FROM THE PRINCIPAL

The depth of talent that we have at Forest View High School continues to impress me. I am immensely proud of the association and link that I have with the students of FVHS and I am excited about their readiness to meet the challenges that await them.

Through the month of October I was part of several panels that selected students to receive scholarships to assist them in the pursuit of further education. The high quality of applicants gave me a greater appreciation of the positive, confident, and culturally secure attitude that is evident in most of our Year 13 students. The students that we interviewed were proud of their school, absolutely proud of their town, and were determined to apply the qualities that have shaped who they are to scale the heights that they will encounter in 2011 and beyond.

Resilience, respect for oneself and others, the ability to adapt to change, to be confident in oneself and one's abilities, to be connected to communities, to become actively involved in the communities that we are part of, and to become a learner for life are some things that our school has highlighted as desirable qualities to be acquired in the 21st century. Our School RAP values encapsulate what we, as a school, seek to imbue within the value base and thinking of our students. To hear so many of our scholarship applicants refer to the school RAP values was assuring.

Student learning and student achievement is the core driver of all that we do at FVHS and in 2010 I was again privileged to lead the group of high quality teachers and support staff that we are fortunate to have as part of our school teaching team. As I have said in other public forums, it is my view that collectively this group of people are the significant point of difference that makes FVHS the top achieving secondary school in the South Waikato region. I acknowledge their commitment and the genuine desire that they possess to make a difference in the lives of the students that attend our school.

The key vehicle that we have identified in supporting our teachers to make the changes that are required to engage the learners of today more fully in their learning, is the partnership that we have formed with the University of Waikato – Te Kotahitanga. Although the programme focuses particularly on lifting our capacities as teachers to improve Maori student learning and achievement, we are finding that the enablers to achieve this are relevant to all students.

I thank our leadership team Mrs Chris Stokes, Miss Sandra Umaki, and Miss Sandy Taipeti for the leadership, passion, and drive that they have displayed in establishing a firm footing to build further development upon.

Thank you to our teachers who have responded so positively to the call for us to become more reflective of our practice and to model what we as teachers are asking our students to be – lifelong learners.

A quote from the Education Review Office's June 2010 publication, Promoting success for Māori students: Schools' Progress, sets the bar for which all schools in New Zealand are required to aspire:

"The impact of school practice on improving Māori success will be a critical factor in deciding the timing of each school's future review. ERO does not consider any school to be high performing unless the school can demonstrate that the majority of Māori learners are progressing well and succeeding as Māori (ERO, 2010, p 2)."

If we want to be considered a high performing school, it is imperative that we work together to close the gaps of achievement that currently exist between our Māori and Non Māori students. Research conducted in Te Kotahitanga Phase 3 and Phase 4 schools (have been in the programme between 3 and 7 years) shows that achievement for all students has improved.

I also acknowledge our Board of Trustees who are committed to making a difference to our students. I thank them for their efforts and I look forward to working with them to improve the quality of education that we are able to offer and that our students are able to access.

The high skill and knowledge base of our senior leadership team is a great strength of our school and assures me that improving student learning and raising achievement remains our central focus. As Principal I can rely on their vision, wise counsel, and unrelenting efforts to move our school forward. I thank them for the leadership that they consistently demonstrate.

My thanks to Miss Kelly Hack for her work as a teacher in our Social Sciences Department. Miss Hack has accepted a teaching position in Melbourne, Australia. I wish well in her new position. I also thank Mrs Adelle Sarich for the years of service that she has given to FVHS and the passion that she has displayed in working with both our students and our teachers. Mrs Ann Swanson is a long serving staff member, who is also leaving her role as a full time teacher of Hospitality and Catering. I acknowledge her for her efforts and thank her for the significant contribution that she has made to our school. I wish all three highly valued members of staff the best as they pursue their new pathways.

I encourage all of our students to make the most of the opportunities that are extended to them and to navigate their lives in the right direction. This direction is to be the best that they can be, in the educational pathway that they pursue. I trust and hope that our students will accept the responsibility to become leaders of their own lives and to strive for excellence in personal performance.

HEAD BOY

Well what can I say? It was such a great year and I'm sad to say it's nearly over. From my first day as a shy third former, to getting up and talking in front of the whole school, it has been a blast and I am going to miss Forest View so much. A huge part of my success has to go to the girl who is probably the nicest, most organised, most awesome person I know...Kelly. Thanks man you really are a legend and I honestly couldn't have done it without you. I've known you since we started at Tokoroa Intermediate in Room 18 with Ms Hughes and we've been in most of the same classes ever since. This probably helped us throughout the year since we knew each other so well (or just made it hard to tell me if I wasn't doing something wrong because you're so nice lol). I know you will do well next year down in Palmy and very soon I will hear news that you are top dog at some hospital. Thanks again Kelz, you really are one of a kind.

To my fellow Year 13s, well the ones that didn't drop off during the year, it has been a pleasure and I know we are a very unique year and there will never be one like it ever again. We are awesome and we all know it. Good luck in the future and I hope to keep in touch with all of you. Also the First Eleven boys well done!! Mr Knight, it's all thanks to you and Kyle. It will be the day when the team finally reaches the premier league lol. To my tutor and the great Mr Ukrainec, keep it real and make Arapuni proud.

I am really proud to come from a relatively small school in such a small town because I carry a great amount of pride for my community and know just how special we are. Those who make it to Year 13, know that your school life becomes something special and cherish your last days. It has taken 13 years to appreciate school and now I'm going to have to go out in the big world and find my way.

A huge thanks to all the teachers and friends that have stood by me and encouraged me in my time at Forest I wish you all the best. I will leave you all a quote, "Time you enjoy wasting was not wasted!"

Goodbye and good luck,
John Bright

HEAD GIRL

This year has been one of the most amazing and challenging years of my life. A year I will never forget! From the assemblies, socials and meetings to the fundraisers and events, there have been so many funny and amazing memories that will last forever. Being Head Girl this year has been an honour and privilege, a phase in my life that has taught me so much.

A little under five years ago I was starting my first year as a Year 9 at Forest View High School. I was so excited with my new cooler lunch box and my hair slicked so tightly back with handfuls of gel (it was the look). My parents there, snapping pictures and wishing me well. And I had met some new friends who were just as nervous as I was. In some ways, not much has changed in five years.

Here I am today. O.K so I don't bring my cooler lunch box or have my hair super slicked back with gel, but those were the days. My parents are still snapping pictures and my friends are still here, nervous but somehow excited for what the future holds.

I really must thank all my friends for being there for me. All the times I've had to bail out of plans and cheat on you with school work and duties, you're always there and supporting me, no matter what. To the Year 13s, YEEHAAAA guys we made it and survived thirteen hard long years of school! We've had some really good times and and sweet memories to carry with us through life. It has been great growing up with you lot, seeing how much we have changed over the years from teenagers to young adults. I thank-you for making this year enjoyable and worthwhile! I wish you all good luck for the future and take care of yourselves in the big world. No doubt we'll see you back in Tokoroa, doing the famous pie cart rounds.

BIG thanks to all the teachers and staff in all you have done, not only for me but also for the school. I appreciate everything you have done and nothing this year would have been successful if it wasn't for your help, advice and humour. I owe a huge thanks to John and the student leaders. Congrats guys we did it!! Our reign as leaders is coming to a sad end but I will treasure all the memories, times in Mrs Deihl's office and days we have spent working together. John, you and your tie! You have been great to work with and it has been a privilege to work with someone as humorous and respected as yourself. Thanks guys for everything it has been an awesome year and I wish you well.

To everyone else, thank you so much for giving me the opportunity to be head girl. I am leaving with so many memories and I wish you all luck for the years to come. Work hard, have fun and take care!

HEALTH AND WELL-BEING

Being the first leader in the role of Health and Wellbeing in the school was pretty breezy, because the school had already set up things to enhance the wellbeing of students. What I did was advertise the groups by using posters and notices so the people who weren't too familiar with SAVE, SADD and Breakfast got to know that there was something they could join, a place to go to and people they could turn to.

This year was quite productive for SAVE. We recieved a grant from Pulp and Paper and with that we were able to get a graffiti artist in to teach students how to graffiti the right way and show why it's better to do it legally rather than illegally. Using these skills, we created a mural for SAVE in the Safe Zone.

SADD's Robyn Joynt held an assembly about the people who have been affected by drunk drivers, and after the assembly the SADD group and a few students released balloons representing the lives that have been lost from drunk driving.

Breakfast started off a bit bumpy, but after saying a little something in an assembly more students came because of the cold winter mornings and the free Milo and Weetbix. Starting off with a small group doing the breakfast, the Lake Leaders and the Head Boy and Head Girl soon got involved, and there was always someone to open up and get the water boiling for the Milos. Thanks to Fonterra and Sanitarium for their support.

All in all, the Health and Wellbeing Leadership role was an amazing job, and I wish all the best for the 2011 Leader!

Danielle Te Momo

SADD STUDENTS AGAINST DRUNK DRIVING

The year started off slow and steady with a couple of conferences and a SADD camp for the SADD leaders across the country to learn more about the cause and to develop new skills on how to develop SADD in our school. During National SADD week we held an assembly and did a presentation on the impact that drunk drivers can have on family, friends, even the entire community. We had a balloon release for all the victims of drunk drivers.

Thanks for an awesome year!! Thankyou to Mr Haines, T.I.C., and Mr Treasurer for having the display in his room.

Remember: Its not SADD to be sober!

Robyn Joynt

SOCIAL AND ENTERTAINMENT

Having this leadership role has been very exciting. When I was told I had been given the job so many ideas started rushing through my head.

I gathered a great committee and together and we planned many great events. Our biggest job was the school ball. It all started around March, even though the ball was in July, but we all wanted it to be extremely well organised. It was stressful at times but also very entertaining. Our theme was 'Tonight is your Fairytale' and it turned out to be amazing. From creating 300 origami roses to sticking up 350 paper bricks on the walls, everyone worked as a great team. When people arrived at the ball on Saturday 26 July they were amazed at how hard the committee had worked to create an awesome ball. Our main feature was the entrance way where, thanks to Darren Manthey, we had a big bridge to walk over. The entrance was decorated as if you were walking into a castle. Everyone enjoyed their night and it was like a fairytale.

Along with the ball we also had socials, we were also supposed to have a week for non - sporting activities but due to the lunch hour cut we didn't have the time for it.

I have really enjoyed being the social and entertainment leader this year, even though I was a guinea pig. I wish the future leader all the luck and I know that whoever it will be will do a great job.

STUDENTS ENJOYING THE 2010 BALL

SPORTS COUNCIL 2010

This carefully chosen group of dedicated, passionate, young students became the founders of the Sports Council, we labelled ourselves 'the most functional committee at Forest View High School'.

Chelsea, Morgan, Fraser, Cody and Beast – who we lost along the way when she moved to England, took time out of their busy schedules to have two meetings every week (this wasn't to get out of long tutor times), to plan a range of activities for the students to be involved in. From Sumo wrestling days, to push play days, even wheels days, our committee achieved what we wanted to in 2010 by promoting our motto 'Get amongst it' and have students become more actively involved in sports and activities around the school.

Being a part of this was both fun and challenging and i would like to say a huge thank you to Mrs Hein who helped us out by letting us use her room for our necessary meetings and to make sure our ideas didn't become too silly and impossible.

I look forward to seeing what new ideas Nadine will offer next year, i know she will do a great job. Long live the Sports Council 2010. We traded our baseball caps for a crown. We will be remembered ☺ ..

ROCK QUEST BAND 2010

Shutter Speed is the name of this year's Rockquest band. They travelled to Tauranga in June to perform their original song at the heats. The Bay of Plenty region of the competition was new ground for FVHS bands as they are almost always entered in the Rotorua region.

Jordan Ehrhardt kept a solid beat on the drums along with Fraser Flutey on bass. Dylan Knight and John Bright played rythm guitar and lead guitar respectively and Michelle Stratton was on vocals.

The band went last and had to try and impress the judges who had been sitting down for at least four hours. Although they did not place in the competition, it was a huge learning curve. It did not discourage the members for long, as they have a paid gig at the Tokoroa Club for the A & P Show this year.

A huge thank you to Mrs Earnshaw and Mr Knight for the countless hours of refining and tutoring.

JASON BLUME SONGWRITER COURSE

On the 22nd of May a group students went with Mr Knight to Auckland to see Jason Blume a well-known song writer. We attended a two day song writing seminar, learning the basics up to advanced techniques on how to write a hit song. Jason Blume is a very famous within the music scene and hails from Nashville, Texas. He has written songs for various artists such as Britney Spears and Backstreet boys and has had 40 number 1 hits and taught us so much.

After the course the first day we went to backpackers just off Queen Street where we unpacked our gear and then went for a look at some shops and had Wendy's for dinner. After a late night watching movies at the Backpackers we woke up to make a hot breakfast before finishing off the course.

A good time was had by all and thank you to Mr Knight who made it all happen. I know everyone who went had a good time and learnt a lot. We will all cherish the experience.

ATHLETICS

It has been a busy year for AFS with students coming from and going to various countries to have an amazing intercultural experience. We farewelled FVHS students during the year - Helen Boseley, Caitlin Whitford and Ashleigh Totton; and those returning home - Stephanie Kirchmayr to Switzerland, Sebastian Anastasiades to Denmark and Coralie Baussens to France. We welcomed Tracy Chua from Malaysia, Germi Nardelli from Argentina and Luiz Sossella from Brazil. We would like to really thank the families who hosted these students. Without you these students would not have had their opportunity.

TRACY CHUA FROM MALAYSIA

Kia ora, I am Tracy (Chua Sheng Ling). I'm from Malaysia and I'm Malaysian Chinese. Malaysia is a country located in Southeast Asia.

I lived in a small town, Tawau. My brother was a returnee from Argentina. It was interesting to hear about his experience and I realised the changes in him before he went and after he returned were really huge. I felt that it might be a good chance for me to experience more about the world and explore myself. I finished high school last year and I was actually quite confused about what I should do next. I decided to have a break before I continued on to University. NZ was my first choice because I love the natural environment here so much, and it is an English speaking country.

When I arrived at Auckland airport, I was a relieved because I was finally here, excited because a new life was waiting for me and worried because everything was different. I still remember when I was at the airport - all around me there were ENGLISH and TALL FOREIGNERS!!! Haha... It took me a few weeks to adjust the environment. Kiwis speak really fast English. Sometimes when I got tired to ask or listen in classes, I used to pretend I understood, but actually I didn't. Hehe... Luckily, it's getting better.

Of course school is different too. Lots of people have asked me, do I enjoy study in NZ or in Malaysia more. For me I like both and they are totally different. I like FVHS because the school provides lots of chances and opportunities for students to discover their talent and potential. But, I don't really like the college style changing periods though, it is just my personal problem. I'm very bad with direction and I always got lost at school in the first two months. I found that study here is the most relaxed school life I've ever had. Haha... School life in Malaysia is kinda hectic. Normally we start school at 6.55am, and then finish at 1.20pm or 2pm from Monday to Saturday. Every day, we have at least 9 periods. We have to take about 8-12 subjects for exams and there are about 5 extra non-examination subjects that are compulsory. On Friday or Saturday, we have to attend our co-curriculum sections. My school has 7 societies and more than about 30 clubs (sports and art clubs). We stay in the same class throughout the day, and every period we have the same 50 classmates but different teachers. But we always have activities with other classes, so we are pretty close to everyone.

There are many fun activities in FVHS though. I liked the sports day when everyone dressed in their lake colours and some of them had funny outfits. The Production weeks, everyone worked hard on stage and laughed together backstage. My first Poly dance was awkward but fun. In my music class, I thought 'How lucky kiwi kids are!'. Our music class back home is just sing along and that's it. Here I got lots of chances to do performances and gain experience.

I feel sad and regretful that I didn't try to get into sports. If I got a chance to start again, I might join sports too. Although I'm not the sporty type, at least I know the feeling of being hit by a ball or a twisted leg. LOL~ (^ u ^)

My AFS experience has been absolutely priceless. Even though I had a hard time in the middle of my stay, I still learnt a lot from that. I have so much love for my family and friends that I never realised. I kept comparing and complaining about how my life was until I realised how lucky I am. I always made a big fuss over a minor issue or I was easily upset when things went out of my control. But now I've learned to stay calm and be mature. It is hard to change your surroundings rather than changing your attitude. Everything has their good and bad sides, it depends how you find the balance point. Problems might be easier to solve when you face them. It is hard to tell what I learned this year. Did I change to a better person? I'm not too sure, but I think I am more complete by learning who I am. =)

GERMI NARDELLI FROM ARGENTINA

Hi I'm Germi. I'm 17 years old, and I'm from Argentina. I chose to take a year out of my school and go on an AFS exchange because I wanted to have a relaxing year and meet new people and see new places and understand the cultures in another country.

My first impression of NZ was that everything was clean and green. Very different from where I came from. In the beginning I was worried about how difficult it was going to be to get friends and get good at English. What I think now is that I did well and I don't have worries or difficulties any more.

The major differences between my school and FVHS are: the size of the schools in Argentina are smaller because most of them are in the city centre. We can't choose the subjects we do. You have to take 14 compulsory subjects for the year. But, in the last 3 years it is like years 11, 12 and 13 here. You can choose the types of subjects like Business, Humanities (exchange; Languages, Art etc) and Sciences but they still have 14 subjects each. We start the school at 7:30 and we finish at 1:00 but there are 3 intervals; 2 of 10 min and 1 of 15 min. We have Computers and P.E in the afternoon 2 times each week. We also have 1 hour of homework or study for exams every day.

FVHS has given me the opportunity to play soccer in a school team, people have included me and treated me like all the other students and and I've been involved in other things like the competition between the Lakes. That I really enjoyed.

I think that this experience taught me to grow up, helped me to become a better person and know about another culture. It brought me friends, a new language and I feel proud of myself.

CAITLIN WHITFORD HOME FROM JAPAN

こんにちは、私の名前はケイトリンです。今年の三月、日本に行きました。

Hey, I'm Caitlin! This year I was lucky enough to receive a language scholarship, which allowed me to live in Japan for 5 months. On the 24th of March I was off to spend 5 months of my life in a small city called Omihachiman, on the other side of the world.

12 hours after leaving my family and friends, I landed in Tokyo. From Tokyo we had a 12-hour bus ride to Osaka for orientation camp. For the first few days it still hadn't really sunk in that I was actually there in Japan. Three days later and I was off to meet my host family. My family was so cool and sweet. I had a 7-year-old sister who was completely adorable and a 12-year-old brother which was very different as I only have a sister.

1 week later and I found myself riding, alone, to school in a skirt with a tie, blouse and blazer on, with my bag in the basket and hoping like hell I wouldn't get lost. When I finally arrived at school everywhere I looked there was a sea of black hair and I couldn't tell anybody apart. Let me tell you, I stood out a mile! I will never forget the day I was riding to school and some crazy Japanese man jumped out in front of me and made me stop just so he could ask to take a photo of my blonde hair.

School in Japan was completely different to school here in New Zealand. School started at 8.00 every morning and we had 7 or 8 periods a day! Everyday there were clubs after school, which every student had joined. I joined the Koto (Japanese Harp) Club and Kyudo (Japanese Archery) Club and during the summer holidays I played soccer with the Soccer Club. I had practice every day after school and usually it wouldn't finish until 7.00 at night.

I loved every minute of my exchange. From struggling to communicate and battling 38+ degree heat and 80% humidity to seeing amazing places and integrating into a different culture. There were many challenges to overcome and some difficult moments but every second was worth it. I made loads of friends, not just from Japan but also from everywhere in the world. I learnt a new language and I have an awesome adopted family.

AFS is the experience of a lifetime and I think that if you get the chance to go on AFS... do it! You won't regret it!

よろしくおねがいします。

HELEN BOSELEY IN THE NETHERLANDS

Hi, I'm Helen and I've been on an exchange in the Netherlands for about 8 and a half months now. I live on a dairy farm with an awesome host family, and am just a short bike ride from other towns. In my host family I have a Mum (midwife and special needs teacher), a Dad (dairy farmer), a younger brother and two younger sisters who all attend the same high school as me. They are all open minded, fun and welcoming people who are the reason my exchange has been as great as it is.

I have had many experiences here that I never would have had if I had stayed in New Zealand. In my first week I walked 40 minutes out into the middle of a frozen lake to see giant ice waves caused by the wind!!! – Something I just couldn't imagine before I came. I've been to Amsterdam, my favourite city, MANY times, and every time I go I find something new and interesting. Although it's all put on for the tourists, Amsterdam amplifies everything Holland is liberal about and it's really mind opening. Although it wasn't very pleasant, I went to a concentration camp, and it's an experience I will never forget. You really start to think when you are standing where thousands of people have been murdered for no just cause.

My exchange has not always been easy though. I had to change host families and that was a very difficult decision to make as

there was no guarantee it would work in the next family or if I could stay in the same school. But it taught me a lot, because I had to deal with a very awkward and difficult situation on my own, and I had to realise that I have to live for myself and not for other people.

I've met so many great people this year, and not only have I come away with international contacts; and another language, I've had to experience and understand the Dutch culture, and I've learnt about many other cultures from other exchange students, and I've realised things about my own country and culture that I didn't understand before.

I've had a great exchange so far, I've learnt so many things I couldn't possibly have learnt in a classroom, and with only a couple of months to go I know it will continue to be great.

ASHLEIGH TOTTON IN ITALY

After working very hard with her family here to raise the finances for her AFS experience Ashleigh left in late August to spend six months in a small town in northern Italy near the mountains and close to the Austrian border.

She lives with her host family, (Mum and Dad who only speak a little English along with a brother and sister are at home but she has another host sister who is in NZ on AFS at the moment).

Each day she travels 40 minutes to school. The school day begins at 8.00am and finishes at 1.30pm. The students take 12 subjects, stay in one room all day and the teachers come to them. Three days a week after school she goes to Italian lessons and she feels her language skills are really improving. She also attends contemporary dance lessons which she is enjoying.

Each day there is a cooked lunch and dinner, (this is like 2 courses of pasta and meat). She enjoys the Italian lasagne and loves their chocolate cake which she's learned to make. She's not so sure about the bread and pizza there though.

Already time is flying by so she is trying hard to make the most of her opportunity.

CHOIR

The School Choir is for students who love to sing! We perform for visiting school groups, schools around Tokoroa and our annual School Production.

Getting underway in Term 2 each year, the choir aims to showcase the talents of students in encouraging them to build on their confidence as singers and performers.

We invite you, all who love to sing, to join – THE CHOIR.

Memorable sayings:

The 'Choir Slide' – weeeeeee down the ramp we roll...oi watch out, Mr Haines!

"Sit still" – the most overused phrase during Production week
"Where is everyone?" "They're at the Tuckshop, they said to tell you won't be long Mr"

"It's Michael!" the most overused name in choir hahahahaha

"We can't fit...again!" "Well make yourselves fit" "Aww man!"

"Ow your flat!" Kearrring! bwahahahahaha

CROSS COUNTRY

POLINETIA FA'ATASI TOGETHER AS ONE

- P** – Puweeeeee where's Samuel, Truice & Teao?
O – Ok, who can still fit their costumes? Extensions anyone?? bwahahahaha
L – Life long memories. (Sjaan & the pork head lol, Mataio's hula skirt falling down OMG, The Situation bwahaha, "whose skittle packets are these"? Courtney's! A black girl & a tall skinny girl? (Oh, Kai & Jerry), Sheridan's costume malfunction!)
I – Is 5 people allowed to go on the Giant Mammoth?? (Wet n Wild – Gold Coast) Yes, 5 normal sized people bwahahahaha
N – Now drop and give me 20! (All have mastered the art of 'Push ups')
E – Entertaining! Enjoyment! Enthusiasm! Even on I AM TV! Eating! (Pie Cart VIP lol)
T – Too good! Who gets the most chops? Hannah?? bwahahahaha

TE PIRINGATAHI NOHO MARAE IN WELLINGTON

On Monday 20th September 2010 Te Piringatahi members, parents and teachers left for a week in Wellington. The purpose of our trip was to form tight bonds within our group and establish positive relationships with each other, including adults.

What a fantastic week we had. We stayed at Tapu Te Ranga Marae in Island Bay. It was a great way for the students to experience a non-traditional marae which was built on the concepts of whanaungatanga, manaakitanga and a sense of belonging. The 9 storey Marae was our home for the week and we utilised the facilities to its full capacity. We were very lucky with the weather and were

able to participate in all of the planned activities, and more. It was a week of beautiful sun and slight winds. The activities included Te Papa Museum, waka ama, rock climbing, kayaking, roller blading, scavenger hunt, shopping and much more. There were many highlights on this trip and it was awesome to see the connections and friendships that were formed.

Many of the students were excited at the chance to try Waka Ama. For many this was their first experience and they made the most of the choppy harbour conditions. It was truly a sight to see. From the karakia to the races they had grins from ear to ear.

Another highlight was the scavenger hunt. The students and parents were split into teams and were given 2 hours to retrieve as many items as they could from a list. The scavenger hunt took place in the city centre and they were to report to Shirley and myself before the 2 hours was up in the civic centre. It was amazing to see the dedication from the teams and the lengths that they went to acquire the items. When it came time to tally the results it was the parents that were pleading their cases for their groups, I suspect competitive streaks in these individuals!

Overall it was the most amazing experience for all who went. It was an emotional farewell as we prepared to leave Wellington and we evaluated our week and how far our group had come in such a short space of time.

To Anthony and Shirley Haare, Brian Nicholas, Shelley Maraku and Harry Soloman a huge thank you for your time and effort on this trip.

To the students Kia Kaha. Know that nothing can defeat you. You all have the potential to rise to the challenge and make the most of who you are and who you want to be.

The memories and friendships that were made will last a life time.

PRODUCTION

Term Three, Week Two-Production Week. A week of fun and mayhem which is built on hours and hours of preparation by all who take part, teachers and students alike. A week where over 100 students of all ages and social groupings come together for a single purpose-to enjoy themselves in a show to be proud of! A week where some students are before an audience for the first time and others are doing their swansong performance. A week to look forward to again next year! See you all there!

Year 9 comments

The Production was a great experience. It was heaps of fun and it was a way to meet new people. The practices were hard but they definitely paid out in the end. We can't wait to be part of next year's Production!

Kaitlyn and Rachel

The Sweeney Todd Rock n' Roll Show

Comments from our four who have been in the Production for 5 years!!!!

The school Production has always been a part of the year that I most look forward to. Over the last 5 years being involved I have met heaps of new friends and have some awesome memories. Thanks heaps to Mrs Yukich and all the teachers who make the Production possible.

Ashleigh Wilson

Five awesome years gone from Flapper to Sweeney Todd. What an amazing experience to be involved in. Mr Ukrainec's crazy antics and stressing Mrs Yukich out, to it all coming together the day before the show. The crazy atmosphere backstage is a highlight every year with make-up, music, crazy games of Cheat, skipping, table tennis and wierd photos. Production has been an amazing part of my high school life. I was happy and privileged to be a part of school productions and they will be experiences that will stick with me forever. Thanks to all the teachers over the years for this great opportunity.

Emma Woodrow-Smith

The Production.....What can i say?!!!! What an eventful five years!! From being a 'Flapper' in 3rd form to being a serial killing barber in 7th form the Production has been a huge part of my school life! To look back and see all the great shows we have pulled off and the unforgettable memories we have made it is sad

We had heaps of fun and met lots of new friends through Production. It was a great experience and we would surely do it again.

Leonie and Sharna

The best thing about being in the Production was having fun meeting more people in the school and being able to go on stage. I decided to go in the Production so I could do a lot on stage but at first I just signed up to do backstage. Then I was asked to do some things on stage and I took it on, so I encourage everyone to join the next Production.

Breydon Jenkins

that it has come to an end for me. I will never forget Mr Ukrainec and his crazy, over the top teaching ways, Mrs Yukich and her stressing out and mothering us and our backstage sing-a-longs where I'd get in trouble cause I'd have to 'save my voice'! I hope that the legacy of the Production will carry on long after I leave Forest View. I would love to come back and see those students that I worked with when they were 3rd form, grown into confident performers who are as passionate and excited to be part of the Production as me and the other year 13s were in 2010. Long Live!

Chelsea Alley

Blood, pies and body parts. Mix it with actors, dancers, the band and choir, and you get the Sweeney Todd Shock 'N' Roll Production. With an extreme set and great lighting we were all rearing to go.

It was a slow start with actors not wanting to be their parts and then some people not showing up but we made it by show day. With smoke, slitting throats, baking people into pies and disappearing bodies, the crowds were amazed. With a show going on out front and a show going on out back, it was always entertaining. There was Mrs Yuki running back and forth with her little light calling us over and Mr Ukrainec sitting in the audience cracking up at things that weren't even funny!

Everything turned out well, even the last night no lines were muddled up or anything. I swear I saw a tear in Mrs Yuki's eye. This year's Production was honestly one of my favourite years and I wish I didn't have to leave!

PRODUCTION

On the 11th of September, our group of 13 girls and two teachers set off on a trip of a lifetime. To JAPAN!!

In the early hours of the morning, at 5.30 am, we checked into Auckland Airport. We had to wait until 8.30 am to finally take off. For some of us it was our first trip on a plane so we were either nervous or really excited.

At around 4.30 we arrived in Japan. After an eleven hour flight we were all excited to walk around and get feeling back in our legs.

We finally got outside and hopped on a bus to head to Misato Kita High School to meet our host family. But around 20 minutes into our trip Mrs Gibbons realized she had left the phone at the airport so we had to travel all the way back to get it.

We finally arrived at school and got sent off with our host families. We spent 4 nights with them and it was a really good experience. On the last day of the host family visit, most of us were a mess. It was very sad. After that we travelled around to places like Kyoto, Tokyo, Osaka, Akihabara and many more. I think most of us liked Disney Land the most. Overall it was the best and most fun experience we have ever had. We had the best group possible, especially the teachers – thanks Mrs Gibbons and Mrs Stokes.

Y13 GEOGRAPHY TRIP

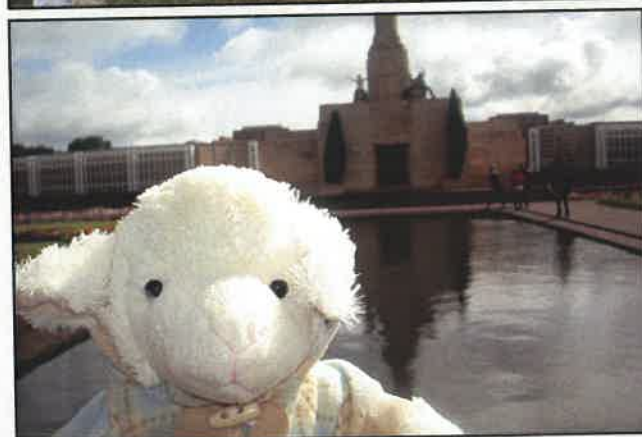

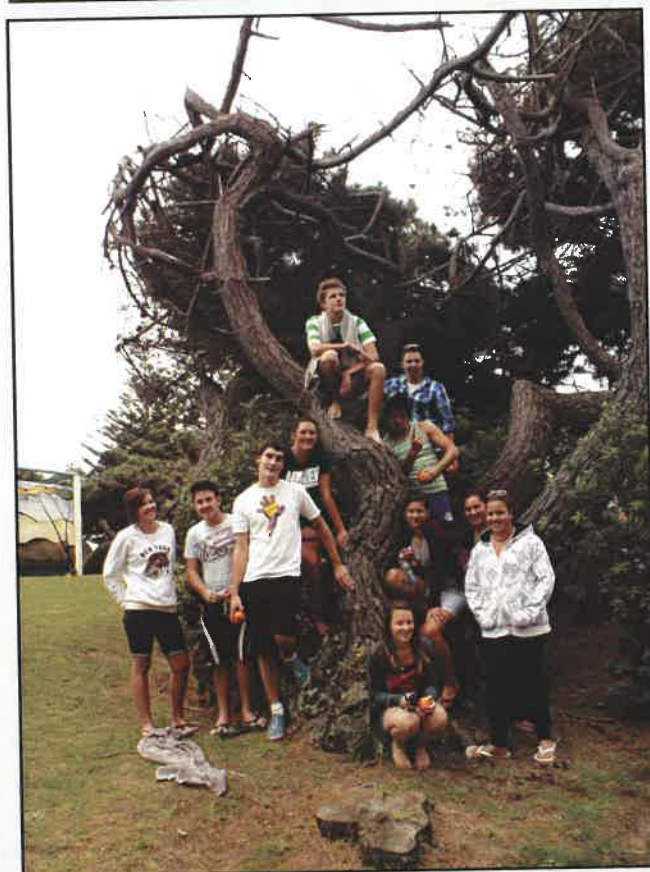

It's been a bumpy ride, like an episode of Outrageous Fortune.

Starting with an adventurous trip to Muriwai (the last of its kind here at Forest), where, due to our mature shopping habits (Miss let us shop for ourselves we are grownups after all) we realized we were struggling to sustain ourselves nutritionally and couldn't live off of Skoffs, Doritos and Coke; we got in to the swing of things. Some more than others. By the end of the first night the battle for survival was evident, with certain people deciding to cannibalize each other (well their food anyway).

The next day was filled with "Traditional Photos", Artistic Beach Drawings, and a so called 20 minute walk to the river mouth that actually took half the day. The weather turned terrible and only the brave (or stupid) would enter its icy depths (Hmmm think that was me).

During the second night Polish boy Sebastian kept everyone awake with his snoring, but no one seemed to mind and most people talked through the night. Everyone enjoyed their trip to Muriwai and we recommend it to those who study Geography next year.

First in class changed a couple of times and ended with one of the 'Originals' - Amy-Leigh. Congrats by the way!!!!

A few internals later ... We had our final re-grouping/bonding/farewells at Lone Star Vegas styles and received many awards for our antics throughout the year. Here are a few of them...

Amy-Leigh – The Glengarry Miro McKenzie Award, by way of Brazil.

Olivia – The Conscientious Award

Jesse – Most likely to be a TV Star Award.

Courtney – The Volume Award.

Keegan – The Mr Muriwai/Environmental Leader Award

Sebastian – The Polish Award.

Wesley – The First to Achieve Level Three Award.

Danielle – Happiest Person Alive Award.

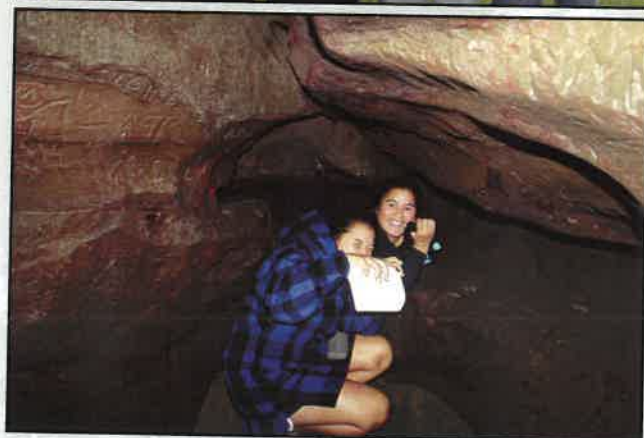

Mihipeka – The Shy Girl Award.

Jared – The creative writing award, the befriending AFS award.

Chanell – Overall best attendance Award.

Luiz – The Ninja Award.

Miss Hack – The Melbourne Award

Y11 GEOGRAPHY TRIP

YEAR 11 TRIP TO MURIWAI

Our two day trip started at 8.30am when we left school for Muriwai (West Auckland) for our Year 11 Geography Trip, and, my oh my, the wonderful things we saw and did. Here are our highlights...

The cresting moons of the Bay of Plenty Polytechnic Padi Divers - this made the trip there extremely amusing

Miss Hack freaking about how much things have changed and telling us all the time about how the year 13s are going to be shocked

The spotlight game

Oranges that went backwards and forwards overnight

The Carmel Girls (Isaac and Chad, sorry they're year 8s) not being Y13, like Miss promised

Fish and Chips for dinner (thanks Mrs Sommerville)

Chad and his aversion to photos

Brendan's swimming efforts - then spewing the water because he wasn't watching the waves

Hillary, being the winner of spotlight

Martha, for not getting the competition even in the slightest but laughing anyway.

Miss Hack, for getting the sneakiest ninja shot and Chad for the closest shot

Te Uru, for learning more than anyone else

Brendan killing the spotlight game

The bell ringing at stupid o'clock for breakfast (not ours by the way)

Luana, for talking to all the people and telling them why we were here and being the first one up and remembering her camera for her assessment

Hillary and Chad crab hunting in the rocks even though Chad already had some

Isaac and the possum tripping up Mrs Karl

The cave we couldn't go in

Luana and Mrs Karl for the musical toilet introduction.

Brendan, for being a good, but smelly, sport with silent but violent recognition of Hillary and Chads' stellar artwork all the way home.

An awesome trip had by all!

YEAR 11 HISTORY TRIP TO PARIHAKA

At the end of Term II, we made our way to the Taranaki to visit the home of peaceful protest. The students met, and spent three days with the grandson of Te Whiti o Rongomai (who is also a great nephew of Tohu Kakahi). This man, well into his eighties, shared his life and understandings with the group – something that is very rare. He was tremendously impressed with the students of Forest View High School, as they were with him. His mental strength and physical prowess amazed us all, that's when we could keep up with him.

The students raised the majority of the funds themselves which heightened their interest and appreciation of the experience. An exceptional effort went into the trip and the research of the Parihaka invasion of 1881 prior to (and after) travelling.

We experienced a magical three days, standing where history had happened and treading the paths of Aotearoa/New Zealand's famous ancestors. Each student was touched and knew they had done something few get to do. We all knew that we were privileged.

YEAR 12/13 HISTORY TRIP TO HAMILTON

On the ominous date of Friday the 13th, we took a van through to Hamilton to develop our research skills in the library and visit the museum.

To be honest, we were a little overwhelmed at the size of the library and the number of floors/areas that could be accessed. However, we made a determined effort and all completed the set tasks.

We were surprised at the museum, because it wasn't quite what we were expecting.

We finished the day with a little shopping and eating.

WAITARA SPORTS EXCHANGE

In June we had a very successful sports exchange with our friends from Waitara High School in Taranaki.

After a Powhiri that showcased the revived Kapa Haka group Te Piringatahi, and also included the wero for the first time, our visitors were off to their billets.

The Waitara staff were treated to an excellent Cook Island meal that included a lot of traditional foods and was well received by all.

After worrying about the rotten weather that we had been experiencing up until then, the day dawned fine on Monday and the golfers headed out to the course and the hockey players left for the turf in Rotorua. In the gym volleyball got underway and this was followed up by basketball. Hockey returned victorious about 12.00 and after a quick change some of the girls headed up the top pitch for their soccer. Only Girl's soccer, the hockey and the golf won their games that day.

That night we had the social and then on the Tuesday it was up to the netball, boys soccer and rugby to try and even the score. Unfortunately only Boy's soccer and rugby won their games as Waitara continued to show their supremacy on the netball courts. The exchange concluded with some wonderful entertainment followed by an excellent lunch, prizegiving and farewells. There were a lot of people to thank after such a busy time.

Thank you to our wonderful Forest View community for hosting our visitors (we even had about 20 spare beds!). To all of our teachers, coaches and ref's who were involved in the exchange, to the hospitality department for preparing lunch and to all the students involved for their excellent behaviour, thanks.

Thank you also had to go to the Sports Council who were a great help with the organization and running of the exchange. We look forward to travelling to Waitara next year.

GATEWAY

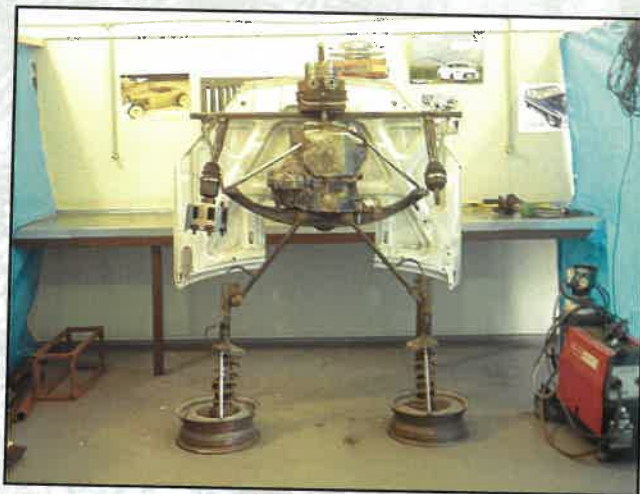

The Gateway programme is an important part of the senior career education programme. Funded by TEC it builds links between schools and businesses and allows schools to offer workplace learning opportunities for students.

This year 45 students were involved in Gateway. Their placements covered a wide range of vocational areas – hospitality, hairdressing, dentistry, health care, Army, office work, agriculture, carpentry, engineering, automotive, equine, tourism, sports, early childhood, teaching, plumbing and forest management.

Students gained credits on courses run in conjunction with Gateway and gained valuable hands on experience. Some students received part time employment and others apprenticeships as a result of their placement.

Thank you to Cath O'Connell, our Gateway co-ordinator and the staff in school who supported this programme.

SCRAPHEAP CHALLENGE

On Friday the 5th of November, Kasey Boreham-Devos, Sarah Kasper, Joseph Rusk, Joshua Pennefather and Rewi Toka took part in the Scrapheap Challenge.

This challenge is organised by the Wairaki Institute of Technology and the South Waikato District Council as part of the Wairaki Institute of Technology Trades Training Centre. Teams of 3 from Forest View High School, Putaruru High School, Tokoroa High School and the Trades Training Centre were challenged to create something from a pile of scrap metal. They had six hours in which to complete the challenge.

The FVHS team came 2nd with their Robot, behind the WIT team with their heavy duty mobility chair.

Mrs D. Vonk, Mrs D. Warfield

Lake Leaders: Tayjana Brown, Terri Felton, Roman Marsters, Ethan Sattler

TERM 1

We welcomed Mr Knight, an ex-Arapuni student, back with us as a teacher. Our new Year 9s arrived nervous, keen and excited. They quickly settled in with the help of our Seniors from years 12 and 13.

Year 13 Camp gave our senior Arapuni Students a chance to work together to set goals, and explore leadership potential. A great opportunity for challenges, solving problems, fun and forging friendships. It was awesome to have our Year 9s out at camp for the day too.

Athletics Day gave Arapuni Students the chance to shine in blue – well done, especially to Leah Townsend for winning her division.

TERM 2

We started Term 2 with our Lake Day – NEON FUNK, ZM Radio and piles of yummy food. Swimming sports saw Mason Nestor, Tayjana, Kamryn and Corben Brown show us their swimming talent – all of them placed!!

Many Arapuni Students took part in Waitara Sports Exchange and can be proud of their sporting performances.

At the end of June school uniform was switched for smart suits and amazing ball gowns. Our senior students were stunning – they scrubbed up fantastically!!

TERM 3

Several of our students were involved in production and were fantastic. A chance to showcase those singing, dancing and acting talents. After production things settled down and work towards the exams in September began in earnest. These exams were a timely reminder of where everyone was at and what needed to be done in order to be successful at the end of the year.

TERM 4

The beginning of the end for the Year 13s – lots of 'lasts' – last start of term, last assemblies, last prizegivings ...

The end of the line for our Year 13 Students. Time to say goodbye to these wonderful young ladies and gentlemen who have made it: Danni Amell, John Bright, Olivia Sinclair, Cody Magee, Roman Masters, Jared Kennedy, Crawford Gardiner, Chris Burich, Nate Kairau, Jason Rackley, Ngaire Freeman, Amy Nicholson, Hikairoa Mohi, Morgan McMillan, Kamryn Brown, Charles Finlay, Fraser Flutey.

Well done guys – you have been a fantastic group of Year 13s. Thank you all for everything you have done for our Lake. You can proudly step into the Arapuni history books. Good luck for the future, keep in touch, and don't forget us.

Study, study, study. It will be worth it in the end. Best wishes to all those who have exams and to those who are leaving us, we wish you every success in the future. Good luck and best wishes to Ms Hack and Mrs Swanson – we will miss you both heaps.

Thanks to all our wonderful Tutors, Support Staff, Leaders and Students. Have a safe and enjoyable festive season and let's make 2011 another amazing year.

ARAPUNI LAKE LEADERS

Another year has passed us by, and what a year it has been.

So, we don't always come out on top, but we do try our best and our lake is always ready for the next major event. Athletics was a great day that saw interesting costumes and fierce competitors on the track and field. Late afternoon, Ms Swanson then pulled out muffins and watermelon. Swimming Sports was another event that we had people showing off their skills at. We harboured a few champions. Lake Day this year was a huge success with ZM's Black Thunder coming in to support us and the band Neon Funk playing (as lead singer Mr Knight is an Arapuni Shark.)

Our lake is identified by great tutors and it is sad to see 2 of the most passionate supporters of Arapuni leave. Miss Kelly Hack and Ms Ann Swanson have decided to take their careers elsewhere and we would like to wish them all the best. Your support and enthusiasm will be missed.

I would like to thank the peer support leaders, Lake Council, tutors and my fellow lake leaders, Teej, Ethz, and Tezz. This year has been great with you guys. I would also like to wish the best of luck to Briana and Mason, next years Lake Leaders.

Last but not least, a huge thanks to Mrs McGovern, being the best Dean of all. Bring on 2011!!
Roman Marsters.

ARAPUNI YEAR 13S

ARAPUNI!!! Hands down the greatest lake in the Southern Hemisphere, and probably the greatest in the Northern one too. Not because every single Arapuni member is naturally talented at sports and on average have the highest IQ anywhere in New Zealand, but because it had, undoubtedly the most awesome Year 13s in the history of education.

We started the year as strangers, stuck at a camp too far from home to make a run for it. But after two days of obstacles and challenges (some of them highly dangerous, potentially fatal), we bonded and became the official year 13s of Arapuni. Throughout all the sporting events we were solid supporters and everyone dressed up and represented for Arapuni. That support is probably what motivated Fraser to win every event he entered in Athletics, Jared to win the Cross Country and John to be Overall champion in swimming sports ... well that's how we remember it happening.

Now, due to the fact that our Year 13s are so generous and gracious (not to mention modest), instead of giving everyone first equal for the 'Dux' award, we forfeited it so another lake could bask in the glory because we have had it for too long. Instead we decided to give each other awards as voted by the other members of our lake.

Nate - The 'So fly he's like a G6' Award

Crawford - The greatest BMX rider in history

Hikairoa - The brains behind the operation

John - Student of the year

Fraser - President of the World 2030

Kamryn - Head Boy 2010? Pretty sure he was

Jason - Most likely to 'Not be fussed', Avid Honda enthusiast

Ngaire - Overall Best Attendance 2010

Dani - Top in Chemistry, Physics and Biology

Livi - Lake Mother

Morgan M - Dux 2010

Cody - Guinness World Record holder for most uses of 'cute' in one sentence

Amy N - Miss Punctuality

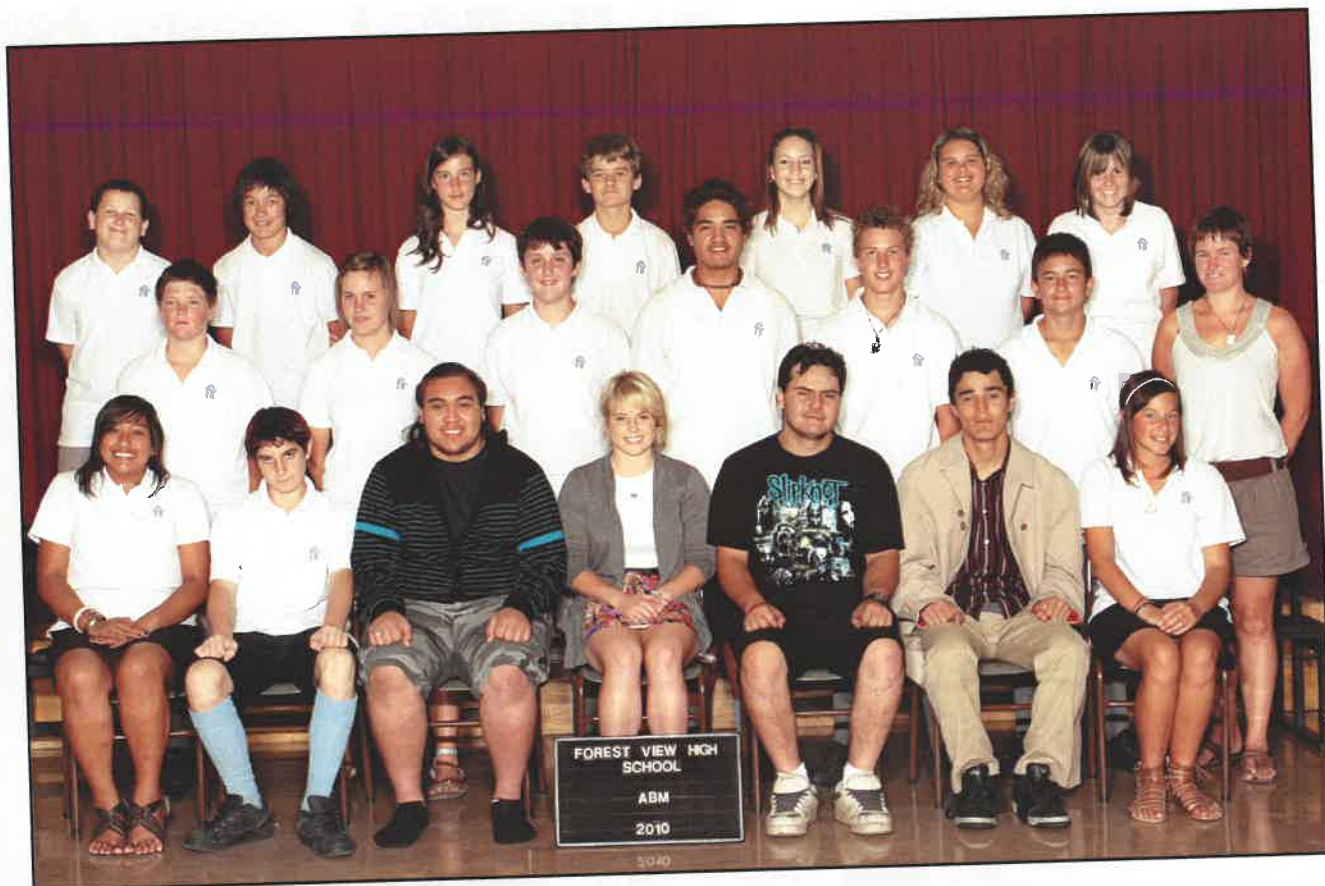

Chris - The 'Charmer' Award
 Charles - winner of the 2050 Indy 500
 Roman - Captain of the First XV Rugby 2010
 Jared - To win Lotto but lose his ticket.

All of those feats however, could not have been achieved without the help and support of the Dean and all the tutors, not to mention all those who supported the greatest lake in the world. So, on behalf of all those who are leaving, we would like to say THANK YOU! For being with us while we created some of the best memories we will ever have.

So, in conclusion, we would like to say that Arapuni is without a doubt the greatest lake and we were privileged to be a part of it. To quote a very wise woman, I would say this year has been 'MAARRVELLOUOUS!!'

Wow, 2010 has been another whirlwind year for Maraetai. We started off with the largest group at Year 13 camp at Totara Springs. This year's camp was special, as for the first time we had our Peer Support leaders and Year 9 students arrive on day three. The day was a great success with challenging activities, raft building and the grand finale was the raft racing.

The next challenge was to prepare for Athletics Day and as we were the current champions, we needed full participation from everyone if we were going to win again. Maraetai rose to the occasion once again and our strong relay teams clinched it for us, we retained the trophy.

Our Lake Leaders and Lake Council members have worked hard with Miss Potoru to organise Lake Day, assemblies and other lake activities. I would like to thank all of the Maraetai students who have participated and contributed to our lake points for 2010.

A big thank you to our tutor teachers MDu, MKi, MLa/MBI, MMg, MOI, MPs, MTs. Their effort and guidance is crucial to the smooth running of the Lake. I was lucky enough to be ably assisted by Miss Potoru and have appreciated the work she has done with our students.

Our final assembly was tinged with a touch of sadness as we farewelled our Year 13 students, but it is exciting to know that they are moving on to bigger and brighter things as they begin the next part of their journey into the future. I will look forward to hearing about, and following, their progress over the next few years. They have left some big shoes behind for our Year 11 and 12 students to fill.

Once again, thanks to the 'mighty' Maraetai team of staff and students. To those that are leaving us, good luck. To those that are staying, keep aiming for the very best. Soar like Eagles and don't forget to be proud of where you have come from.

Whaia te iti kahurangi ki te tuahu koe me he maunga teitei
Pursue excellence – should you stumble, let it be to a lofty mountain

Angela Toy
Maraetai Dean

Lake Maraetai, you have done awesome for 2010! Taking out the Athletics trophy (again!) and having so many students achieve at a high level in sporting, cultural and academic areas. Mean Maraetai Mean!

To the year 13s - good luck and God bless on your many future ventures. Stay strong and continue to soar like hearty Maraetaians.

To Jesse, Danielle, Apera and Michael, thank you for being awesome Lake Leaders. Your support, hard work and continuous efforts has been greatly appreciated by the Maraetai Lake and most definitely by myself. You four are definitely Maraetai hard.

To the support staff, tutor teachers and Mrs Toy, thank you for all the work you have done for our lake, and especially our tamaki this year. Maraetai, Maraetai, Maraetai, Oi, Oi, Oi!
Ms Potoru

Looking back over my year being a lake leader, I thought I would just try being out of my comfort zone. It was a great challenge and I am proud to have led this beautiful red lake. I just want to thank everybody for supporting us - we can't ask for more from our lake.

Michael Earnshaw

This year I was asked to step up and be Maraetai's 4th Lake Leader. I ended up taking the role, and it's a decision I will never regret. From winning Athletics to getting blown up for having red slips - it was an enjoyable year. Good luck for next year and go hard Maraetai!
Apera Brown

Well, I can say that I am glad that I got the position of Lake Leader! I had such tough competition and out of so many candidates I was chosen to lead the Lake. I can say that being Lake Leader for the best Lake of Forest View has been a great privilege. I would like to thank Miss Potoru for her helpful guidance, Mrs Toy for putting up with my constant nagging and to my fellow Lake Leaders TeMo, Mike and Apera, I couldn't have asked for a better support group! And last but not least I want to thank the Lake of Maraetai. Thanks for giving me this opportunity! I wish Maraetai the best of luck for 2011 and GO HARD and SOAR LIKE AN EAGLE!!!
Jesse

2009 was the nervous year of filling in the lake leader application, not knowing that only 3 other people were going for it! All Good! So from then on I started my quest to be a 2010 Maraetai Lake Leader, with the aim of winning the lake trophy, and not to let my lake down. So from there everything just fell into place. I had a great year being lake leader and have learned so many things to help me through my future endeavours. Thank you heaps Mrs Toy and Miss Potoru. Maraetai you're the best! Go all out in 2011!

A MESSAGE FROM THE DEAN

In Ohakuri we strive to have all our students be the best they can be and fulfil the FVHS RAP values. 2009 ended superbly with us winning the Interlake Trophy after 3 years as runner-up. That was really exciting. The 2010 year had a great start with Ohakuri winning the Junior Merits for 2009 along with the 2009 Attendance competition. Laura Clark achieved NCEA Level 1 with Excellence and Nadine More with Merit which was a great achievement, as was Tullia Pye gaining Year 10 JCEA with Excellence. 9 Junior students gained Silver Awards and 12 gained Bronze Awards – excellent achievements. As recognition for their excellent Mid-Year reports 40 students were invited to the Principal's morning tea. It was notable to pay tribute to Year 13 student Amy-Leigh Christie who had been invited for all five years at school. Leonie Nugroho and Grace Coffin were 2 Year 9 students who won scholarships to attend FVHS. To date this year we have won both the Swimming and Cross-Country Interlake events although we didn't fare so well in the Athletics with a 3rd. Although it is great to have champions it is even more important to have participation and commitment from every Lake member. Participation in the many sporting and cultural opportunities FVHS offers was taken up by 66% of our Lake's students. It would be great to get this even higher in 2011. We welcomed AFS student Luiz Sossella from Brazil to the Lake and farewelled Sebastian Anastasiades from Denmark and our own Helen Boseley for her AFS year in Holland. This year it was exciting to see Thomas Duncan gain a Science Scholarship to attend Waikato Uni next year.

We try to provide opportunities to develop leadership. Thank you to our 4 Lake Leaders for their work during the year. Nadine More was on the South Waikato Youth Council and the FVHS Council. Leonie Nugroho, Rachel Durie, Wetsren Wilson, Dillin Blackburn and Grace Coffin attended the Waikato Young Leaders experience. Peer Support Leaders were trained and began with the Year 9's on the first day of school. They had fun together creating their fashion garments from newspaper for the fashion parade that day. In February the Year 13's had an awesome time at Totara Springs Camp and worked really well together as a team in the various activities. This was a chance to know one another better, set goals for the year and discover hidden strengths of individuals. The Year 9 students all came out for a day to spend time with their Peer support Leaders. Who can forget the raft races on the river!

The 2009 Inter-Tutor winners were OPa and they had their lunch prize early this year. This year OBa are in the lead but who knows who will be the final winners. For this the Tutor groups compete against each other for points in Athletics, Cross-Country, Swimming, Extra-curricular participation; Excellent Attendance Awards; Junior Merits; Excellent Mid Year Reports and Inter-tutor sports. Green for "GO" was the motto for Athletics and there were some superb individual performances: Richard Ball 1st, Thomas Duncan 2nd Snr Boys; Daniel Stead 1st Int boys; Ethan Morris-Stevens 1st Jnr Boys; Leonie Nugroho 3rd Jnr Girls. Next up Cross Country which we won – an excellent effort. Richard Ball was 1st Snr here with Ali Harrison 3rd Snr Girl; Daniel Stead 2nd and Kane Wilson 3rd Int Boys; Summah Martin 1st and Nicole Durie 2nd Int Girls; Rachel Durie 1st Jnr Girls. Swimming Sports were the final big event and once again we won through participation and some great results. Snr Girls Laura Clark 1st; Snr Boys Thomas

Duncan 2nd; Keanu Keith-Matchitt 3rd; Int Girls Thea Keith-Matchitt 1st; Jnr Girls Rebecca Muir 2nd. Students who were invited to the Achievers morning tea had gained success in academic, sporting and cultural pursuits. Well done to: Ethan Morris-Stevens, Harlan Jones, Daniel Stead, Jake Jackson, Max Toka, Nadine More, Ebony Haere, Tiana Wiki, Sarah Hemming, Bronte Giles, Anika Putt, Charisse putt, Levon McCloskey, Rebecca Muir, Thea Keith-Matchitt, Keanu Keith Matchitt, Michelle Stratton, Luana Karl, Courtney and Jess McCloskey, Taylor More, Richard Ramea, Shea Keir, Laura Clark, Grace Coffin, Leonie Nugroho.

Thank you to the OHA Tutors who guide our young people, Mr Bannister for his contribution as Assistant Dean, the Support Staff who get in behind all our activities, Lake Leaders and students. If we all work together, contribute, participate and do our best we will succeed. To all our students leaving – best wishes for happy, successful futures. We hope you will achieve all your dreams. Remember 'Aim high - always be the best you can be'. Haere ra.

R Sommerville Dean

LAKE LEADERS

November 2009, we were pulled out of class by the mighty dragon. The following words were spoken "Lake Leader 2010". With the role came responsibility, leadership and looking after around 140 students. Greeaat...! Although we had some ups and downs throughout the year – Nadine and Thomas doing breakfasts by themselves and never full attendance at Lake Council meetings, 2010 turned out to be pretty awesome year. Winning the Cross Country, the Swimming, the Junior 2009 Merits and 2009 Attendance put us out in the lead but will we win again this year? We had meetings as we prepared to tackle Lake Day. Working together with the Lake Council enabled us to prepare a deliver a successful Lake Day. From pumpkin soup, to our lunch time show; variety, enjoyment and pure awesomeness were words used to describe this unforgettable day. With this day over it was time to start multi-sports. Head chief, Nelson stepped up and lead this initiative throughout the year, organising games (and the occasional dodge-ball). Inter-tutor competitions are always hard fought every year. With OBa winning 2 years in a row it is all on to cancel their winning streak. Mr Bannister has been a big help with organising our Lake and making sure we turn up to meetings on time. Our Lake wouldn't be the same without him or Mrs Sommerville. Us Lake Leaders weren't the 'punctual' type. We were constantly reminded to show up at meetings, to do this and that. The dragon kept us on our toes, running around and making sure we were looking after our Lake. The help of the Ohakuri staff was important throughout the year, helping us plan Lake Day and being as enthusiastic as the students were playing multi-sport. We hope next year is just as successful and next year's Lake Leaders are as 'punctual' as we were. 2010 – what an awesome year.

Peace out, one love. Thomas, Courtney, Nelson and Nadine – 2010 Lake Leaders.

TUTOR GROUPS

OBa: Lead by Mr Bannister is one of the top tutor groups in Ohakuri. We have awesome students. Hopefully we will win the Inter-Tutor competition again for the second time. From Years 9-13 our students excel in academic, sporting and cultural activities and get involved in all aspects of school life. This year we say goodbye to Robyn and Amy-Leigh who survived the dragon long enough to complete their 5 years at FVHS. So what do you reckon guys – can OBa be the tops tutor group again?

OCl: We in OCL are one of the better attending tutor groups with high levels of excellent attendance every term, if only we could get to tutor on time! We participate well in all sports but struggle in the quizzes especially as Mr C won't Google the answers for us. We will miss Courtney's volume next year and will need someone to take over from Thomas as general leader and butt kicker. Tracy's smile will be missed too. We were sad to lose Luiz early especially as we were just getting him trained!! We wish all our leavers well and good luck wherever they end up.

OHa: Is a cool Tutor because you get to relax and wake up before classes start even if the room smells of oil and cars. Mr Haines is funny most of the time. We will miss all our Year 13's: Kerrid, Stacey, Laura.

OPa: We think it is one of the best tutors in Ohakuri. We are lucky enough to be in the cooking room so not only do we get to smell everyone's freshly baked food, we also get to use the microwaves etc. We're a pretty small Tutor now as so many have left. But, we all get along well. At the end of each term we are lucky enough to get ice-blocks. Thanks Mrs Paki.

ORI: Is a down to earth Tutor, mostly very quiet but very friendly to all in it. We have a good level of attendance and most of us do the best we can to our full potential academically and culturally. After weeks of trying and working as a group, we finally won a round of multi-sports in the Inter-tutor competition. So as a tutor we have worked hard all year. We would like to thank our Tutor Mr Rice for keeping us on the straight line and helping us to achieve our goals when we needed the extra help.

OWi: Our Tutor is like one big family with Mrs Williamson being our Mum. We all like to share websites and play games on the computers. Everybody gets along and looks out for each other. OWi - probably the best tutor ever. Thanks Mrs Williamson for being an awesome tutor.

OWk: Usually a calm, relaxed tutor.... What a joke. OWk is one of the loudest tutors in Ohakuri, This is shown when we play Inter-Tutor sports. But don't let this fool you, OWk is a friendly tutor and most people get along well. We are in A8, a computer room so most of tutor time is spent gaming or browsing the internet. It's only Mrs Walker's second year having us as a tutor but she has been good. For the Year 13's she is their third tutor teacher but they have lasted. Sadly it is their last year. So we must say goodbye to Sean, Keanu, Jordan, Zac and Obadiah. To these people - good luck for the future.

OHAKURI YEAR 13

Out of the original 48 Year 9 Ohakuri kids who began in 2006, 17 remain - the loyal ones. The top students!! We made it guys through 5 years of High School.... 5 years of the DRAGON!!! We are now ready to head out into the big, wide world - aren't we? We are mature, responsible young adults - aren't we? Thank you to our Tutors and the head Dragon, our Dean for surviving us for 5 years. We appreciate all you have done over these years. We have had fun times, made some great friendships and will have many lifelong memories

Originals

Amy: The quiet one

Robyn: the foodie and always HIGH on life

Thomas: The leader and all round achiever

Courtney M: loud and proud

Courtney P: Shorty

Kerrid: Talented singer, can be loud

Laura: Late again Laura but you did get here!

Stacey: "You're a nice person"

Mathew: Footie fan

Avnish: Laid back but wicked sense of humour. Future Dr Goyani?

Keegan: Here for a good time, not a long time. Missing in action!

Krystal: the outgoing one

Zac: How's the deck?

Sean: My Hillman Avenger has no rust - Assembly and Careers - when?

Keanu: The monkey and the wit

Obadiah: the quiet one who likes to work independently

Jordan: Made to shave in Year 10

And this year came 2 new arrivals: Tracy - our Malaysian hardworking import; Russell - Dangeruss AND

those who left: Sebastian - Baz - does your host family know you smoke? Linda - What do you mean? Luiz - Nice Mr T Mohawk; Chiscone - just when you were part of us.

2010...another year down and dusted aye. I can't help but say how awesome 2010 has been for Whakamaru. The A Team – Yukie, Mu2wa, Eth, Ash, Emz & Shiloh.

Athletics 2010 – the sound of the drums fill the air, each tutor class's flag waves through the wire fence, our gazebo dressed in yellow & black balloons, the word "1st Whakamaru" rings through the air...but oh well, kei te pai, nice one Maraetai, you can have it hahahahahaha

Lake Day 2010 – Battle of the Bands: Each lake brings it all to the stage: OHA and their melodic and soulful song, filled with talented musicians...all eyes on Mr Bannister and his triangle woohooooo Shot Mr B! MARAETAI and their RnB twist, once again talent at its best, they have it all, drummer, rappers, tambourinsts'(woop woop Ms Potoru), singers, but oh to share the mic?? Tut tut tut hahahahaha. WHAKAMARU...Whose stage is dat Cameron? Dat's yo stage! A bit of beach Boys, Rihanna, Marvin Gaye & Adeaze thrown in there...nice...nice. But our winners were none other than ARAPUNI with their blind boys entrance and awesome rendition of one of Stevie Wonder's hits...two keyboards even! Shot Mr Knight and your talented team! The Dress your Window competition for the staff brought out everyone's creative side. "PAKI UP" to Ms Umaki for her captivating window. AND THE FOOD ... no complaints received. Sold out.

2010 LAKE LEADERS

As one of four Whakamaru Lake Leaders I can honestly say it has been an exciting year for all of us. We have had an awesome team to work with this year. We are all very grateful to have been given the opportunity to lead such a great lake. This year has brought many challenges and successes and from this we have been able to learn and develop our leadership skills. A big thanks goes out to Mr Mutua & Mrs Yukich; you both have made the year a lot less stressful and more enjoyable. We will miss you both very very much! ♪
Ash, Emz, Eth & Shiloh

PS: All the best for 2011's Lake Leaders Shiloh and Ira! You guys have an awesome year ahead of you. We are sure you will enjoy this leadership role as much as we have.

The season started with a lot of promise not only with a new coach, Willy Earnshaw, but we were in a new division as well. With a number of new players in the team we weren't too sure how we would gel. But come the start of the season you would have thought we had been together for awhile. Unfortunately coach Earnshaw found a new job and had to leave the team

halfway through the season. Responsibilities were then left up to his wife Jess. We had a great season winning a lot of our games and making it to the B grade finals where we lost by 4 against a hugely improved Te Awamutu team. On behalf of the team I would like to thank the Earnshaw family for all their support and coaching and to the Angels team for being there at our games. El Capitano Roman

Our season started off terribly, we lost every game at the Western Heights Tournament.

Now that we were warmed up and realised we were playing football (not golf), we won two of our three grading games. This placed us in the second division (just

before the premier division!) We were undefeated for most of the season... until unfortunately the other team cheated and we ended up in second place in the grade.

It was a great season thanks to Tommy and Kyle and Jenny (team mum).

Football at Forest View expanded to 6 teams this year. It was great to see the enthusiasm from the boys in playing that we had the opportunity to field 2 senior boys teams and 2 junior boys teams. This was made possible by having coaches for all the teams and so a big thank you to Darren Manthey, Temuna Tiro, Dave Wilson and Thomas Knight for their efforts this year.

The 1st XI boys made significant improvements to their style of game to march away with the team of the year title at the sports awards and runners up in their division. The 1st XI girls continued their presence in the premier grade and the 2nd XI girls performed credibly against 1st XI teams in their division.

A big thank you to the coaches of the girls teams Ian Christie and Mitchell Durie for their efforts with the girls.

Lastly to our students it is great to see you all out on the field playing the beautiful game.

This season we made it into the premiere division for the second year running. We had an up and down season with some injuries – especially in the game against Waitara.

The team was filled with a great bunch of girls and we always had a good laugh and heaps of fun. We had some awesome games especially against our arch rivals Dio.

Thanks to Mr Christie for putting up with us all year and making us donuts. Good luck to the girls next year.

The 2nd XI Girls had a pretty good season this year. A big win to Matamata got us into the 2nd Premier Division, and we were off to a good start. Mr Ukrainec was our coach for Thursday trainings, and he always brought his BBQ down to Mossop for home games - he cooked us a pretty good feed afterwards!

Our whole team would like to thank Nicole and Rachel's dad, Mitch, for taking Tuesday trainings and being at every game cheering us on and generally being there for support. Good season girls! Keep it up.

The Junior Boys B team went ok this year. There were up's and down's throughout the team. There was also a few outstanding players like Joseph Cathie in goal keep, he did some awesome saves and Kevin Fan in strike

who got some awesome goals. The most improved player of the season was Yashkumar. That's our season.. Campbell Evans

We started out with intense trials to sort out the team because there were soooo many keen players. We had a good season with a few too many unfortunate losses. Great wins when we did though with the elite P.C. combos (at trainings). Having Briana's co-ordinated stopping skills down in goal, the feisty halves and the fiery combo up front, we were destined to have another good season and

a lot of laughs. The end of season dinner at Ms D's house proved to be the highlight of the season – even though Beast's car broke down on the way. Thanks to Mrs Deuschle and Vaughan for their great coaching and putting up with us all. Never forget the Essence of your SPARKLE!!! Cody & Morgan

Our season didn't start too well when our coach moved to Aussie so we were in the hunt for someone to take his place. Thanks to Walter Downey & Ash Fransham who stepped in and started us on our pre-season training.

Before too long Kim Harris took up the challenge and became our head coach, along with Shane Dick and Mr Potoru.

We had a mixture of wins & losses but overall our season was really good and we managed to finish 5th in the competition. One of the best things this season was SURF allowed us to use upstairs of the clubrooms to host our visiting teams.

A huge thanks to Kim, Shane, Terii, Mrs B & Mrs Salale for everything they did for us and of course we can't forget the ladies in the kitchen for the hard work they put in.

And thanks also to Mrs Hein for our brand new rugby uniforms.

Due to the lack of teams entered into the Girls competition this year, our season was over by the end of Term 2.

We would like to thank our coach Jay Curtis, our manager Mrs Bennion and all the parents who supported us this season.

Unfortunately we weren't able to retain the cup but we were able to gain friends and knowledge of the sport that we love. Keeping our heads high throughout the season and knowing that we played for each other on the field are moments that we will treasure.

This was a rebuilding year for us with many of last year's team having left school.

At the Waikato Regional competition in Hamilton on the 14th of March we had only 4 of last year's team available and all players really had to step up to the challenge.

Kale and Isaac controlled the mids while Chelsea continued in the top form that she showed playing for the BOP Open Mixed team at the Nationals the week before. Halena proved to all that she was ready to play link and was just waiting for her big sister to leave. The new players quickly adapted to their new roles and the fast pace of the game and improved with every game.

Our new young team had an excellent day and reached the finals and only lost in overtime in a drop off situation.

This success qualified them to play in the Zone competition which was held at Linton Park in Rotorua two weeks later, where the top 3 teams from the Waikato and the top 3 from the BOP met in an attempt to qualify for the Nationals in December.

FV's first game was up against Edgecumbe and the 8 - 6 win wasn't pretty but shook out the cobwebs and got the team ready for their game against Taupo-nui-a-tia, the BOP champions.

Good team work by all saw FV win 9 - 7. The semi's found us up against our old rivals St Peters who had beaten us in the Waikato Champs. Their team is a very experienced senior team but our young team took it to them and finished up with a 4 - 3 win in an excellent game.

The final was against Taupo again but this time they came out on top.

It was good to have Trae and Samone back and well done to our juniors Anton, Dylan, Jake, Leah and Taina who showed just how much you can learn in a short time if you are willing to work hard.

Although we qualified for Nationals we decided to not to go as both of our senior boys left school mid-year and we just didn't have enough experience left to compete at that level.

The plan now is to concentrate on developing our juniors so that we will be able to take out Nationals in a couple of years.

WELL DONE to Chelsea Alley who played for the BOP Open Mixed touch team at the senior Nationals and from this got chosen for the NZ U/19 Women's team who are competing in a Trans Tasman series in January.
