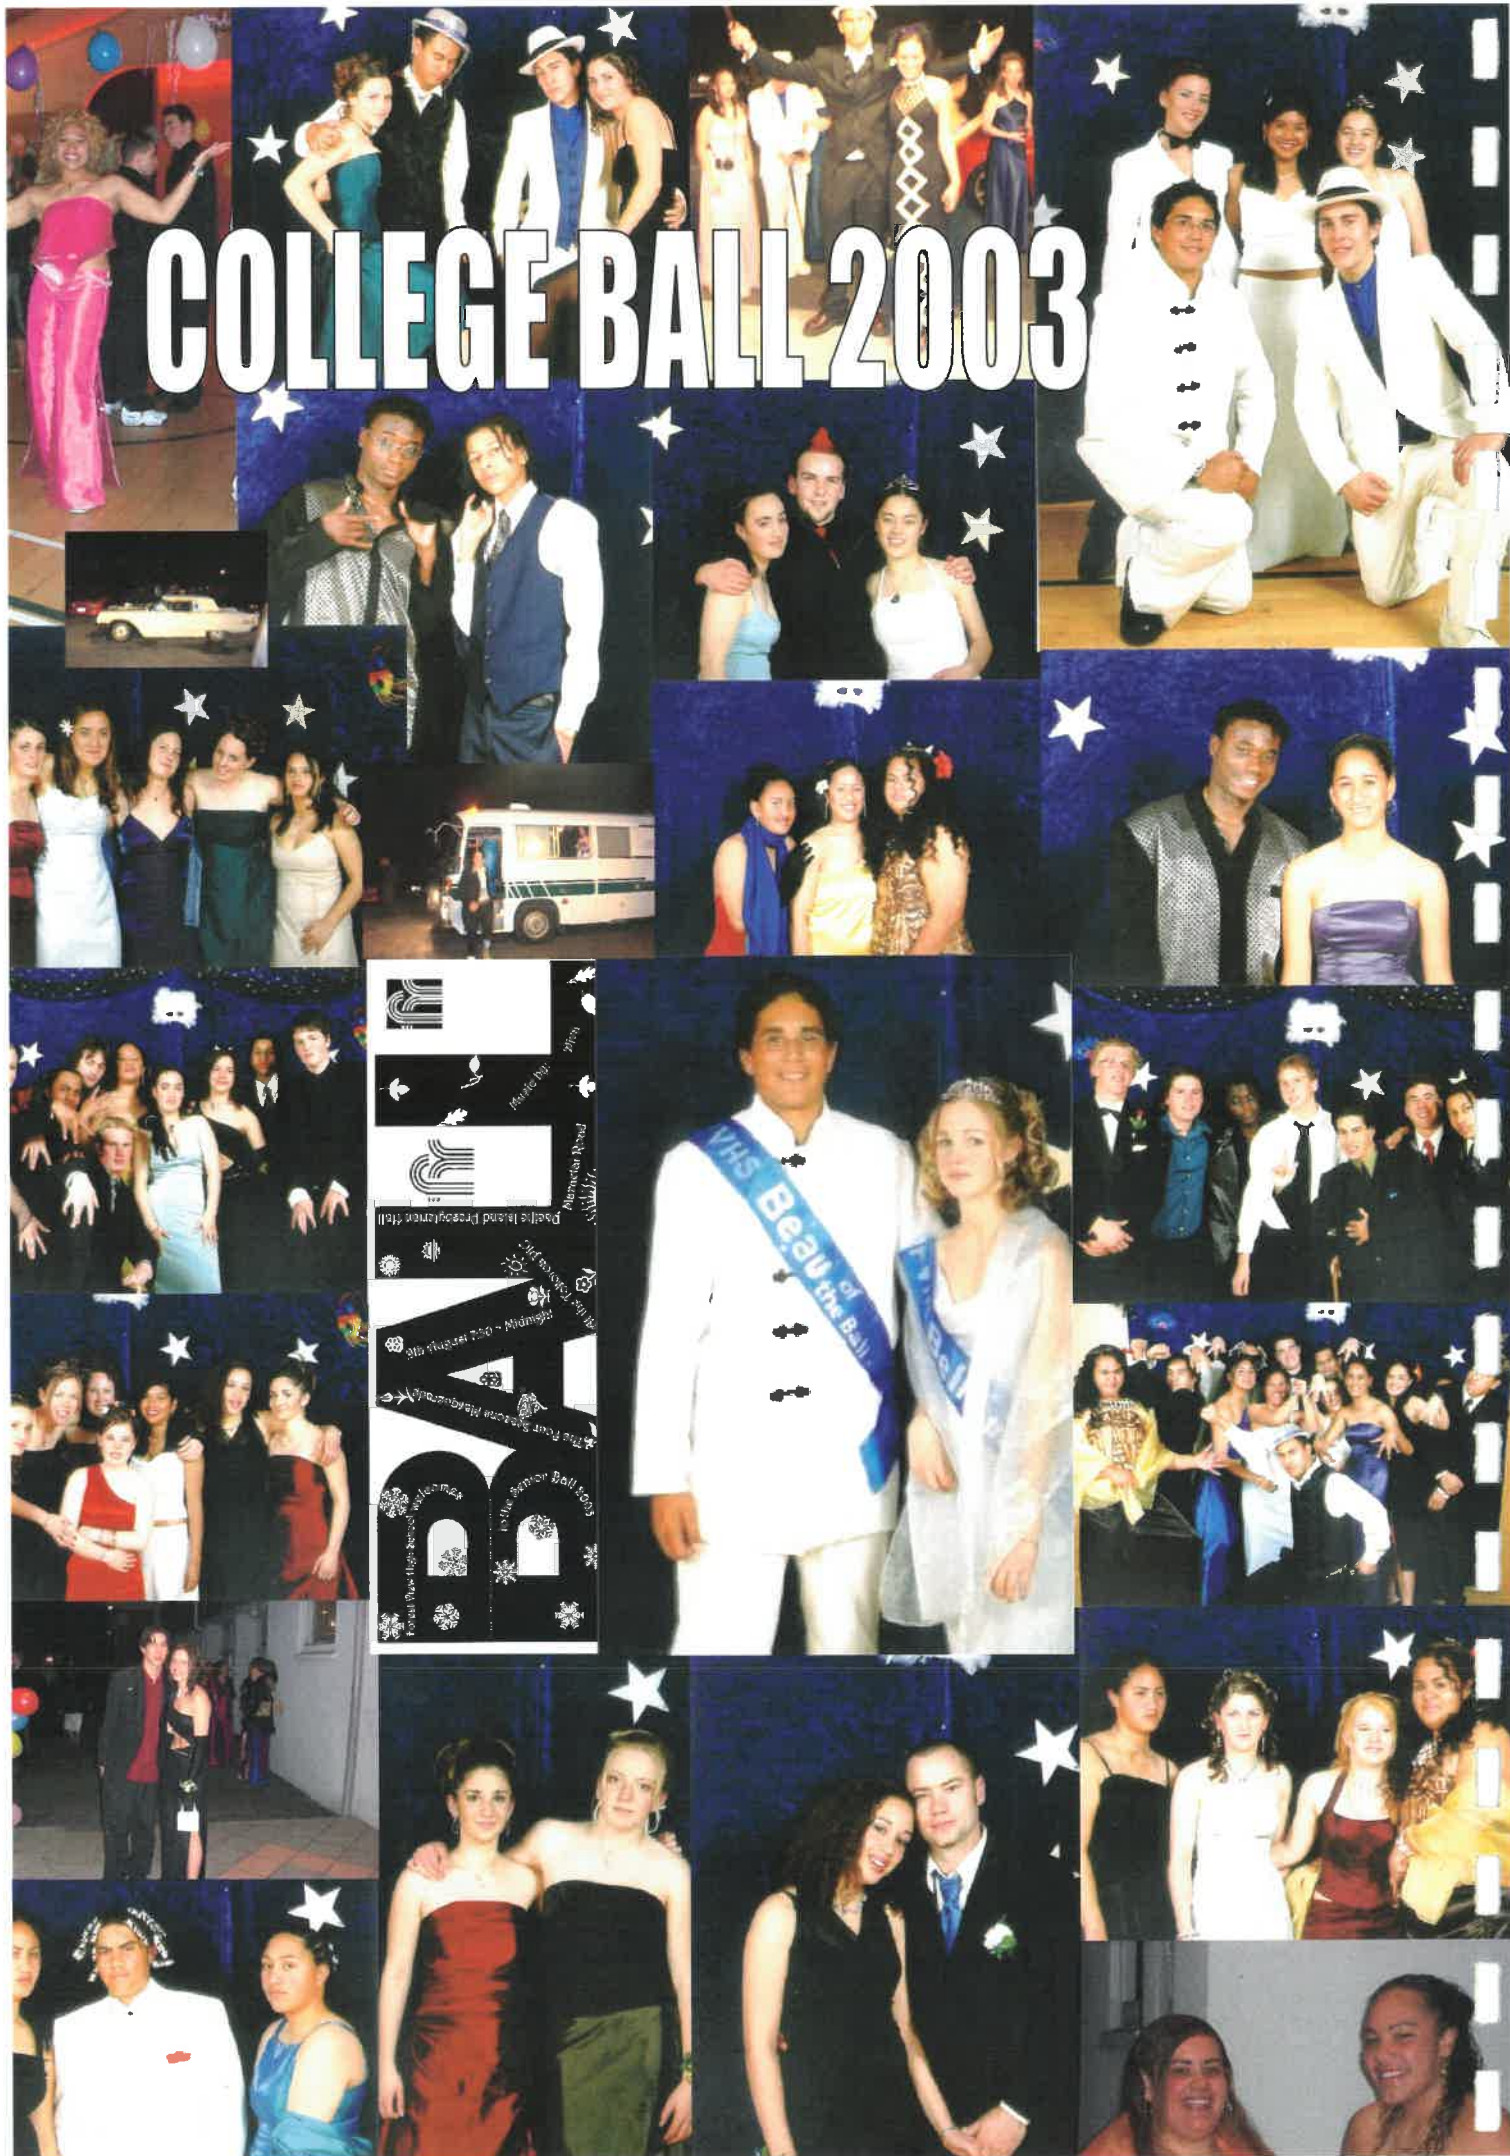

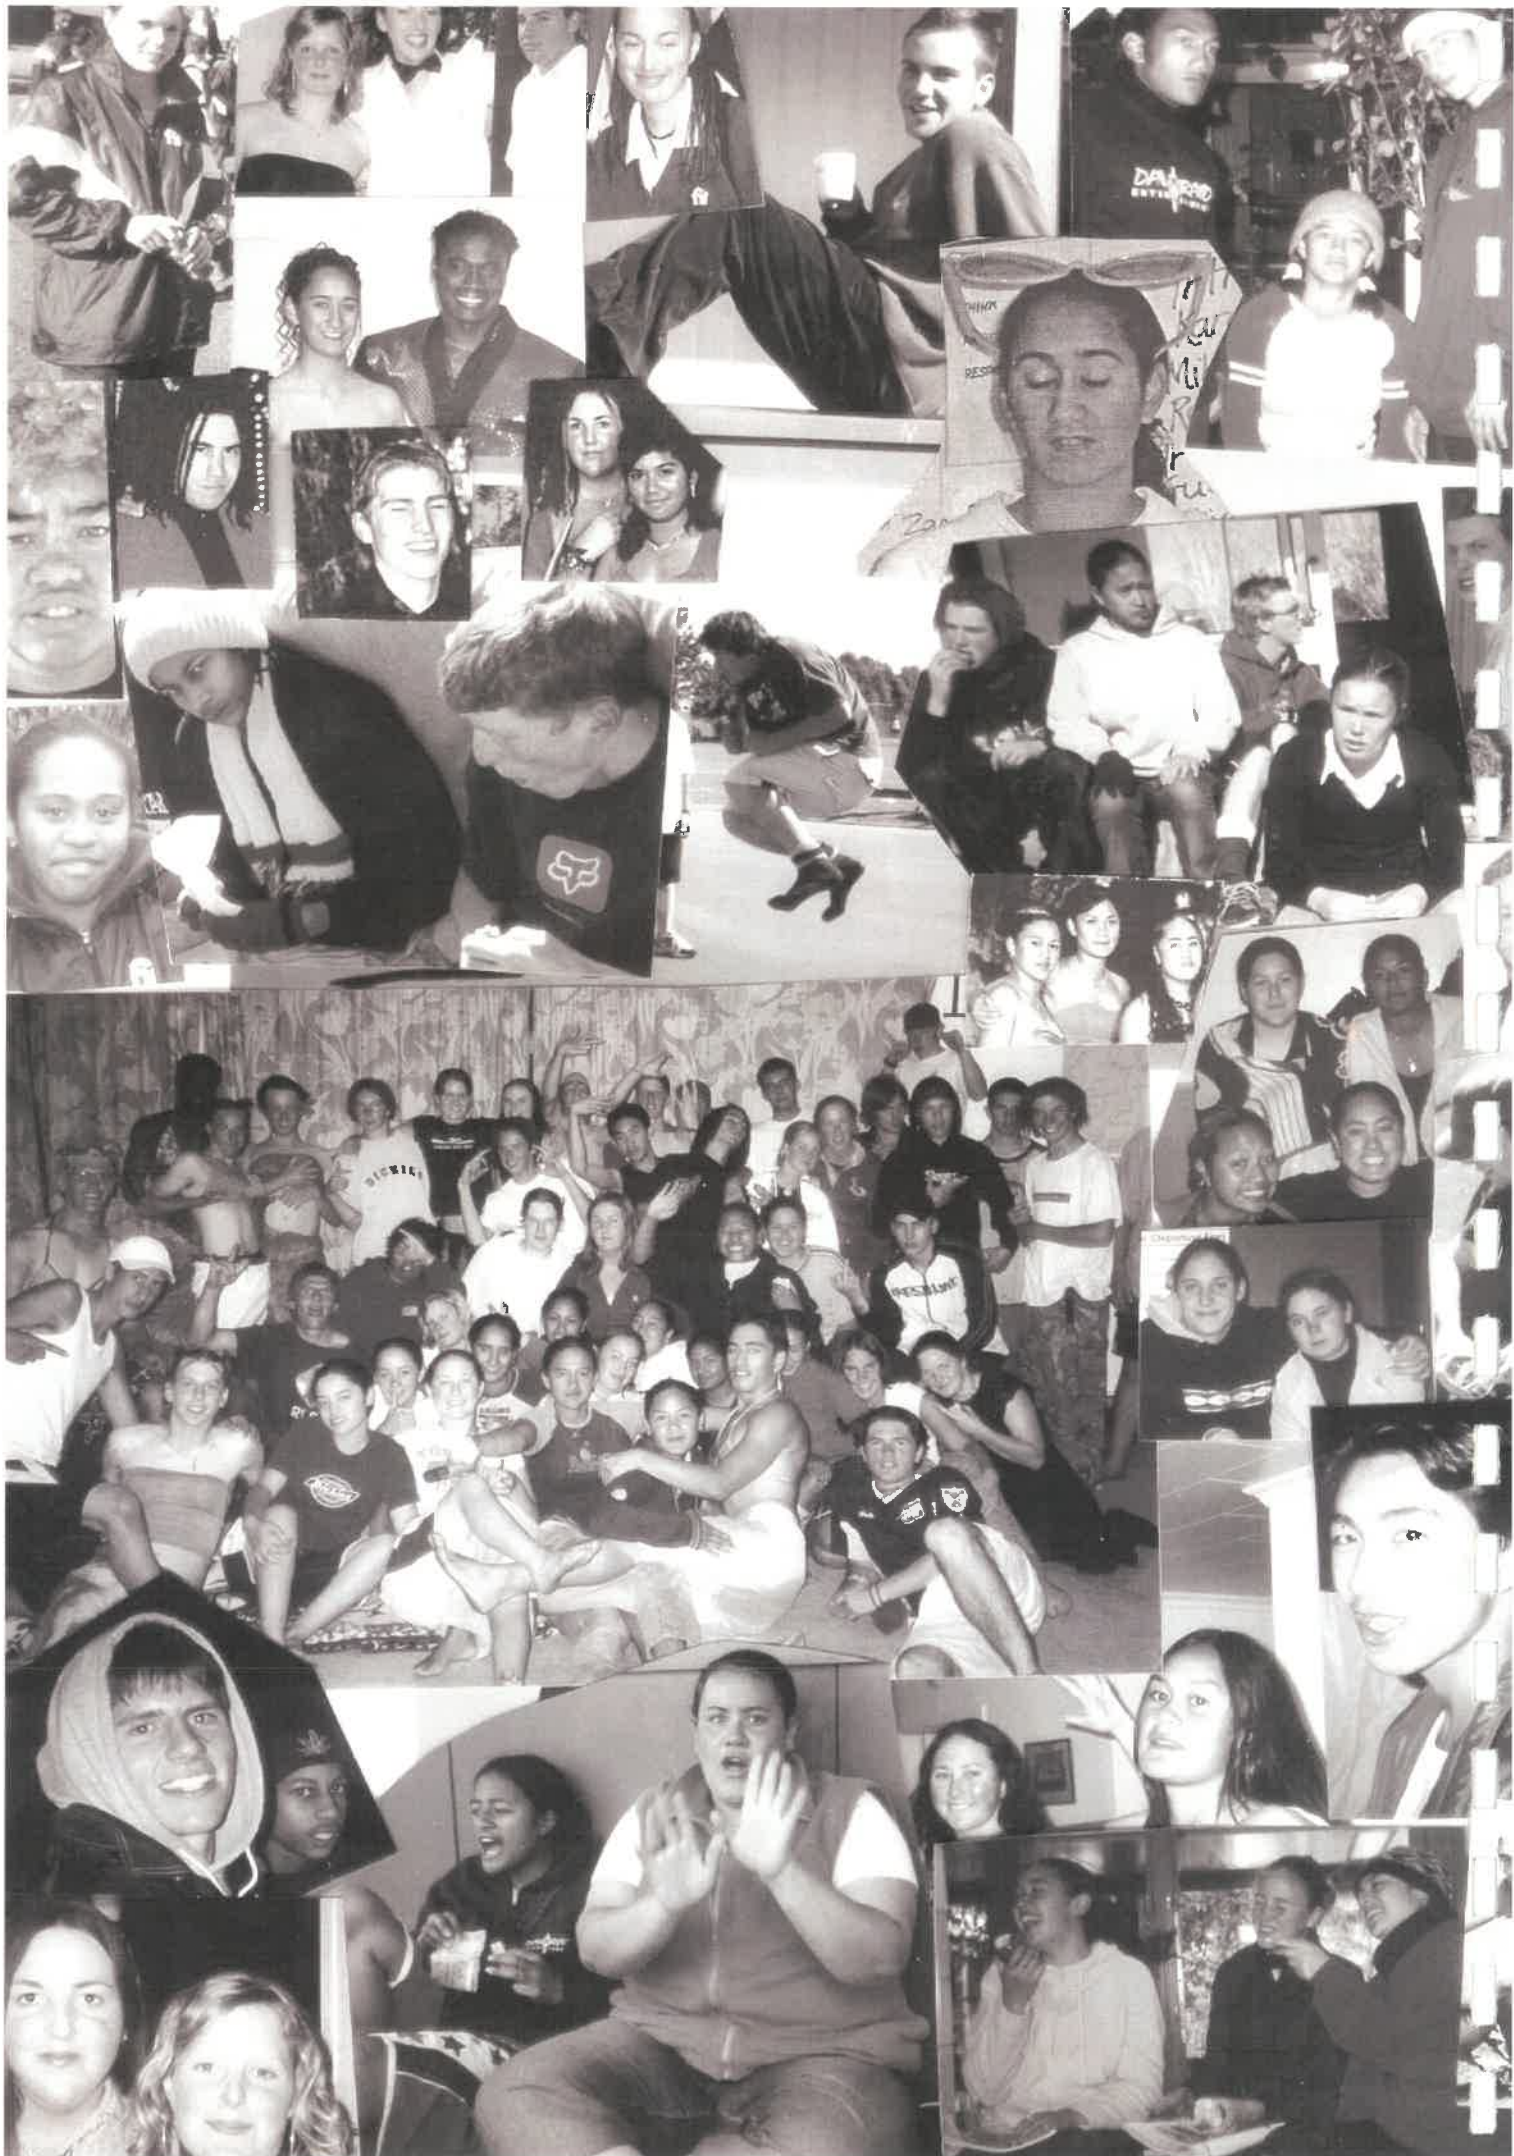

COLLEGE BALL 2003

AROUND SCHOOL

ROCK QUEST AND PACIFICA BEATS

Rockquest band "The Munt" and Pacifica Band "The Aotea Island Boys" both entered the heats for Rock quest in late June this year. These two groups have been practising for long periods of time and through difficult phases to prepare one original song for the heats. Unfortunately both groups did not go any further than the heats due to the high standard of competition in the Rotorua regional finals.

Next year it is a goal of both groups to release a single and contribute to an album of talent that will be produced by the Forest View High School Recording Studio. It will give the bands something to look forward to in the future and give them time to refine the skills and talent that they already possess.

I would like to thank the bands for their dedication and effort in this competition and hope that the experience they have gained will be a driving force for them to succeed next year.

Mrs J Eearnshaw

AFS EXCHANGE STUDENTS 2003

Elena Moya

Aiya!

I have been in FVHS seven weeks, and I haven't had that many really important experiences, but I will try to type some of them. The first memory is (of course) my first and second day in FVHS. The first day was really cool, because I went to the gym with the other exchange students from Japan and they performed a wonderful welcome. On the second day it was when I started school. It was a funny day because I was always lost. "Oh yes, this class is here", "Then another is over there", "The toilet is there". But I always thought, "Where am I?" I think about this now and I know that I was really dumb! Furthermore I remember too the Tutor Class. No one told me that we needed to go there!!!!!! (Note: Mrs Sommerville think about that).

Now, I talk about the differences about my school in Spain. The school in Spain (the building) is awful, it's like a prison. He He!! On the other hand, I think

that the education system is better, because the things that I'm doing now at school I did a year ago in Spain, but in another form. Here, I played soccer the first week, but I needed to leave it because I have problems with my back. Anyway, I hope to play again in the next year because I'm staying next year, eh Iván and Ann-Kristin!! He he!!

For me the most unforgettable experience is every day. Every day is new for me, every day is an experience. Probably the thing that I will miss about Tokoroa is the Warehouse. He he !! No, be serious. I don't know!! It's too early to decide about this. But I will really miss, when I go back, my family and my friends (they aren't things). Also, I don't know what I have gained as a person yet, until I finish my year I will tell you! But not now!! And finally, I want to say thanks to AFS SPAIN, AFS NZ, AFS students, FVHS, my new family, my friends and new friends and especially to my family: They have given me this fantastic gift. Thank you very much for everything you have done.

PS What is my real name in NZ/FVHS? Minami Moya, Elena Moya, Minami Prieto, Elena Prieto Moya, Elena Prietomoya... or... Sunami, Mirama. Please, choose one!!! It's so confusing!!! Hahaha.

Elena Prieto Moya (Minami)

Ivan Sancho

I arrived in New Zealand a windy day of summer, well summer for the kiwis but for me it was freezing. It was funny to feel the first impressions, of a different country like the cars driving on the other side, people speaking in English and not understanding anything, different houses, sheep everywhere... It was just a week when I had to start school and for me it was exciting because I was going to know more new things, more people and practice my English a lot. In the beginning at school I was a little bit lost looking for my tutor, my classrooms and trying to get what everyone was saying, but the good thing was that I just had 5 classes and not as much time in each class.

In my country it is quite different, the uniforms, with the classes we don't choose them, we just take 13 subjects and the time in the school is longer, starting at 7am and sometimes finish at 2:30, 3:30 and even 4:30pm. Also we don't have to go to the classrooms, the teachers come to us, so we have the same partners the whole year and we get to be really, really good friends.

With time I got used to it I haven't gotten the English that I would like yet but it's pretty much better. I made new friends who stay with, make jokes and have good fun.

I take the school easy, for me it's more the place for get friends, practice my English and do some more sports. That's why I got into the soccer team, well, and because I love soccer. I had a lot of fun with the team, because we were not just a player, we were friends and what is better than to play soccer (or rugby) with your friends. Every game played, every goal (...and dance in the corner) will be in my memories. Thanks to the team and we know we are the best (at least in Tok)

Well, now the school year is nearly finished and my AFS year to, it is unbelievable how the time has gone so fast, but I think I got used very well my time in New Zealand and everything that I learnt here it will be very useful in my future. FVHS, Tokoroa and New Zealand will be in my mind for ever.

I want to say thank you to all the people in FVHS, the teachers (Mrs Sommerville, Woody..., all my friends and all the staff)

Also thanks to my host families, "The Pauls" and "The Webbs" for giving me the opportunity to live in their homes and be part of their lives.

Thanks to my family in my country for giving me the chance to come here and learn more about this world. Thanks to my friends and my girlfriend, maybe some day I can show them where I lived and everything about the beautiful New Zealand.

Ivan Sancho Solano
Viva New Zealand!

Viva Costa Rica!

Anna Jakobsen

Hello everyone! My name is Anna and I'm from Greenland. I have been here in New Zealand for two months and I've still got 9½ more to go. One of my first memories from the first days in New Zealand was the coldness! Before I came here I spent my summer holidays in Denmark where the temperature was 25-30 degrees. Then on my trip here we spent a day in Thailand where the temperature was 40 degrees! So it was very cold to come to New Zealand in the night and stay at a camp where the heater didn't work. Now after 8 weeks I have got more use to it, but I still find it cold inside, and miss our warm houses.

A memory from the first week at school was that I never knew where my class was. I found the school a big maze. But the students were very friendly to help me find the classes and I'm very glad about that. The school system is much different here. That was also one of the things I had to get used to. I couldn't understand what tutor, assembly and study was and I found it strange that we had to go to the classes and not stay in the same one all day. I think it is a very good thing that you choose your own subjects here. In my school at home I had to take 9 subjects. I didn't like all of them so I found it very good that here I could choose them myself. It is very difficult to say what I'm going to miss about New Zealand because I have only been here for a short time, but one thing is for sure, I won't miss the cold houses.

I want to thank all who have made my dream to come to New Zealand come true: AFS in Greenland, Denmark and off course New Zealand and my family back at home! I also want to thank my new family here in Tokoroa for hosting me, and to all you students and teachers for making me feel so welcome at the best high school in Tokoroa! The two months I have been here have passed so quickly. I am looking forward to spending the rest of my year here with you

Ann-Kristin Seutter

Hallo,

Now I've already been here 8 months – time goes so fast. I remember my first days at Forest View High School. I was so nervous and excited. Everything was so confusing and I was fully lost when my tutor group was reading the notices: "Where the hell was I supposed to go?- And when?" Mrs Clark however helped me and explained me everything until I knew what was going on. Then the first lunchtime came up. Luckily I met Elise who started talking to me and made my first days so much easier.

I enjoyed trying out new things like playing hockey and taking part in the production. Our hockey team was great and I had heaps of fun, especially at our last game ☺. Being in the Production as Mrs Kaufman was lots of fun, too. I've never done anything like this before, as we don't have a Production in my school in Germany. Being able to participate in so many different sports and cultural things in your school differs from my school quite a lot. Most schools in Germany don't have a large range of sports. It is more common to play for your town. But I really enjoyed playing in teams for FVHS.

The school system in Germany is very different from the one here. In Germany you have to take about 14 subjects, which you can't choose. So you have to take Maths, all the Sciences, History, Geography, Arts, Music, Sports and a range of languages. We have between 5 and 9 periods a day (one period is 45 minutes long). School starts at about 8 o'clock and finishes between 12 and 5 in the afternoon. I think it's better if you are able to choose your own subjects and don't have to take so many. You remember more if you have less subjects but those you have more intensively; also because you are interested in them. However, some things like not being able to learn a range of languages are a disadvantage here.

I further enjoyed the Athletics Day, the Ball or just being together with my friends. I'm so glad I found you and I'm going to miss you heaps!!!! ☹ I'm just so happy I've taken this opportunity – going to another country for one year, living their culture, speaking their language teaches you so much. You learn more about yourself, make friends from all over the world. If you have ever thought about going away for one year – do it! Off course there are some really hard times but I just really enjoyed my year here and this will always be my second home.

This year has been **far out**!!!!!! And I want to thank AFS, FVHS, my family and my friends for having given me this opportunity, for helping me so much etc....

Ann-Kristin

Johanna Renvert

Hej hej!

Most people at school probably know me as Swedish (it's all your fault Carlie) but my name is really Johanna Renvert. I come from a city, Kristianstad, in Sweden with about 70,000 people so it's been a big difference for me to live in little Tokoroa. When I first arrived I had no idea what to expect about my year in New Zealand. So far it has turned out all good.

School here is very different and so much stricter than at home so that was a big change for me too. Everybody at school was very helpful in the beginning showing me where my classes where, since I got lost very easy. I have had many new experiences here in New Zealand, some of them involving school, for example: playing for the 1st XI girls soccer team, the production "Groovy", 7th form camp and geography trips (or 1 and a 360 degree car crash, but I got a refund so it's alright guys). Also the cows in the paddock next door to school were a bit of a surprise, and I've even found my own little kiwi to play with!

I've had a great time experiencing a different culture and lifestyle and I'd just like to thank everybody for making this possible for me. Thank you to my host family for taking me in, to my own family for supporting me all the way and to FVHS for letting me be a student for the year. To all my friends and my little kiwi - thanks heaps guys.

Peace out and always remember POTATIS!

KURAYOSHI EXCHANGE 2003

Charissa Mamanu

Before I left I was told that I was going to have a great time ever but I thought, yeh what ever!!

But as it turns out, I did actually have a great time!

As soon as I got off the plane the heat hit me and it didn't really change much at all for the whole three weeks I was in Japan!

I stayed in Kurayoshi, which is quite a small city in Japan. Kurayoshi is very well known for ther pears they grow and also their huge watermelons; most of them were bigger than basketballs. The scenery is quite weird, like there would just be a random vending machine outside someone's house. All the

roof tops were made of clay tiles and made every thing look old fashioned, but in a way - 'cool'. Just when I began to think I was still in New Zealand, the rice fields everywhere quickly made me realise that I wasn't!

The HANADA's were my host family. I had an older sister and younger sister, mother, father and grandfather. They lived on a pear farm which all three adults worked on and the pears were delicious. Family life in Japan was very different from here in NZ. Well for starters I had to be up every morning for breakfast at 7 am, and the whole family was there. I even had home cooked dinners every night; no take-aways! I really enjoyed staying with them as they welcomed me into their home as if I were already family.

It took about 10 minutes by car to get to school. The high school I attended was really big. From the main entrance to the farm it was 1.5 km. They also had their own orchards, rice fields, fruit, vegetable and flower gardens, a base ball field, soccer fields, archery fields, 2 gyms and the list goes on.

School life was quite different to here in NZ. Everyday after tutor we had to help clean the school for 15 minutes then there was a 5 minute break before the 1st period started. We had 6 periods a day each lasting 45 minutes with a 10 minute break between each. Lunch was after 4th period and we got a cooked Japanese lunch every day from the dormitory, which contained white rice all the time!

School finished at the same time as here, but every one belonged to a club activity, which they joined in after school almost everyday till at least 5pm. Some clubs even went until about 7pm. This was one of my highlights, especially joining the TAIKO club. FVHS and THS got a little taste of what Taiko was like when they performed at school on the first day back term 3. But actually joining in is much more fun! We also joined clubs like Kendo, which is a Japanese stick sport. That was fun as well!

Another thing we had to do everyday at school was change into slippers when we were inside. They were like plastic sandals with rubber soles and so uncomfortable. We weren't even allowed to walk inside without our slippers on! It was kind of hard to adjust to this life style, but eventually we did it with ease.

I can honestly say that I really enjoyed myself, and only wish that my stay could have been a bit longer! I learned so much from this trip and made a lot of new friends. It helped me to understand Japanese culture a bit more than what I already knew. It also enhanced my Japanese vocabulary. This was a once in a lifetime experience!

Lisa Campbell

I stayed with the Nakae family. They were the funniest, most friendly people I have ever met. They really made me feel at home. I am so thankful for all they did for me. I miss them a lot.

Charissa and I went to Kurayoshi Agricultural High School. We had such a great time and we met so many great friends who I miss heaps. Everybody was so friendly. We were also lucky enough to spend lots of time with the Taiiko club. It was awesome. This exchange was an amazing experience that helped me to improve my Japanese language skills, and taught me so much about the Japanese culture. I will definitely be going back next year!

AUCKLAND UNIVERSITY HOLIDAY SEMINAR

Nom Stairmand

Well here it is.....

Hello! This year I was lucky enough to be chosen to attend the Auckland Holiday Seminar. The best subject for me was Human Biology- even with the nerve, tendon and ligament (yuk) talks! It was really cool meeting people from all over the country and catching up with the Tok. High people. The nights were probably the best with a lot of talking, singing (dont even ask), and truth and dare (eh Kristin). If you get asked to go I recommend that you go because it is really fun and a good experience. I really want to go back next year- and yes that was a hint.

Meg Stairmand.

This year I was picked to go to the 'Extension Seminar' in Auckland. We picked 3 subjects, which we did for an hour each, every morning, at the Auckland Uni. Then we went back to our hostel, Tibbs House, for lunch. In the afternoon and night, we did cool activities, like ice skating, meditation, going to the movies, and SHOPPING!!!! (on our free afternoon off). There were heaps of people there from all over new Zealand, and I made some really good friends. Overall, it was a really fun experience, and I hope I get to go next year!!! (HINT HINT!!!)

Kimberley Middleton

This year I had the opportunity of attending the Extension Seminar in Auckland for the second time. There were a lot of people from all areas of New Zealand. Some were old friends I had meet last year so it was good to catch up again. All three of my morning classes Business Studies, Biolog

y and Problem Solving were very informative and gave me the opportunity to look into new areas of learning. In the afternoons we had free time where we had lots of fun and we got a chance to know the other students. A great eye opening experience!

Rebecca Cook

This Auckland Seminar was awesome. I went last year and it was loads of fun this time as well. It was great to meet up with old friends and make new ones. I did Biology, Drama, and Business Studies. All of these courses were really good and it was neat to be able to take different courses from last year. I really enjoyed it and I know others did as well. Drama was the best option I took. It was so much fun and we had loads of laughs. We had a teacher who had actually been a proper actor.. I would recommend this to anyone.

Zac Cosgrove

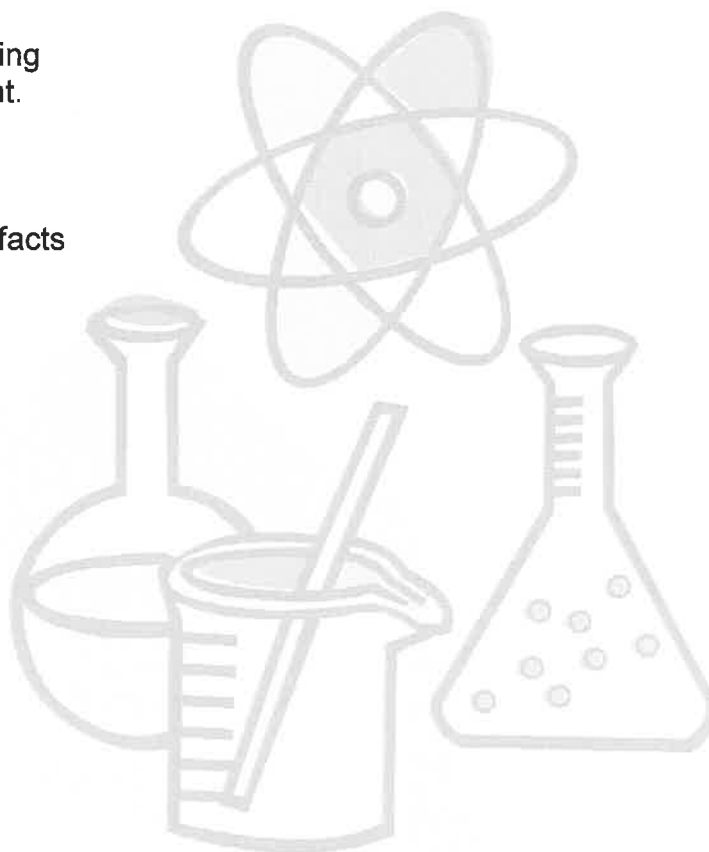

The first week of the holidays
Off to Auckland we all went
To the University Halls of learning
Where half our days were spent.

I met a lot of people
And friends I made a few
I learnt some really interesting facts
In the Science classes too

Not all our time was spent
Hitting the books
In the city for five days
So we must have a look

Ice skating was the best
A real challenge at first
Most of the time though
I came off worst!

But, it was a laugh
Even to fall
It didn't matter
A good time was had by all!

Nicole Coffin

The holiday seminar was a really cool experience and lots of fun. We spent a week in Auckland with about 60 other people from all around New Zealand. During the morning we went to the Auckland University and attended three different classes of our choice.

We just didn't spend all our time going to classes for most of the day we stayed at the hostel and talked to our friends. At the hostel they sometimes had people come in and take lessons for self-defence or yoga. It was cool at the hostel because you got a chance to meet loads of different people that you've never met before. I think the Auckland holiday seminar is a great experience and is really fun.

LAW MOOTING

This has been the first year that FVHS has entered the Waikato Law School Mooting Competition. A team of two lawyers; Fiona Mathis and Wallace Revell prepared a case to present before a judge at Waikato University.

After two training sessions and lectures from the Law School they settled into preparing their case. The only help they had was from Gemma Bright and Kendall Goode. Although, they did seek expert assistance from Mr Matt Hanna, a lawyer with Lewis Jecks in Cambridge. The case involved arguing on behalf of a principal who had suspended a student for gross misconduct.

One evening in June the team visited Waikato University to plead their case against Outumoetai College. Twenty-four other teams were present, all arguing the same case to different judges. Although we did not make the next round of eight teams, our two young advocates represented themselves well both in their preparation of the case and its presentation.

The experience was one that was both interesting and rigorously challenging to the intellect. Perhaps next year we will make the semi-finals or even the final and claim one of the scholarships that are offered as prizes to the winners.

Mr P Arthur

DEBATING

This year has seen debating in FVHS continue to grow in strength and depth. Not only have our seniors continued to do well in all competitions, but also our junior debating has seen competition not only at Interlake level but also in competition in the Waikato.

The year began with Mr Arthur and the seniors taking an extension seminar for both junior and senior students. These twenty odd students enjoyed both the insights offered by Rochelle, Danielle and Gemma and were challenged by Milos' address. The active involvement of many of our junior debaters came from the enjoyment they had on this day.

The two senior teams continued to acquit themselves well at the Hamilton Schools competition. By the end of term two both teams were in the top five. In term three the A team, of Carlie Yukich, Gemma Bright and Milos Blucher, were second and in the final series of debates beat HBHS 'B' going on to acquit themselves well in the finals before a packed house, mainly our own FVHS students, only to lose in a very close split decision to HBHS 'A'.

The same team also competed well at the regional heats of the one-day National Competition, whilst a team selected from our Year 12 members beat Rotorua Lakes high in the Academic exchange. Meanwhile the Junior debaters were growing in strength and confidence from the first round of the Interlake competition. There were three teams chosen to compete in the Waikato Junior Competition at St Peter's and Hamilton Boys'. Although initial success took time to come the teams have competed well. They have been coached by the seniors and learned the techniques of debating well. The seniors too have benefited. Their own skills have been strengthened by the need to teach debating and to adjudicate other junior teams.

Other highlights of the year have been the evolution of Wallace Revell's conversational style into an effective weapon in prepared debates; the diplomatic talent and good sound logic of Gemma Bright and the enthusiasm of Danielle Blair and Rochelle Hamilton as well Fiona Mathis' sound preparation.

This year we say farewell to two seniors who have represented the school for 3 years at the highest level. Carlie Yukich has become a confident and organised first speaker who is capable of holding her own at any level. Who can forget her speaking against St Peter's School in an impromptu debate and both in her address and her leader's reply speaking to the limits of her time with total effectiveness?

Debating at the school also owes much to the example of Milos Blucher, who over the last three years has been the third speaker for the A team. Milos' flair for the theatrical and dramatic has enabled us to have many a close debate turned, yet he also has shown a thoughtful and intelligent wit in the way he has chosen his words.

However we are certain, with the Year 12 students having so much experience and the talent of Juniors such as Nina Stairmand and Ben McLennan, that debating at this school is in good hands and that we will continue to compete effectively with much bigger schools for years to come.

Mr P Arthur

1st XV RUGBY

The FVHS 1st XV Rugby had a mixed season in 2003. This was a year for rebuilding with a lot of new faces both in the team and in the management. Training started early but it was just a core of players who realised the importance of pre-season work.

The season started with a Sevens Tournament in Te Awamutu and a pre-season game in Morrinsville with team places still up for grabs.

The beginning of the competition saw the boys get off to a slow start confronting all of the private giants from Hamilton first up. Once they got past this huge hurdle the boys strengths were more powerful. We then came face to face with co-ed schools that played the same level as us. That saw the tables turn with the boys seeing a series of wins up our sleeves.

Soon after followed a string of wins and losses. This didn't threaten the boys though; we were able to come through the final game narrowly beating Fraser High to give us an overall placing in the Waikato Secondary Schools Competition where we came 5th.

Highlights of the season were our two sport exchanges with Waitara and Tauhara. At Waitara the boys stole the show. We cruised around on the Monday looking good in our No. 1's and provided the greatest of all support for our other teams. We then owned the social. On the Tuesday it was all business with the management looking a little worse for wear. A 60-14 win was a great boost for us especially as it was the decider of the exchange. This score was then beaten when we hosted Tauhara here at school in September. Final score being 65-5.

Thankyou to Win, Dwayne, Alan, Lua, John and Pip of the management staff for all their hard work in bringing the team through the season, as without them we wouldn't have a team. Also to all the parents and supporters who provided transport and support to all the games. Cheers to the local crowd who supported us each time we had a home game.

Congratulations to all the boys on a successful season and to those who gained honours playing for Waikato teams, and especially to Guinness (James) on achieving National Honours

I'd like to wish next years and following 1st XV teams luck for the near future. Represent the school with pride and to 2004's captain, lead your troop strongly.Show whose boss!.....

Cheers James Nikora.

1st XI CRICKET

With the majority of last year's team leaving for greener pastures, this year's FVHS 1st XI Cricket team was left with a new squad, new captains and a new challenge for the 2002-2003 season.

We ended last year in style with a closely fought victory over the Tokoroa High team. This as it happened, was our first victory over Tok High in many years and was a great send-off for a few of the guys who were leaving.

The Season began with Sam Hill being appointed as captain, and the team being entered in the Waikato Districts Men's competition. After Woody put together a few meetings and made more then a few phone calls we had a young and inexperienced team ready to play.

We were given an early wake-up call by a ruthless Pirongia side which put on a seemingly average 150 runs before decimating our side for 26.

In our next match we faced the Tokoroa men's side who looked to be out of our league, once again, with Tokoroa going at about 120 for 2 after 20 overs. But we had an ace up our sleeve in Player-Coach Mike Woodlock. Woody bowled one of the most masterful spells of "off-spin" ever to be bowled in the southern hemisphere, by a Geography teacher. His spinners that don't spin

,fooled every one including the keeper who was hit by a flying wicket. Unfortunately the rain came down and we grudgingly accepted the draw. After the break for the summer holidays we got back in to the swing of things with a great away victory at Kereone. The boys excelled in the field taking all but one catch (thanks Delwyn) and we were able to cut them about 70 runs short of what they looked like getting. Our batsmen all contributed valuable knocks and Hua put the icing on the cake by smashing a huge six to win the match.

We continued our winning streak with wins over Tok High and Keroene again. This match would prove to be our match of the year. Since only 6 players from our team showed up we roamed the streets of Tok in search of some random talent. With three import players in the field - Peter Neil Arthur, Kane Day and Dean 'Big Craig' Wilson - Kereone set an achievable target of 138 after one man scored about 90 himself. We lost a few wickets early and looked down and out until big P.N survived the bodyline tactics of Kereone and scored a brilliant 19. The match came down to the wire and with 6 runs needed off 7 balls tail-ender Dean Wilson strolled out to the crease and edged two runs which got Kane on strike. Kane then smashed the next ball to the boundary and we had our third straight victory.

From then on our boys showed relentless commitment throughout to the end of the season losing two and winning two. At the end of the season we found out we had qualified for the 3rd and 4th playoff against Tok High. With many of our players out-of-town we were unable to beat Tok High for a third straight match and went down fighting, losing by 40 runs.

All in all, it was a fun season with many players improving immensely and making what looked like was going to be no team in to a pretty good one. Thanks to all the guys who played for us throughout the season, especially Kane, Peachy, Dave Cunningham, Big Pete, Mr. Matenga and big Lua Tafau. Just like to shout out a special thanks to player-coach Mike Woodlock who ran around after everyone finding out if they could play, as he has for the last three or four years. It's been a pleasure to have you as our coach, and your presence will be missed by all the boys next season. Cheers.

The Team

Sam "Polecat" Hill

Opening bowler with the potential to play rep cricket. Great things are expected in the coming season. (Aww, Thanks Woody!)

Mark "Hua" Kahui

The Big Hitter of the side. Improved greatly throughout the season as a wicket-keeper

Adam Tafau

Played some classy shots throughout the season. Perhaps the most talented batsman in the squad.

Doug Kotuhi	The only genuine all rounder in the side. Nice shots, accurate bowling, safest hands in the team.
Delwyn Wright	Handy opening bowler. His vicious swing confuses even the best batsman.
Patrick Dudunski	Batted consistently well throughout the season. Not willing to back down to any challenge.
Danny Tunupopo	Very handy player. Accurate bowler & fine lower-order batsman.
Tai Holland	Took key wickets throughout the season. Brilliant fieldsman.
Liam Cunningham	Very keen and determined young player. Has the toughness to succeed in the future.
Kyle Pourau.	Showed great concentration and guts with the bat, especially in the 3 rd & 4 th playoff.
Dave Kauwhata	Very talented bowler. Bowled splendidly in the Gillette cup game at Hauraki.

Sam Hill with special Input from Mark Kahui.

WAITARA SPORTS EXCHANGE

Waitara High School is just out of New Plymouth and during term 3 we went down to the High School for our fourth sports exchange with them. It took about 3½ hours by bus but we stopped for lunch in the sun at Te Kuiti on the way to give us a break.

On the Monday we didn't get off to a very good start. The boys basketball had a really close game, but were missing a couple of players and then Bram went down in a heap during the game. Final score 64-61 to Waitara. Waitara HS Volleyball teams play in a Taranaki competition compared to ours who are only made up for the exchange and after volleyball it was 3-0 to Waitara. The Hockey Teams came back from the water based turf with one up and one down – The boys won 5-2 and the girls lost 0-3.

Netball on the Monday afternoon also went one each way with the A Team losing 21-23 and the B Team winning 25-23. The only other game on the Monday was boys soccer and our International Team of stars (that's what they called us!) took it to them 7-1. At the end of day one the count was Waitara 5 – FVHS 3. There were only 3 games on the Tuesday and we had to win all 3 to win the exchange.

There was a social that night with a sports theme and it looked like some new friendships were made there.

On the Tuesday the first game was Girls Basketball. This started off close in the first two quarters but FV girls ran away in the second half to a 63-44 win. One down – two to go. Girls Soccer was next and they played a great game to win 3-1. Two games to FV and the exchange was tied with only rugby to go.

After a rousing Haka our boys showed them who was in charge of the rugby field and had a lot of fun changing positions and enjoying the game, ending up winning 60 -14.

Final Exchange Count : FVHS 7 Waitara 6.

After lunch, farewells, and Poroporaki well supported by our Haka, we headed home.

A very successful and enjoyable exchange. Congratulations to all who went on your good play and behaviour and thank you to all those teachers involved.

Mrs Denise Hein

TAUHARA SPORTS EXCHANGE

After a night of heavy rain we crossed our fingers and prepared for a wet day. To fit everything in to the busy day, the Boys Basketball was well under way by the time the Powhiri ended. This was a close one with the final score ending up 39-29 to FV. Girls Basketball followed with a win 41-27 to FV.

Out on the greens FV was showing their Tauhara opponents how to play golf and soccer got under way on very heavy pitches. The boys found it hard going and went down 4-2 whilst the girls redeemed us with a 2-0 win.

The netball girls had a point to prove after the North Island Tournament and they did so in style. The 'A' Team won 36-17, and the 'B's 35-10. This only left the rugby, and after a challenging Haka by both teams the FV Boys took over and dominated so much so, that we lost count of the final score!!

A great day for everyone and it didn't even rain! Thanks to everyone for their help.

SENIOR A GIRLS BASKETBALL - FV ANGELS

The year for our girls started great with four new girls coming into our team; Mara, Katherine, Jess & Lisa. We had high hopes of becoming a strong team for 2003. Our pre-season game against Reperoa resulted in a win to us 49-23. An awesome start to the season. Following this, we started our competition games, which we are playing in the Thames Valley League this year:

Hauraki Plains – **WIN** Matamata – **WIN** Morrinsville – **LOSS** Thames – **WIN**
Paeroa – **LOSS** Mercury Bay – **DEFAULTED** Te Aroha – **WIN**
Waitara – **WIN** Tauhara – **WIN**

We've played some good teams this year, although the Forest View Angels play better! We are also the Winner's of the Waitara Sports Exchange. It was a game we had from the beginning. The girls really stepped up and took their game to another level. But unfortunately, we lost Carly to her broken leg, so we couldn't bring her on the exchange, although we know her support was with us. We've had to bring Lisa up into our team also, as she showed some awesome stuffing skills when we asked her to play for us against Thames. In all, we've had an awesome season. I wish next year's ANGELS all the best and hope they carry on our legacy.

The 2003 angels:

Karla "Hun Bun" Marsh –	"I Care if I don't pass it"
Talia "Baby Spock" Henry	"Owe, Don't be a Hungus owe Karla!"
Racquel "Raxy" Standen	"I cant shoot but I'll shoot anyway!"
Tairi "Darling" Ford	"No Racquel...Don't shoot! Pleeeeeease"
Shontelle "Baby" Stowers	"Catch Lisa up!"
Mara "Button" Blucher	"I didn't foul her, she ran into me"
Katherine "Kafrene" Harrison	"BLOODY RABBITS"
Jess "Jess" Kelly	"Oh nah...you go on for me, I'm "sick"
Carly "Carlos" Cunningham	"Take me off, my ankle's sore"
Lisa "Leese" Hawkins	"Catch Baby up!"
Teupoko "Boo Boo" Natua	"Yeah, I'm a B!*#%, what ya gonna do about it?"

A big **THANK YOU** to Ms Umaki for her "fair" reffing and off-court support. Mr Blucher for his support when we needed it the most, and for keeping us in line on the bus trips away. Last but not least, to our "Coach" who was there for all our games.....(NOT), but helped us in a lot of ways. Thanks Miss for everything, showing your support for the team meant a lot.
This year is the last year for Karla, Tairi, Talia and Teupoko. We've played together since 4th form and remained team mates till the end. I wish these girls all the best for their studies next year and hope they hold on to the

memories we've all shared as ANGELS! On a personal note, to the girls we leave behind and to Baby (Shontelle) who the 7th form girls have carried from when she was 3rd Form, Hope you girls keep your game level high and keep representing Forest View at the same standard we did.

Karla Marsh – Captain

SENIOR A NETBALL

Fit, skillfull, energetic, caring, down to earth, loving, fun and most of all**BEAUTIFUL**..... are the words that describe this years FVHS Senior A nNetball Team.

This year has been Awesome!! We are such a young side, but proved to be good enough to make the Premier A grade this year, joined with top teams Excells, Eagles, Spartans, SURF, Raiders, United Force and PHS. We were placed 6th in this grade beating PHS to win this placing. Being in this Grade was a bonus for our team, so a BIG THUMBS UP to all the girls.

This year we also had two Sports Exchange's where we travelled to Waitara High School. Both teams played really well, but with a two-point difference Waitara Girls beat us 28-26. We hosted Tauhara this year who were placed 8th in the Upper North Island competition, a placing before us, but we beat them 38-17. Yes we proved to be better, after all girls!

We also got the opportunity to play in the Upper North Island Secondary Schools Competition. We played 9 games and won 8 of them beating Sir Edmund Hillary, Carmel College, Bethlehem College, Hillcrest High Invitation, Taupo-nui-a-Tia College, Rotorua Lakes High School, Kings College and Kawerau High School. With only one loss this resulted in a 9th placing out of 38 teams, which was an awesome achievement for the girls, being our first time attending this competition. Not only did we sweat and play hard, we also had fun and made new friends at the same time. At this tournament we also found our 12th team member. After 1076 tickets (Shot Maral) and \$10 (paid by Talia, oops sorry Tali, remember your dollar girls, haha) we welcomed our New team Mascot, Uh-oh Nonu, named after his father Ma'a Nonu, who we met and got really close to (I mean **"REALLY"** close) while running two blocks (I lied, only Talia and Karla did, but anyway...) just to get his autograph and a kiss. Also on this tournament we did a lot of team bonding that brought us close together. We went to Te Rapa pools for a swim and also to Pizza Hutt. **A BIG THANKS** to Mrs Standen who shouted us the spa at the pools and put \$100 tab on Pizza Hutt, Thanks for that Miss

!At this time I would like to say some THANK YOU'S to our supporters, our coach Chrissy (YOU WERE DA BOMB!), our umpires (especially you Denisee), Mrs Standen, our Camp Mother (Mrs Bennion), Mrs Williamson (our bank, haha), to our driver, our girl, our everything TEX for being our "Lucky Charm" and keeping our hopes up! Oh yea and also Thanks to the lady who let us in front of her when we were running late (Bloody hell Tex, always running late!). **WE LOVE YOU ALL. THANK YOU MUCH!!**

On behalf of the girls we would like to say Thank you to our Captain Ailsa, who was our mouth on and off the court (Sorry I wasn't always there to help you) and who took the role of our Coach when she wasn't there. **SHOT AILSY!!**

Now to the Girls, where would this team be without you all. Out of the 4 years I've been in this team I have never had so much fun. Good luck to our 7th form girls, Ailsa, Talia, Karla and Rosie who will be leaving school at the end of this year and to all our girls who will be returning to school, GO HARD and make us proud next year. All the best to you all.

Remember girls when you miss each other its all good to **"STOP, DROP, and ROLL!"**

Arohanui Tairi Ford (Vice Captain) p.s Please look after Uh-Oh

AILSAS "AILSYS MAMA" WILSON Na you girls don't know him
TAIRI "CUSHYN" FORD Lets go cheer on my girls, AGG's!!
TALIA "TALI" HENRY Yee hee, lots of encouragement☺
KARLA "KARLANGA - JELLY" MARSH SOL'E, get out!
SAMANTHA "KA-BOOM!" TEKOTIA E a E a, EEEE YUCK!
LELEINA "SHOWTY" TOLOVAE Natu, "that's my dogg!
RACQUEL "MRS DEEDS" STANDEN Raise the roof girls.
MARA "NGATIRA" BLUCHER I Don't go out with him HONEST!
Leina's lying.
PATRICA "WHAKAMARU DAM CLUB" TOTORO. We should all go to Whakamaru
LISA "PURRRRR, MUFASA" HAWKINSCos me and Ben, Ben said, blah blah.
ROSALIA "ROSIE" TOLOVAE I'll be a bit late girls because I have Chemistry.
TEX "OUR LUCKY CHARM" FORD Would you girls hurry up!
IWI "CAMP MOTHER" BENNION Ehhhh I like that song.
KAREN "CAMP LEADER" STANDEN. I want to listen to that "stop, drop and roll" song
DENISE "DENISEE" LEE. If you have any queries don't hesitate to contact me.
CHRISSY "COACH" COOK Shot babe, nice darling. Ok D-D-Drop.
HEATHER "MISS WILLY" WILLIAMSON. Yyour more than welcome to come over.

Team Husband **"Ma'a Nonu"**
 Team Song **"Crazy in Love"**
 Team Anthem **"We are in 9th place"**
 Team Slow Jam **"How you gonna act like that"**
 Team Movie **"The Brothers"**
 Team Motto **"STOP, DROP AND ROLL"**

GIRLS' RUGBY

It all began way back in the 2nd week of February, starting with 30 girls, 13 from last year and an overwhelming 17 first timers (rookies). Got straight down to business and hammered the hard yards in the pre season trainings.

Four weeks later we attended a 3 day tournament in Rotorua hosted by Western Heights High School, narrowly going down in the first 2 games, but an awesome comeback on the 3rd day to beat tournament favourites WHH school 27-NIL. which was a consolation and one of the highlights of 2003. Five thousand tackles, rucks and mawls later, and into the first week of October the girls were still grinding it out on the playing field, this time in the representative scene. Congratulations to Tairi, Dana, Shontelle and Latia for making the Waikato Reps. Also well done to Sarah, Marie, Victorhea, Maria, Cassandra, Ocean, Chevon, Jade, Marissa, Patrice, Bronwyn and Moana for representing South Waikato Tritons at Northern Regionals Secondary Girls tournament hosted by Auckland.

How appropriate that we began our year in a tournament and ended in one.

This year has been an awesome one, as we have become very close. If you ever want an example of a great team Girls Rugby is the one. We have been through the highs and the lows together and that's what makes our team **STRONG!**

It wouldn't have been possible to see the year through without the sponsorship of A.G Sinton and Advantageous, and also the never ending encouragement and support of our parents Renee, Carla, Lucy, Simon, Hilda and Helen and especially of our coach, Niko

FVHS Girls Points : For : 354 Against : 161

Sarah	Mama Skippa
Moana	Momo
Dana	She Hulk
Victorhea	Vick
Cassandra	No Cass u can't haf (275 Represent Bloods) u haf Cass
Heather	Asian Styles

Bronwyn	Brony
Latia	Mama T
Carmen	Bubbles

Shontelle	Baby
Jade	Rashy
Ocean	Girly Beast
April	Sayon
Marie	Noodles
Nikki	Schmicky
Maria	MUDZ!
Raydant	Tangu
Dayna	Danes

BOYS' HOCKEY

This year saw a further rebuilding of boys hockey on the school as four senior players left from last season and others chose not to play. But a small group of 15 trained each Monday in the gym under the eye of Mr Arthur. Slowly over the season some skills and combinations were developed and the team showed considerable potential.

We went through the first round of competition undefeated and were thus promoted to A grade. FVHS found the gap too much between the top four teams and it. So despite some excellent efforts in the field and goal some heavy losses were suffered. After the holidays we were again in the B grade and had mixed results. However the game on the water turf at Waitara was excellent and deservedly won 5-2.

Stand out players were goalie Michael West, Captain Lance Alloway for their commitment on the field in all matches. Even if Lance did get the time wrong once and only turned up for the last half. We can also remember Jeremy Pourau's poaching of goals on the left wing post, Sam Hill's enthusiastic and raw talent, Scott Terry's growth as a skilled player with much potential, especially if he listens to the coach at least once a game. Nor can the contribution made by William Busfield and Cameron Farrar go unmentioned; two skilled juniors who often played with experience and commitment beyond their years.

In fact as groups of players go, this year's team were enthusiastic, tight knit and supportive of each other, regardless of ability and experience. Next year should see an even better team take the field, as most players are returning.

Our thanks must go not only to Mr Arthur for the coaching and encouragement to play properly, but also Mr Busfield and Mr and Mrs Farrar for their management and transport organization, each and every Tuesday. To have them and other parents willingly support the team has meant a great deal this year.

TOUGH 2003

2003 has been a busy year for touch. We were on the ball and started training early & took 3 teams up to the Waikato Secondary Schools Touch in the middle of March. All teams did well and thank you to Mr Rikona for coaching the boys team and Mr & Mrs Earnshaw the girls team. The Mixed team coached again this year by John Natua went through undefeated, winning their competition and qualifying for the Zone 3 playoffs in Whakatane the following Sunday.

Congratulations to James Kamana, Leleina Tolovae and David Lee who were all picked for the tournament team.

FV had to come in the top two in Zone competition to qualify for Nationals and did so with good wins all day; 6-2 over Whakatane, 6-3 over Putaruru, 8-4 over Ruatoria and then 7-4 in the final against Putaruru.

At the end of April we received an invitation for our Mixed Touch Team to attend the World All Schools Championships in Brisbane in October. After a quick team meeting we decided to see what we could do to raise funds as we had less than six months to come up with over \$25,000. Fundraising ventures included a great Trivial Pursuits night organised by Greg Standen and Kim Wright, a Cook Island meal organised by Iwi Bennion and a Hangi organised by Debbie Fransham and Dawn Mihaere and lots of donut sales.

There was still a long way to go so an application for funds was put into the Castle Trust through Vegas. After an initial decline of the application, I rang up the Trust and pleaded our case and was very grateful when they called back to say we had been successful. We were going!!!

Trainings had to be organised around winter sports commitments of rugby, league and netball, and also we were hit hard by injuries as a result of these sports. Not to be deterred we trained on, busily booked our flights, our accommodation, mini vans, arranged travel uniforms and tried to think of all of the things that needed to be done. One of the hardest things was to find teams to play to get match fit, as Touch season in NZ hadn't started. We travelled to Hamilton to play teams, had a game against our ex pupils and then were lucky enough to be included in a tournament in Rotorua the week before we left, that had us playing NZ U/21 Team, BOP U/21 and Counties U/21

We were away in the middle of the night and what a huge tournament we attended. There were over 2300 students playing in 170 teams and over 400 games. Touch is big time in Australia and is played as a year round game. We were just at the start of our season and had had to scratch around to try and find games before we left.

We arrived on the Monday to rain but this helped to keep the temperature down a little. Time was spent every day training, trying to get used to the temperatures and when the rain cleared Tuesday afternoon, we had our first taste of what it was really going to be like.

We were hosted to a game and a BBQ by All Hallows School on the Tuesday afternoon and we got to know them well, over the next few days. They were great hosts!!!

Spare time on the first three days was spent in the malls and with a visit to Surfers Paradise to see the sights. On Wednesday night we went to Ballymore to see the NZSS Rugby team play Australia and were distraught to see James come off in the first two minutes with a dislocated shoulder.

The tournament started on Friday and we had six teams in our pool. First up we played Marsden State High School and took the first half to settle into our game and come out with a 5-1 win. In the middle of the afternoon we played William Ross SHS and had a good 9-1 win. That night was our first experience of playing under lights and the team adapted well with a 10-1 win over Caboolture.

On Saturday we had a game in the morning against Charleville SHS and the team showed them who was boss and ran up 10 tries in 30 minutes to their 1 try. We had the afternoon off so spent the time watching the All Blacks before returning to play Mansfield SHS at 7 pm; a 13-1 win to FVHS.

Only three teams went through the five pools undefeated, Keebra Park, Mt Anglem (from Invercargill) and FVHS. Sunday was play off day and was really hot. Our quarter final was against Beaudesert 12-3 to FV. As the draw 'just happened' to work out we played St Anglem in the semi finals. What a game! The place was packed with Kiwis and at least 400 people watched this game.

It was close, it was hard, it was a brilliant display of NZ touch and we were really pleased to come out with a 6-4 win.

The final was in the middle of the day and the temperature was over 25 degrees. We started with a rousing Haka which thrilled the over 500 spectators, and then it was 'game on'. It was a spectacular game and we were supported by Mt Anglem team who time. The 8-11 loss was so proud and pleased giving Rosalia Tolovae of the Open Mixed team effort!

Lots of thanks must be for their excellent Coach who had faith in for this tournament. To the other staff Graeme Lee, Iwi Bennion, Debbie Fransham, Dawn Mihaere and Greg Standen who all did their jobs well and made mine easier. Thanks also to Touch NZ and Shelley Whittaker who supported us and Scottswood Trust and Vegas who helped out in a big way financially.

Well done everyone!

made. Firstly to the team efforts, to John Natua the us and prepared the team

made. Firstly to the team efforts, to John Natua the us and prepared the team

Bring on the Nationals - Mt Maunganui in December.

Denise Hein. A Very Proud TIC Touch

James	(A roll of tape per game) Stopped texting only on the field (not including half time).
Rosie	'Have faith in the girls'. I'm not a morning person / Rosalia
David (Scooby)	Am I black yet miss? Whose got my phone?
Tairi	I don't need no suntan lotion + ?
Loteva	Plate number? An efficient digestive system. 52 cents
Talia	My friend. Everybody's buddy
Adam My trusty glove. Who is Siete?
Shontelle (Baby)	On a shopping mission +?
Shadrach	I have to make a phone call. Jules needs me! Easily distracted
Leleina (Shorty)	What happens on tour stays on tour!
Ashley (Batman)	This rooms hell flash!

Racquel	Remember to tell the truth! Subject of the deep & meaningful.
Eugene	Who wanted my photo? Wheres my wallet?
Teupoko	Shot my friend! On island time!
Johnny (Papa Gluets)!	That was the whole plan!
Graeme (G dog)	Just a light warm up – NO not the killer.
Miss (Da Boss)	We'll need a Haka for the final!
Mrs B	Found a new job on tour, now multi talented!
Debbie	Ka pai te kai – shop-aholic!!!
Dawn (Nan)	Sous Chef. Apprentice shop-aholic
Greg	Our stats man – but WHAT stats was he keeping?
