

FOREST VIEW HIGH SCHOOL

2017
YEARBOOK

A R T

Cover - **Jacob Symons**

PRINCIPAL, MR IAN FERGUSON

Our work creating future-oriented learning and embedding our new Values into the culture of our School sets a clear direction for the qualities we want our students to develop. The ability to self-manage, to work respectfully and collaboratively with others, to develop deeper understanding of ideas and being able to communicate knowledge are key skills students need in preparation for the future.

Our Values focus on having a sense of Whanaungatanga (family), striving for personal excellence, being resilient, innovative and resourceful. Together, they are key attributes enabling our students to transition into a successful future.

Forest View's high performance sports programmes, together with exciting performing and cultural arts, highlight the amazing talent we have at School. It is important to note that alongside skill and talent there must be the type of character that embodies our Values. Thank you to our parents and supporters who provide high quality coaching and assistance in order for the talent to be grown.

Our NCEA results are comparable with the average for all schools in New Zealand. However, qualifications by themselves are not enough as there are a number of factors that contribute to their quality. Our external moderation feedback shows we have accurate assessment, the ability of our students to transition on to chosen pathways, the high level of self-management exhibited by students and finally, the skills gained while at School, make major contributions to Forest View students, having quality qualifications.

I would like to thank our Board of Trustees for their excellent support and guidance this year. It is important for our School community, staff and students to know how hard our Board are working to keep our School at the forefront of education in the South Waikato.

To our Year 13 students leaving at the end of the year, we wish you all the best for the future. We are sure you will all go on to be successful. You will be challenged and therefore must show resilience but keep striving for excellence in whatever future roles you may play.

Several new staff joined Forest View in 2017 – Mrs Aarti Menon and Mr Cameron Bramall. At the end of Term Two, Ms Janis Abo-Ganis retired from the School, having

contributed immensely to students' photographic and Art skills. We welcomed back Mr Lionel Matenga to the Art area, after his time on Study Leave.

We bid farewell to Trish Priscott after many years teaching at Forest View as she is retiring. We will miss her absolute passion and commitment to our School. No task was too big or too small for her to take on. Many students, staff and families owe her a huge debt of gratitude for the level of care and support she has provided. She is recognised as a master teacher who sets high standards and the students respond with excellent results.

After six years at Forest View, Marc Lelievre is leaving us as he has gained a position at Rototuna Senior High School. He has worked with total commitment in the Social Science and Physical Education Learning Areas – often at the forefront when using new approaches to learning and assessment.

Karen Watkins is retiring as our Executive Officer after 26 years of service to our School. Financial management and payroll are extremely complex areas in a secondary school and she sets consistently high standards, providing excellent advice for our Board and me.

We hope you enjoy the Forest View High School Year Book as a memento of 2017. No doubt, in years to come, it will bring up memories of a great year.

Staff

Back Row: Ann Deihl, Karen Watkins, Gaylene Hughes, Denise Brooks, Rachel Bennion, Lorna Taylor, Aarti Menon, Iwi Bennion

BOT NEWS

Wow! Another year about to finish!
 Doesn't seem that long ago since the last year book came out!

Congratulations to all FVHS students on their hard work and achievements throughout the year and on your numerous successes for 2017.

If this is your last year at Forest View, well done on all your efforts over the last 4-5 years and thank you for your tremendous contribution to this school. I would like to wish you the very best for your future whether it involves continuing onto tertiary education, or moving into the workforce.

The BOT, with Ian's support and guidance has spent time this year, focussing on students "career pathways" enabling young people to transition into the workforce with confidence, clear goals, and ambitions. This is really important for students who aren't planning on university. I encourage you all to take these valuable lessons and values learnt with you into the workplace to help make our community one we can continue to be proud of.

This year, we have seen the completion of the A block upgrade which I'm sure everyone would agree, looks great! There has been plenty of behind the scenes work going on looking at the 5 to 10 year plan and what other improvements can be made around school as time and finances allow.

Thank you to Ian, Trish, and Steve for their tireless efforts in leading our school, and thank you teachers and staff in

a great job done for another year. Our students' success comes down to their own hard work and attitude, but also because of the dedication and commitment from staff.

No wonder our school enrolments are looking up for next year!

Earlier this year the Board received the resignation of Karen Watkins from her position as Executive Officer. I wish to acknowledge the contribution that Karen has made to the Board on both the Finance and Property Committees and as Minute Secretary to the Board over the past 26 years 3mths. Her contribution has been immense and she will be greatly missed. We wish her well in her retirement.

We also received the resignation of Trish Priscott from her position as Deputy Principal with Pastoral responsibility for the past 13 ½ years. Trish also spent 11 years at Forest View earlier in her career. The Board has appreciated the huge contribution that Trish has made to the learning, health and well-being of our students. She too will be greatly missed and we wish her well for the future. Finally, thank you to my fellow board members for the hours of meetings and hard work once again this year.

Thank you to the 2017 student leadership team for your work this year and congratulations to the newly elected 2018 student leaders. I look forward to seeing you all working together for the benefit of everyone next year.

Have a safe and happy holidays,

Glen Limmer
BOT CHAIRPERSON

Uma Takave (Head Boy)
Tahnee Rawiri-Taiki (Deputy Head Girl)
Kiri Jessop (Head Girl)
Keegan Hall (Deputy Head Boy)

ARAPUNI LAKE

Dean: Rachel Toy

Tutor Teachers: Martin Ash, Kamal Nair, Janis Abo Ganis, Lionel Matenga, Gabe Davis

Lake Leaders: Eugene Whetu, Isabella Jackson, Rebecca Chesterman, Kiana McLean, Shianne Brunt - Bryan

A NOTE FROM MISS TOY

What a year we have had in Lake Arapuni! There have been many challenges we have had to face as a team, including setting our sights on improving the positive participation within our Lake. I thank all of the students who have contributed lake points over the year, these are gained in a variety of ways including sporting, cultural, and academic aspects. I have enjoyed watching the many successes from students in our lake, and hope that they are able to continue to strive for personal excellence.

To our leaders and Peer Mentors, I have watched many of you grow into your positions over the year and thank you for the time and efforts that you have dedicated to our students. It is great to see the confidence and care you have in your varied roles.

I would like to give a special thanks to the tutor teachers of Arapuni, we set goals earlier this year to provide our students with amazing opportunities. Thank you for the time and care you have for your students. I appreciate the work that you put in to benefit our team and our students.

Year 13s!!! Your final year at high school and what a way to finish your high school years. I have watched you all transform and challenge yourselves this year in various aspects of school. I wish you all luck for your future endeavours and look forward to hearing about your successes in the future.

Congratulations on a fabulous year, I wish you all a festive and safe holiday break and look forward to seeing you all back at school early in 2018.

KIANA MCLEAN – JUNIOR LAKE LEADER

Arapuni is a passionate and hardworking lake

That shows hard work turns into amazing things. As young students we are all getting prepared for life And Arapuni is a great place to start.

We have become more confident to succeed in more years to come. We encourage everyone to be themselves to their full potential and that there is no goal we can't achieve.

Arapuni has gone a very long way this year - we have a great bunch of students and teachers in our lake. Everyone and anyone is welcome because we all have our strengths and weaknesses which we love to show off to others.

Not only is Arapuni your lake but it's a family - filled with people you will remember for life.

Memories will be made and goals will be achieved.

If you're dreaming then Arapuni is believing.

Peer Mentors: Monique Limmer, Kiri Jessop, Keegan Hall, Renee Hurliman, Jess King, Ryan Hall Jack King, Christopher Foy, Daniel Paterson

LAKE LEADER'S REPORT

There have been many highlights and successes throughout the year for Maraetai. The first one was our awesome chant for Athletics sports which spurred our Maraetai students to aim for personal excellence and resulted in us winning the athletics trophy. We also had great participation in swimming sports and cross country and the support of our students through our fundraising ventures has been immense. At Easter time a special Easter bunny, aka Keegan Hall, made an appearance and rewarded Maraetai students with Easter eggs.

We have enjoyed our time as Lake Leaders and have our fingers crossed for the end of the year and the announcement of the Lake Trophy - no matter what the result, we are proud of our efforts and our lake.

Monique Limmer and Renee Hurliman

DEAN'S REPORT

A huge thanks to our fantastic Lake Leaders for 2017 and Mrs Potoru-Kawhena for her guidance and support. It has been a very positive year for Maraetai and our students have made the most of the opportunities presented to them and have been striving to meet personal excellence throughout the year. Our great sense of whanaungatanga was demonstrated loudly and proudly on athletics day and we ended up the overall winners which was the Lake Leaders' first goal.

Of course none of this could be achieved without our 'rocks', the tutors and support staff who get behind the students and encourage them along the way. They have been working closely with their seniors during mentoring to set goals and track progress.

Our Year 10 students have also had an interesting year, engaging in a range of workshops and activities during mentoring time to prepare them for their senior years. We have had a number of young people successfully involved in a variety of learning experiences, developing knowledge and skills towards their future pathways.

Good luck and best wishes to all of our Maraetai leavers. Congratulations on your achievements, may they serve you well as you travel the next part of your journey. The skills, knowledge and relationships you have gained at Forest View will stand you in good stead, whether that be tertiary education, apprenticeship or employment. You are life-long learners, stand tall and be proud of who you are and where you have come from whatever your future may hold. I look forward to hearing about your future progress and success.

"Kahore taku toa i te toa takitahi, he toa takitini"

We cannot succeed without the support of those around us

Kaitlyn Lesa, Amber Mahia, Michael Rameka-Jacobs,
Deklin Taumata, Grace Waldon.

Peer Mentors: Jaimee Cameron, Kourtney Chapman,
Kieran Delany, Amber Mahia, Anton Marshall, Kirsty Parker

LAKE LEADER'S REPORT

It's been an awesome year for Ohakuri. We started off the year gaining two amazing exchange students, Molly McLeod and Juli Cabrera. They were so positive and keen to learn about New Zealand culture and participated in school events such as Polinetia Fa'atasi, athletics, cross-country and hockey. They were great role models. We wish them the best now they're back in their home countries America (Molly) and Argentina (Juli). They will be missed!

For afternoon Tutor times we did a variety of Inter-Tutor activities from flags, Soccer and Touch to a spelling bee, quizzes and activities in the library. It was great to see most of the lake getting involved and enjoying themselves.

We showed we have real artistic talent in Ohakuri this year as each tutor produced amazing banners for the Athletics Day. It has also been pleasing to see the number of students gaining the OHA Excellence Awards at assemblies.

Our Peer Mentors were able to gain leadership skills and guide the Year 9's through their first year at FVHS. The happy, loud and confident students they are now, are far from the shy, quiet students from the beginning of the year. They had an awesome time at camp and at their community project/amazing race. They are on track for exciting futures and possibilities.

2016 was amazing as OHA won the Inter-Lake Competition and we hope to continue the winning streak for the years to come. We will miss our Year 13's dearly, and wish them the best as they continue their journeys into adulthood. We are excited to welcome our next group of Year 9 students into the best lake Ohakuri!

Jamie & Kirsty

DEAN'S MESSAGE

It was so exciting to be announced joint winners of the Interlake trophy at the end of 2016 and hold it through this year. Participation is important and has been high in Interlake and Inter-Tutor activities. Students have also aimed for personal excellence in academic, sporting and cultural areas and applied the FVHS values. We are proud of our 28 students (13 Juniors and 15 Seniors) who were invited to the Principal's morning tea during the year and those who work to achieve the Ohakuri School Values Award in Term 4.

Congratulations to Kieran Delany for being returned again as BOT Rep. and to our students who have won Academic, Sporting and Cultural Awards this year.

It was great to start the year with the Year 13 Citizenship and Year 9 STARS Camps. Year 13 faced a number of challenges and bonded together as a team. They set goals for the year – some achieved, some not quite. Peer Mentors worked positively to develop confidence in the Year 9's at their camp and it has been great to see the personal growth as the year has progressed. Year 10's had their camp at Lake Okataina. It was a great experience to be able to attend these camps and see future leaders stepping up.

Thank you to our Lake Leaders, Lake Council and Peer Mentors for their efforts in working to help OHA succeed. We may not have won any of the Inter Lake sporting awards this year but overall we have tried. There are so many other activities involved in creating the final winner, so who knows?

Thank you, OHA Tutors and Support Staff for your support.

Of the Ohakuri Year of 2013, only 7 of the original 15 students are still here today, but others have joined over the years and added to the culture of the Lake. I hope that the opportunities you have had, the skills you have developed, the knowledge you have gained and the people you have met along your FVHS journey will have provided you with many lifelong memories.

To all Ohakuri students leaving FVHS – best wishes for a wonderful, successful future.

Dr Seuss said: "You have brains in your head, You have feet in your shoes. You can steer yourself any direction you choose" and "You're off to great places, TODAY is your day. Your mountain is waiting, so get on your way."

Haere ra.

Dean: Mr Mutua

WHAKAMARU – THE GOLDEN LAKE

*We're called the golden lake, Whakamaru - go for gold
With a great team of staff members, dedicated and so bold
Teamed with positive leaders whose enthusiastic drive
Have organised afternoon activities where each Tutor class
has had to thrive.*

*At each event we've given our best - swimming the fastest
this year, beating out the rest*

*Showing our skills on the field and courts - blitzing the
other lakes showing how hard we've fought*

*Our Dean is mean, in both good and bad ways - We can't
get away with much cos he'll have the last say*

*Just like our Tutor teachers who are all in the game -
they're always on our backs, so we have to take the blame*

*I guess what I like about our lake if I can sum it right up here
- Is that we are all 'Whanau', the Lions, you'll hear us cheer*

STAGE CHALLENGE

A group of 59 students and teachers travelled to Tauranga late last week to compete in the Stage Challenge competition. We entered the RAW division which is judged on the way a theme is interpreted through movement, drama, dance and music.

The group's theme this year was on the values of old. The loss of values through the generations has seen big changes in the way that people interact with each other. It was a powerful message that instilling old school values can benefit our young people.

We were awarded four awards, Excellence in Leadership, Soundtrack, Drama and Concept. The competition was tough and the experience was one that will stay with the students for many years to come. We were so proud of the performance our students presented and the way they conducted themselves throughout the day.

A huge thank you to staff, parents and students who contributed to making this a successful learning opportunity.

AFS AT FOREST VIEW

FVHS had the privilege of hosting host four young people during this year. Molly from the USA, Julieta from Argentina and Mathilde from France were with us for 5 months and Cathrine from Norway came for 10 months.

Zoe Brindle returned to Forest after her year in France.

AFS and FVHS really appreciate the families who open their homes to ensure the exchange opportunity becomes reality. A big thank you to them. It is a wonderful that the students can experience life in the South Waikato.

Pictured: **Cathrine, Julieta, Molly, Mathilde**

Molly McLeod

Hi, my name is Molly McLeod and I am from Milwaukee, Wisconsin in the USA. Going on exchange was always a big dream of mine, and I am so lucky that I was able to spend it in Tokoroa. Living here was a big change for me as I live in a large city back home.

The first day of school, I was so surprised by how friendly everyone was. I felt like a part of the school right away and could tell that it was a very close-knit community. FVHS is a lot smaller than my school back home, so it was a lot easier to get to know people. It was especially amazing living in a community with three other AFS students because not only was I able to meet people from New Zealand, but now I have great friends from all over the world.

I enjoyed many things about Forest View. I really loved getting dressed up and participating in Athletics Day because we don't have anything like that back home. I also joined Polinetia Fa'atasi, and it was one of the best decisions I made

all year. I was able to meet so many awesome people and experience so many new cultures. It was such a great way to spend my exchange and I am so grateful for my Poly family.

Overall, the AFS experience was amazing. I was able to get to know so many great people, visit so many cool places, learn about new cultures, and participate in so many activities that I never would have gotten the chance to experience back home. Not only that, but I gained more confidence and independence, and I feel prepared for whatever comes my way in the future.

Cathrine Caspari

Hi, my name is Cathrine Caspari and I am an exchange student from Norway. When I first came to Tokoroa and FVHS I didn't know what to expect. Going on an exchange was so unreal, and seemed only like a dream.

I have been so lucky to come to Tokoroa. It is such an amazing little town that I have completely fallen in love with. From the first day at school, people were so nice and welcoming, and it didn't take long before I felt like a part of the school community and not just like a visitor.

At the beginning of the year, I joined the Waka Ama team and later I became a part of the girls' soccer team. I briefly played volleyball and went with Athletics to the Waikato's. All of these sports gave me the opportunity to meet new friends that has made my exchange year amazing, and I will remember them forever.

Being thrown into a new culture and way of living has taught me a lot, and changed me completely. I am so grateful to everyone who has helped me and opened their lives to me. I have so many amazing memories from Forest View, my family and New Zealand that I will keep with me forever.

Julieta Cabrera

Hi my name is Julieta Cabrera and I'm from Argentina. Being an exchange student is definitely the craziest idea I have ever had. But, I am so thankful I had the opportunity to spend my time in Tokoroa.

A new beginning in a different place is always scary but I was lucky to find such an amazing community. Since my first day at school I felt like I was at home. Everyone was always so friendly to me and the other exchange students. School in New Zealand was so different from school back home but I completely enjoyed it. I had the opportunity to learn so many things about a new culture and a different way of life. Also, I got to know people who changed my life forever.

I joined in the Hockey team and Polinetia Fa'atasi, which challenged me at every practice but by the end I realised that my Hockey team and my Poli family became so important for me. I can't even describe how I feel after my exchange as this AFS experience has changed my life. I am so grateful for all the people I have met, and how they opened their life to me.

I am returning home with so many good memories and so many friends and experiences that I will never forget.

Mathilde Pacquelier

I am Mathilde from France. I came from a city there so Tokoroa was very different for me. I really enjoyed school. Students at FVHS are lucky they have a choice about what subjects they take. For me it was relaxed compared to my school in France and I liked that as in France I have to go to school for long hours and study hard. Even though I found English a challenge when I arrived the students at FVHS were very friendly and made me feel welcome from the time I arrived. I enjoyed being able to go to two different camps: Year 13 at the Marae just after I arrived and Year 12 in Auckland. These were great for getting to know other students. Even though I didn't participate in any cultural group I learned a lot about Maori and Pacific cultures and especially enjoyed watching the Polynesian festival. I was able to do some horse riding, which was great. I think I changed and grew as a person and my English definitely improved. Thank you to everyone who made my experience so worthwhile.

Zoe Brindle – FVHS returnee from France

Last year in 2016 as I was stepping onto the plane to leave my home country, New Zealand and fly to France for a year on exchange with AFS, I did not know what to expect or what was ahead of me.

Arriving in my little town two hours west of Paris, I was nervous and shocked in my new environment. Although I couldn't speak French nor did I have a clue about the French way of life, education system or how French people were, it didn't take me long to be welcomed into my host family, school and AFS chapter.

The ten months I spent in France went by so fast. I spent my time with new friends, trying new foods and becoming closer with my host family; I had two host sisters and lived at home with one of them, along with my host parents. I always felt like my host parents treated me like a real daughter and I'm always grateful for the bond we share.

Everyone says that your host family is the best part about being an exchange student. I believe now that this is true. I was even lucky enough to travel to Switzerland for a week of skiing, visited England to see my family and I spent a week on holiday in the south of France discovering what almost felt like a completely different country. As much as I miss France, I'll always be thankful to AFS for providing me with an opportunity that I'm so glad I took.

KURAYOSHI AGRICULTURAL HIGH SCHOOL CULTURAL EXCHANGE

On Saturday 22 July, one boy and one girl and their teacher arrived at Auckland Airport after a long journey from Kurayoshi Agricultural High School. Aoi Saiga and Kana Yamada were very excited to have arrived in New Zealand. Mr and Mrs Sommerville were waiting, and drove them to meet their families for the next two weeks.

Maree Prouting and Zayne Singh hosted Aoi and Numia and Sy Nooroa hosted Kana. We really appreciate the contribution these families make to the stay and really thank them for their willingness to open their homes. Language challenges began, but a smile, body language and some fun times - along with a dictionary went a long way and everyone worked hard to make themselves understood.

They were nervous but excited to start school. This involved experiencing a range of classes. Most popular were Art, Mechanical Engineering for Aoi and PE. It was a shame it was pretty cold for them as they had come from the heat of mid-summer. They were surprised the students didn't have to clean their classrooms every day as they did in Japan.

They spent time at FVHS and at Tokoroa High but they also spent a day at Strathmore Primary School, which they really enjoyed. Kana experienced Cook Island culture and has talked about this very positively since returning home. Aoi loved fishing and got to have a lovely weekend at Papamoa doing this.

They were lucky enough to visit the Mayor along with a visiting group of students from China, visited places in Rotorua, had a day in Mount Maunganui walking around the Mount and spending time relaxing in the hot pools. They especially liked their sushi lunch and time for shopping. Many photos were taken during their stay including many of the meals they had.

We really enjoyed hosting these delightful students and their teacher during their stay. This exchange with Kurayoshi has been going for over 21 years and the chance for our students to visit this unique school in Japan will be offered again later this year. Sadly, no-one went to visit this year and Kurayoshi would love to have our students come to spend time with them.

Raylene Sommerville
KURAYOSHI EXCHANGE CO-ORDINATOR

MISATO KITA JAPAN EXCHANGE

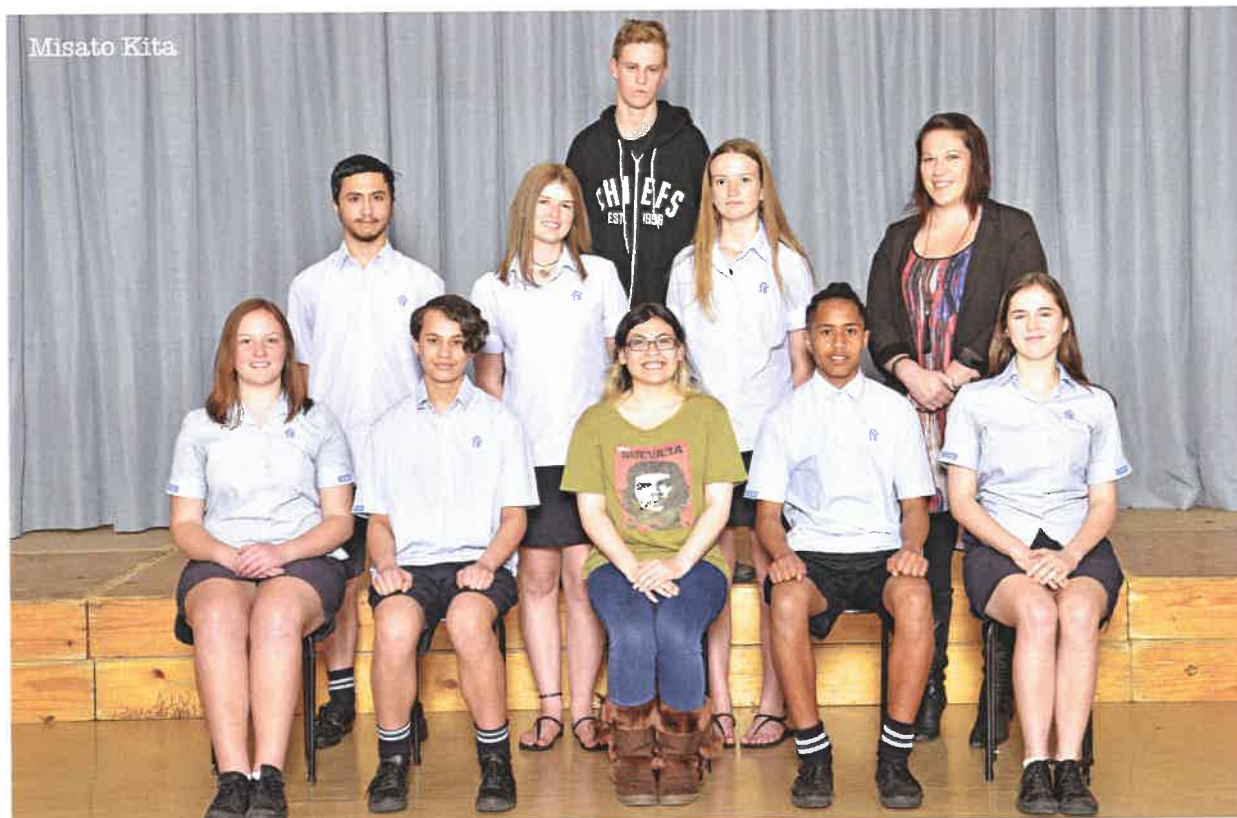

Misato Kita High School – What an experience we had, being hosted by beautiful Japanese families. We got to experience the real culture in our families, from tantalising foods to indulging in amazing activities.

In school we were able to experience a welcome like no other we have ever had before. Their brass band was just spectacular! We participated in a traditional Japanese tea ceremony, calligraphy and pottery class. Being in a school with traditional values was a real eye opener and it is fair to say that the Japanese people are one of the hardest working societies imaginable!

Kyoto - A traditional city filled with an array of shrines and temples. Visiting the famous Fushimi Inari Shrine was one of the most humbling and peaceful experiences of the trip.

Osaka – Never failed to disappoint with a variety of traditional temples visited as well as a day at Universal Studios which was thrill seeking and lots of fun.

Tokyo – This city was likened to New York City! Hustle and bustle and so many amazing sights. Asakusa, Shibuya Crossing and Disneyland were among some of the destinations we visited.

Back Row: Bradley Perrott

2nd Row: Tyler Plant, Emma-Rose Smith, Lorelle White, Miss Toy (Teacher)

Front Row: Caitlin Garner, Deklin Taumata, Clydille Abbott, Tipuia Tiro, Kiana McLean

Absent: Mr Kamal (Teacher), Zayne Singh, Shema Poleka, Mason Smith

Student feedback

"Japan now feels like home to me, I'd love to return there in few years. I recommend you visit Japan one day, beautiful country it is!" – **Tyler Plant**

"It was a great experience! I got to learn about their culture and experience, their everyday life. It was very different to what I live like in NZ. It was extremely fun and I'd be more than happy to do it again with hopefully more of us!" – **Mason Smith**

"Described as an unforgettable trip. To me; Japan is an amazing country, rich in cultural heritage. Filled with so much respect and lovely people. Japan was not what I expected. It was better than what I expected. I learnt so much in a short time and didn't want to leave; from trying new foods, learning the language, keeping to the left of an escalator and knowing their way of life. Overall I had the time of my life."
– **Kaitlyn Lesa**

"My time in Japan was an experience like no other. No words could explain the happiness and freedom I felt just by being there. Everyday brought a new smile to my face and the people who surrounded me made my smiles even bigger."

"I learnt so much about the culture and miss a lot of everyday things used there. (Not going to lie, mainly the toilets). I am so grateful for meeting so many new people that I now consider close friends. It was an unforgettable experience and could of never asked for a better two weeks." – **Kiana McLean**

NANCHANG VISIT

Mr Ferguson - Principals' Delegation visit to China

The purpose of the visit was to visit educational facilities in China and develop exchange opportunities.

Accompanying Rangiora Wilson-Ogden I travelled first to Nanchang where she stayed on with the rest of a group of students. I then joined the Principals' Delegation in Beijing.

During the 5 days there, our group visited a range of schools and universities as well as travelling to the Great Wall, Tiananmen Square and the Imperial City. We moved onto Xiamen in the humid South East of China and continued visiting schools and universities. After 4 days, I travelled to Shanghai and met up with the School group.

What stood out for me was the size of the schools; up to six thousand students with more schools under construction to cope with population shifts, class sizes of up to 60 and the ranking of schools and universities. Students were busy sitting exams with the results determining the rank of schools or universities they were able to access.

In comparison, New Zealand students have a considerably advanced education system but we could learn from the Chinese culture of absolute focus on achievement. New high-rise buildings, demolition or refurbishment of whole neighborhoods amidst heritage buildings makes for a rich urban landscape. The experience certainly enriched my understanding of China and made for an interesting comparison.

Polinetia Fa'atasi

POLYNESIA TOGETHER AS ONE

- P** – Practice makes perfect
- O** – Oh for Awesome costumes creatively created by Fordy and his team
- L** – Love our Poly fams!
- I** – Interacting with our audience is heaps of fun
- N** – Never ending laughs... and growlings from Tats, Fordy and Mr
- E** – Exciting trips to Tauranga and the Far North
- T** – Togetherness, learning to be respectful of each other
- I** – Inclusive, no matter who you are and where you are from, all are welcome to join
- A** – Ahipara, cold wind, beautiful scenery, Poly kids swimming and its freezing lol
- F** – Fanau – family
- A** – Achieving small goals in every practice session
- A** – Academic achievement is encouraged and important to us
- T** – Tenacity, we don't quit, even when it is hard!
- A** – All for one and one for all, we're in it together
- S** – Spontaneous – those moments when we have to come up with an item on the spot (those forced ones lol)
- I** – Innovative choreography and costumes that leave you thinking "WOW"

Thank you to our teachers and parents who helped to make our Poly group awesome this year. A special thank you to our tutors, Tatyana Stowers and Rangikura Ford, supported by Apera Brown, Julius Daniels, Mel Tearetoa, Sopoaga Paito and Mataio Tautari. To all who make our costumes, a very big fa'afetai lava to you all. 2018, Ia Orana!

PASIFIKA ACHIEVEMENT CLUB

Every Tuesday afternoon from 3.15pm – 6pm you will find many students of all cultures working hard in the Library. With the support of South Waikato Pacific Islands Community Services (SWPICS), we have been able to offer the after school programme 'Power Up' which focuses on building and improving Numeracy and Literacy skills while offering academic support to students from the Early Childhood, Primary, Secondary and Tertiary sectors.

We are fortunate to have dedicated teachers from Forest View and throughout Tokoroa who offer their time to support our students with their learning.

A huge 'meitaki ma'ata' to Aunty Martha Turia and her daughter Aroa Turia who always prepare beautiful kai for everyone to eat. Massive shout to all the parents who attend with their children each week. Keep striving for personal excellence everyone!

LITTLE BROWN KIWI

A group of students have continued to work closely with Ms Toy and Papa O Te Aroha marae this year. The marae hosts busloads of young overseas travellers who are touring New Zealand.

During their overnight stay at Papa O Te Aroha, Forest View High School students introduce the overseas guests to aspects of Maori culture and performance. Just as the Forest View students share, so too the visitors share aspects of their life in foreign lands with our students.

A special treat this year was the visit of Brian King (an ex-teacher) with a group of students from Japan, who were hosted by Polinetia Fa'atasi and the Little Brown Kiwi group.

OUTDOOR EDUCATION

The relationship between Forest View High, The Perry Outdoor Education Trust and The Graeme Dingle Foundation has continued to enrich the outdoor education opportunities for students.

The following is from the
GRAEME DINGLE FOUNDATION, WAIKATO

The Waikato Excellence Awards were held on Thursday 21st September at the University of Waikato Gallagher Performing Arts Centre. We were all humbled and honoured to hear about the 14 winners from our Kiwi Can, Stars and Career Navigator programmes - how they help and support their schools, their communities, their whanau and their peers. The winners inspire those around them to be the best they can be - so all our youth are connected and contributing members of our community.

Among the 14 students honoured at the Awards were
Cory Gurr - Rising Star Award and
Monique Limmer - Excellence in Peer Mentoring.

Back Row: Jack King, Kieran Delany, Uma Takave, Rebecca Chesterman, Naya Daniel

Front Row: Kiri Jessop, Daniel Paterson, Jaimee Cameron, Monique Limmer, Alex Hussain, Zion Roberts, Kourtney Chapman

YEAR 9 CAMP

We are fortunate to be in a position to offer this great opportunity to our Yr 9 students and would not be able to do so without the support and guidance of POET and our Peer Mentors.

Week 2, Wednesday morning – the Yr 9's arrived eagerly anticipating their camp at the most beautiful Whakamaru Reserve. On arrival, ice- breakers broke down barriers and soon all were ready to get organised pitching tents.

Dinner time proved a highlight when, under the guidance of Peer Mentors, Yr9's cooked their own dinners. A night walk followed... but too much noise meant hopes of seeing glow-worms were dashed.

Thursday as predicted was gloomy and wet, luckily this didn't daunt the spirits of the FVHS team... we got stuck in and completed everything including a walk, adventure learning, curriculum activity and rafting. That evening, it really poured down, but we were up to the challenge and embraced our performances and singing.

Friday morning was VERY wet and unpleasant – everything and everyone was drenched! The resilience and determination of Peer Mentors and Year 9s was awesome – the camp was packed up and buses loaded in an organized way, with everyone pitching in. The teachers at camp were very proud of the young people and how they worked together to cope with the challenges of the weather.

YEAR 10 CAMP

Late May, after much preparation, our Year 10's were ready to head away to Lake Okataina for camp. As we got closer roads narrowed, and phone coverage faded, a great scenario for teamwork.

On arrival, our Year 10's launched into ice breakers to set the scene - some were run by our yr 12 Outdoor Education student leaders. After lunch activities began - bushcraft, mountain biking, camp craft and EFs. The bush craft group in had a rapid learning curve as they had to pitch tents in preparation for their camp out.

As darkness fell, camp divided into two - inside a group had an evening of fun activities; outside we cooked dinner on camping stoves with many delighted with their culinary expertise. After dishes, a walk to see glow worms and wallabies.

The next days were gloomy - with conditions deteriorating. Tramping and kayaking scrambled to ensure they were well equipped. Activities carried on as best we could - despite the hideous conditions. Despite the conditions, positive comments were floating around - about activities and new friendships.

Friday was bright and sunny as we prepared for our Amazing Race. The event was successful and fiercely competitive. Clean up, debrief and lunch followed, then home - a quiet journey with many catching up on sleep.

YEAR 12 CAMP

"The best camp I have ever been on! Year 12's of 2018, you have to go on it!" Angel Ward

"I was a bit worried about going to camp, but once we left I made so many friends with others I had never even spoken too. One of my highlights was visiting Manukau Institute of Technology, the Hospitality School was amazing and that is where I see myself studying in 2019. Ice skating was awesome too, it was my first time and I was tragic, but we all had a blast" Niwa Ahomiro

"The round robin activities we did on the first day was really cool. I liked having to team up with other people I didn't know too well, everyone got involved and we just had a good time. The amazing race was what its name says, amazing!!! We had lots of fun completing the challenges and riding the different modes of transport." Josh Drysdale

"Our Year group became really tight, everyone was getting on with everyone. It was really cool at Ice Skating and the Movies. I enjoyed our day activities and especially going

to Saatchi and Saatchi, I think I'll be good at working in advertising. To the next lot of Year 12s, this is the best camp ever!" Kaitlyn Lesa

"Can I go again next year Sir? I really loved that camp! Willow Park is pretty mean and the teachers were cool too, they were actually really cool, way different to how they are in school hahaha. Mindlab was pretty cool, I liked controlling the robots and find it pretty freaky that this is the way our world is moving. The mazing race was lit!" Jake Hemara

"Although we had some ugly weather, we still had the best time together and I will never forget this camp and my first time ever travelling to Auckland." Brad Perret

YEAR 13 CAMP

Once again, Yr 13 camp was a huge success, FVHS once again worked in association with POET to organise an exciting and positive experience for our students: destination Pouakani Marae, Mangakino.

Students settled quickly to work with Deans, setting goals for 2017 and beyond. Next the Amazing Race with clues to solve and challenges to overcome, a fantastic opportunity to have fun while learning to work with each other. In the evening a VIP dinner for FVHS staff and Ella Livingston, 2016

Head Student. Ella spoke to the Year 13 students and her words provided motivation and inspiration. We were grateful to Ella for taking time to share her thoughts on her year 13 experience and wish her all the best for the future.

Day Two started with a session of problem solving and more thought into what students hoped to gain from the year. In the afternoon a unique event - "The Good Taniwha" which involved teamwork to complete a building challenge, scattergories, baking, waka-ama, mountain biking and a trek. In the evening we had a debate which created some interesting discussions.

Day Three was summing up time - with students completing a scavenger hunt and then preparing a story around the items to reflect the learning from camp.

MAI BIZ

From Wednesday the 7th to Friday 9th June, 60 Year 12 and a number of the Year 11 Business Studies class were involved in a great opportunity, taking part in the Mai Biz programme. Our students were very fortunate, as we are one of only a few schools across New Zealand to take part in the programme which is fully funded by the Maori Woman's Development Incorporated.

Two external presenters from the business field worked with our students during this time. They took students on a journey from developing the seed of a creative idea to forming a tangible framework and finally presenting the concept and business plan. This was a different style of learning and one in which teamwork was a critical factor. Each team had to work together as a business to develop their ideas.

Teams needed to be innovative and create their team's service or a product. The completed plan included financial and marketing skills. The students worked hard under pressure. Finally, on the final day they presented their product to five judges from the Tokoroa business community at an expo. Every member had to play an important role in the presentation, so they didn't let the team down.

A diverse range of products were created. 'Pocket On' (an iron on pocket which could be easily ironed on and taken off a garment); 'Power Box' (which ensures all your cords did not get tangled); 'Tempillow' (a therapeutic pillow for people struggling to get to sleep); 'Footbrush' (a brush which came with its own floss), and Attack Axe (a very useful tool for those outdoors as the axe head can be attached to any pole or piece of wood).

But, the winning product was 'Keep'N'Dry' which was a full length see through umbrella. Each member of this team received a medal of excellence. Team leaders as CEO's, received a leadership award and all students received a participation certificate. The judges were amazed at the creativity and the business skills shown by our students. It was a productive and unique learning experience. If the innovation shown by our students was anything to go by, NZ is in safe hands.

A big thank you must go to our judges, the two facilitators and MWDI.

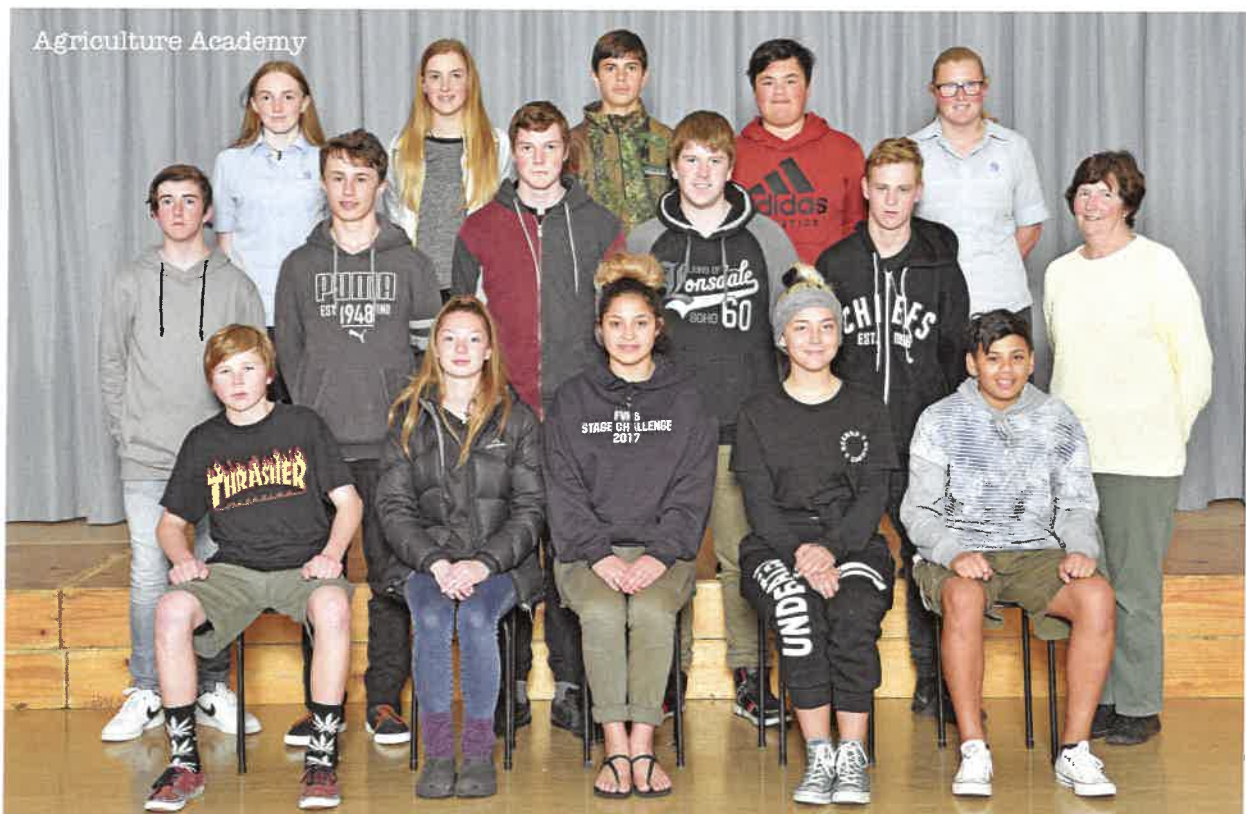

STEP UP

This year 35 senior students have been involved in the Step Up programme. Most have been spending 1 day a week at Toi Ohomai Institute of Technology, learning and gaining credits in trades or vocational courses.

Others have been involved in the Primary Industries Agriculture course, led by Mrs Mathis and held in the School's Agriculture Room and on the Mathis farm.

At the end of year prize-giving at Toi Ohomai, several students were recognized for their outstanding progress and coming top in their STP courses – MJ Peralta, Zayne Singh, Rangikauwhata Ahomiro and Josh Drysdale.

Back Row: Chlo'e Hargreaves, Lana Korsten, Aden Kelliher-Whiting, Sam Totoro, Jorja Chapman

SENIOR PRIZEGIVING – 7 NOVEMBER 2017

It was wonderful to hear words of wisdom from guest speaker, Bruce Nguyen, at Senior Prize-giving this year. Bruce is an ex-student who has just completed his third year of study towards a degree in Mechanical Engineering at Auckland University. He shared six strategies with the audience and spoke of how each one was helping him to achieve his goals. His advice was especially pertinent to the Year 13 students who are leaving FVHS this year.

The Principal, Mr Ferguson announced the winner of the Interlake Competition – well done Arapuni! He also acknowledged the contribution and long service of Mrs Karen Watkins who is retiring as Executive Officer, and the retirement of Mrs Trish Priscott, Deputy Principal. Mr Marc Le Lievre is moving to Rototuna Senior College after making a valuable contribution to the school.

The student leadership team were thanked for their efforts and the Head Students of 2017 – Kiri Jessop and Umatetiki Takave, assisted by Deputy Head Boy, Keegan Hall - passed their responsibilities to the 2018 Head Students – Monique Limmer and Cory Gurr, who will make a strong team with their deputies, Jaimee Cameron and Angel Ward.

THE 2017 DUX WAS DONG MEI LIM.

Dong Mei has been an outstanding student, gaining Excellence endorsements in her NCEA studies and this year, she also achieved an A+ pass in Calculus, from Canterbury University.

Dux for Overall Academic Excellence - Dong Mei Lim

LEARNING AREAS

LIBRARY NEWS

We have had an exciting year this year in the library. New books have flooded the shelves and we have had lots of fun opportunities.

In Term Two, author and illustrator Donovan Bixley visited and ran a workshop for Forest View's aspiring students. It was an awesome day. We learnt many things such as success doesn't come after the first strike: you must keep trying and never give up.

We had a very successful Book Spine Poetry competition with some great entries making it difficult to determine the best Junior and Senior poems. With a constant stream of students, the library is a lively place, with students not only reading or studying, but taking part in a number of other activities such as chess, jigsaw puzzles, and murder mysteries.

Overall, it has been a great 2017 and we can't wait to see what the library will bring in 2018!

Kathleen, Madison and Clydille

From Mrs Coffin

A huge big thank you to our year 13's Kathleen, Madison, Clydille, Stacia, Dong Mei and Navpreet for all the hard work you have put into our library over the last five years. You will be missed!! We wish you well with all your future endeavours.

"Every mountain top is within reach, if you just keep climbing".
Barry Finlay

Social Sciences

With the Year 9 Social Studies focus on sustainability, Year 9 students were, once again, involved in the tree planting programme with the Waikato River Trails organisation over two days. They planted close to 2000 new trees on the banks of the Waikato River.

Another exciting event for the Yr 9 students was the combined Social Studies and Sciences field trip to Otorohanga for the Kiwiana and visit. Sixty students were involved in the Kiwiana inquiry activities and at the Kiwihouse saw Kiwis and what is done to help the birds survive.

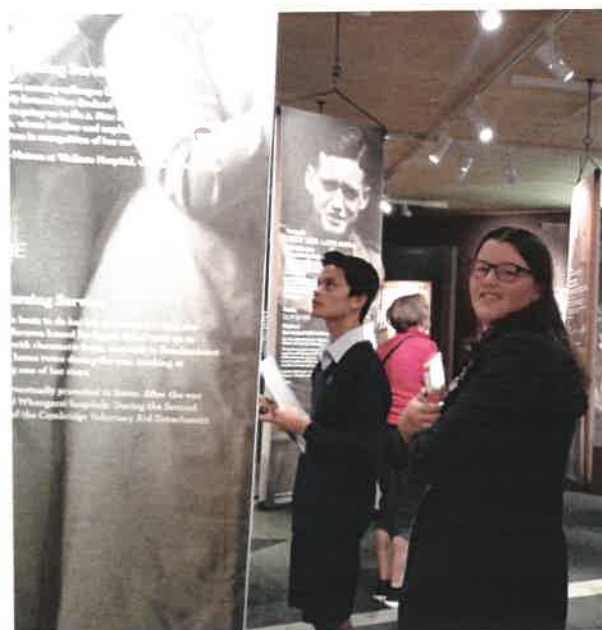

In Senior Geography, the use of field trips to the Lake Moana-nui Reserve and Hamilton City were important focuses for the students – enabling them to gather information from real world examples, that was then successfully included in assessments.

History has continued to grow in student numbers this year. Students in Years 12 and 13 have pursued research into areas of personal historical interest. The

Year 11 History class enjoyed two field trips – the first to Tokoroa Cemetery as part of a local history assessment and the other to the Waikato Museum's World War 1 exhibition as part of their study of the Battle of The Somme.

The Tourism class visited the New Zealand School of Tourism in Hamilton and gave students the opportunity to explore the real world career opportunities in the industry. It was great to catch up with ex-students and see the enthusiasm with which they have embraced their new pathway.

Mark Bannister
CL SOCIAL SCIENCES.

Technology – Workshop Technology/ Graphics/ Food

The Technology department is made up of three members, Mr. K. Haines, Mrs. A Menon and me. Between us, a wide range of programmes are offered – Automotive, Food Technology, Graphics, Metal Work, Wood Technology, Building Construction and Allied Trade Skills, Design and Visual Communication, Food Technology, Hospitality, Mechanical Engineering and Industrial Design.

We also embarked on creating an electric vehicle in the Evolocity programme. Due to the interest shown by students, the EVO programme will be integrated into the Technology subjects in collaboration with areas within the technology department and across the school.

This year evening classes were introduced for the community in Basic Automotive Maintenance and Basic Building Maintenance.

Joint technology community projects and within school competitions were held this year and more joint ventures are planned.

I must thank - Mr. Haines for his dedicated support, Mrs. Menon for stepping in as the new food technology teacher, showing initiative and meeting the needs of the student, Mrs. Walker for embracing the joint technology projects, Mr. Kohath for his continued support to the technology department in all areas and especially with the Evolocity project and Mr. Ferguson for his support in the technology ventures.

Mr Shri Menon
HOD TECHNOLOGY, GRAPHICS & FOOD

Present: Mr Kohath (Team Assistant), Cain Morgan, Mr Menon (Teacher)
Absent: Matthew Martin

TECHNOLOGY COMMUNITY PROJECTS

This year a large part of our Year 10 technology curriculum was focused on being involved in community projects. In Term One, our first clients were Tokoroa North School. Digital Technology students were asked to create teaching resources; Puddle Jumpers to help students learn to count and CAT words to help students learn to read for their Junior school

In Term Two, we had our largest project, Victoria Place. All Year 10 Technology students from Digital, Food, Metal and Wood were involved in this project. Students' paid an initial visit to the residents to gain ideas for designs, themes, colors, likes and dislikes at the beginning of the term. Digital students made residents Coloring In and Activity books, Puzzles, Wooden Picture cubes and 3D printed plant pots. Wood students made Birdhouses and Jewelry boxes. Metal students created Plant Pot holders and Motor sensory stability games. The Food Technology students designed and created a menu from the 1950's for our presentation day lunch.

Term Four will be another busy term for the whole Technology area with Tokoroa Hospital being the recipients for Coloring In and Activity books, metal toys and a Christmas cake in a small wooden box.

TECHNOLOGY RACE

The Technology Race is a cross curricular project involving the Digital, Food, Metal and Wood subjects. The race is based on the Amazing Race with the students' starting off in the Library choosing their partners, picking team names and deciphering their first clue which sent them off to start the race.

At each stop students needed to complete two tasks individually, so they had to decide who would do which one. Each task was a smaller part of a whole item that they had to put together as a final task. While they were completing each task, they were rated on the school values of Whanaungatanga, Personal Excellence, Resilience and Innovation.

Once both tasks were completed and accepted by the supervisor, they were given an envelope with another clue they had to decipher to find the next stop. At the end of the day students' were given 20 minutes to go and gather up all their completed tasks and convene back at the library where they had to assemble their project. Students' obviously loved the day and there was a lot of competition between teams. The overall winners were Maddisyn Chapman and Jade Church with 75pts.

PE/SCIENCE

The Physical Education Department has set a goal in 2017 to make our curriculum more student driven. The Physical Education Department's motto of "No excuses, just results" has been the backbone for success this year.

Senior Physical Education now uses student's individual sporting interest as a context for learning within senior classes. Our students are now more capable of applying sport science knowledge of ones sporting code, thus improving ones performance on the sports field.

The Physical Education department has introduced a Sport in Education model amongst junior students, across a range of curriculum areas. Sport in Education uses sport as a context for learning and has had a significant impact on the junior curriculum this year. Year 10 students used the 2017 Lions Tour as a context or learning, developing a supporter's package for visiting rugby fans. Students learnt the ability to solve real life problems using knowledge from all curriculum areas to drive this project.

Senior Outdoor Education continued to focus on industry practical skills, including tramping, camping, river survival, rock climbing, abseiling, caving, kayaking and mountain biking. Our students really excel during these experiences, pushing students to thrive under challenging circumstances.

DIT

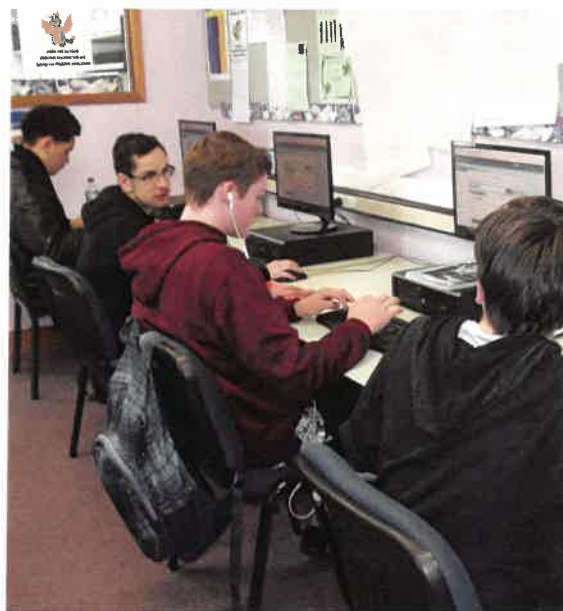

It has been another huge year with many innovations implemented. We have teamed up with the Technology Department to offer a new Evolocity subject where students' will design, create and race an electric vehicle at Level 1 and 2.

All the Year 9 students were involved in a Technology Race day as part of our DIT Week. It was based on the Amazing Race and involved students completing projects in Digital, Wood, Metal and Food all in one day.

Year 10 students were involved in Community Projects for Tokoroa North School, Victoria Place and Tokoroa Hospital.

Our Digital Technology standards will be changing as from 2018, with the old standards being replaced by new ones that will hopefully give students more choice in contexts.

The National Certificates in Computing and Business Administration and Computing will be phased out for the new New Zealand Certificates at Level 2 and 3.

FOREST VIEW HIGH SCHOOL ANNUAL SPORTS AWARDS

The Annual Sports prize-giving was held in the evening on 27 September. Guest speaker was ex-student Toka Natua, whose hat trick of tries contributed significantly to Black Fern victory in the World Cup final. It was great to have her back in the School.

Toka spoke of the challenges faced as she sought regional selection and national selection; of the enduring support she enjoyed from her family on her journey, the financial costs incurred and about her faith which has sustained her.

She shared her motto "No fears, No reserve" – being afraid of nothing and no-one, and giving everything she has in every match - holding nothing in reserve. She has certainly earned her success.

ATHLETICS

The 2017 Forest View High School Athletics day produced some outstanding participation and fierce competition between competitors and lakes. Lake spirit was high, with lake colours, banners and chants firing throughout the day.

Results were as follows,

- Junior Girls Champion, Te Amorangi Wright
- Junior Boys Champion, Reef Gulde
- Intermediate Girls Champion, Chloe Comer and Freedom Karaitiana-Awa
- Intermediate Boys Champion, Beckham Douglas-Thomas
- Senior Girls Campion, Isobella Jackson and Rangiora Wilson-Ogden
- Senior Boys Champion, Eugene Whetu
- Overall lake Champion, Maraetai

Outstanding competitors were chosen to represent Forest view high School at the Mid-Island competition, held in Rotorua. At this championship Eugene Whetu placed 1st in the Senior Boys 800m, Cathrine Caspari placing 1st in the Senior Girls 1500m and Maddy Osborne placing 1st in the Junior Girls shot put.

Wairangi Te Hiko also placed 3rd in the Junior Boys shot put at the Waikato/Bay of Plenty championships following the Mid Island Championships. This was a great accomplishment in such a tough competition.

BADMINTON

Badminton this year has been a great success. Every week new players show up and showcase their skills. We have even had the opportunity for a coach from Waikato Badminton, Mr Philip Patterson to help train us and further enhance our skills. The players have had great fun this year competing against one another and also representing Forest View High School at the South Waikato Tournament held at the Tokoroa Event Centre.

Our senior team (Bocky Blackburn, Kaitlyn Lesa, Damien Kelliher, and Navpreet Kaur) were placed second and our junior team (Minette Cabbigat, Rebecca, Deklin Taumata, and Michelle Rameka) were placed third in their division.

We improved a lot throughout the year by training every Monday and Wednesday in the gym after school until 4.30. Thanks to Mrs Coffin and all the players that came and helped make this an enjoyable experience.

JUNIOR GIRLS BASKETBALL

This year the Girls basketball team had a challenging but rewarding season.

We got off to a shaky start with little skills and not a lot of team chemistry, waking up at 5am to train seemed hard at the time. But it was all worth it in the end, as the girls made huge improvements. I am extremely proud of each and every one of the girls, there was never a complaint and everyone stayed positive after each game despite what the score might have been.

I would like to give a huge thank you to Cha our amazing coach this year that stuck with us throughout the season, thank you Cha for all the support and your endless patience with us.

I'd also like to give a big thank you to Mrs Bennion and Mrs Earnshaw for driving and referring every game without you guys this season would not be as successful as it has been.

A big thank you also to Rach and all of our other supporters that helped keep our spirits up during the season, we appreciate everyone that helped us this year and I look forward to another successful season in 2018.

Georgia Tiro

JUNIOR BOYS BASKETBALL

Early morning trainings paid off for our team with us winning division 2 in the competition this year.

We started with heaps of players but as the season got on a few of the boys dropped out and we were left with seven regular players. Thanks to these boys for a great season.

A highlight of our season was getting new uniforms that Carl helped choose... we felt really good wearing them.

I would like to thank Rocky Tiro for being our coach and ref. You helped develop us a lot this year. Also big thanks to Mrs Drysdale, Mr Guinabasan and Cha for helping with transport and for their great support.

We look forward to 2018.

Jacob Drysdale

SENIOR BOYS BASKETBALL

We had a very mixed season playing in the competition this year. Some games that we thought we had a chance to win we'd lose, and then against stronger teams, we'd come away with a win. Despite this, we thoroughly enjoyed playing under the direction of new coach Tiahuia Joyce.

We would like to thank Tai, Mrs B and our supporters. We look forward to next year.

CROSS-COUNTRY

The 2017 Forest View High School Cross Country event was held in term two, where the majority of our students were involved in this event.

- Junior Girls Champion, Ashlei Shaw
- Junior Boys Champion, Arran Shaw
- Intermediate Girls Champion, Jessie Lockley
- Intermediate Boys Champion, Christopher Foy
- Senior Girls Champion, Isobella Jackson
- Senior Boys Champion, Eugene Whetu
- Overall Male Champion, Arapuni

A number of our top cross country runners were then invited to compete in the Waikato Cross County championships, held in Hamilton. Our students quickly learnt the harsh realities of competing against top cross country runners from all over the Waikato. Never the less, our students demonstrated courage and resilience against adversity and never gave up, all finishing strong.

Back Row: Jessie Lockley, Faith Healey, Ashlei Shaw, Isobella Jackson, Shoney Wilson

2nd Row: Cavelle Uatuku, Hori Baines, Cameron Hoskins, Damien Kelliher-Whiting, Cain Morgan, Mrs Bennion (Teacher in Charge)

Absent: Anthony Foy

1ST X1 BOYS FOOTBALL

The 2017 football season was a great experience for myself and everybody who played in the team as we had numerous wins and close/tough games that kept the ever changing division interesting.

As the season progressed throughout out the year, our team chemistry grew larger and stronger as the defensive line of Kieran, Anthony/Phoenix, Ryan/Zabian and Chris began to use communication and combining their skills to become very strong.

Keegan wearing the number one shirt continued to surprise the team with incredible saves and consistency throughout the season. Our attack was also very strong with the duo of Beckham and Josh in strikers scoring a combination of 35 goals throughout the season together and the midfield of Bailey, Kele, Eugene, Caleb and occasionally Ryan in behind them with the assists.

Big thanks to Stein who has given up his time to coach us not only this year but for some of us last year as well. Overall it has been a great season for the Forest View High School first X1 as we finished up third in the division and made it to the quarter finals of the knockout cup.

Mixed Hockey

2017 was a great year for the Mixed Hockey team.

Competing in the Rotorua Secondary Schools competition, most of our team were new to hockey and we played against both mixed and boys teams. Being a new team didn't stop us and we were excited to win first place of the mixed grade with a staggering 6-0 win.

Looking back on the season it was great to see the vast improvement amongst our team. I'm very proud of everyone involved. We wrapped up our season by playing in the Hockey NZ Mixed tournament, which was held in Taupo during winter tournament week. What a great experience that was.

We are thankful to Tainui Full Primary who allowed us to use their turf for training. Many thanks to our coach Glen Limmer, managers Iwi Bennion and Janine Limmer, Mrs Hughes, exchange student Juli Cabrera for her time in our team, and all others who supported us throughout the season.

To our Year 13's, Nick Shewry and Keegan Hall, thank you for the contribution and commitment you have shown within our team; we wish you the best of luck for all future endeavours. Overall, 2017 was a successful year for hockey and I cannot wait to see what next season has in store for mixed hockey at FVHS.

Monique Limmer

Netball

SENIOR A

Under new coach Taneta Riki, this season has been about rebuilding the culture within FV Netball. Although seasonal results didn't put our team at the top of our sport, we achieved far more. We learnt to aspire to inspire, support and respect each other knowing we are all different and took every challenge as a learning opportunity. Well done girls on a fine season.

Many thanks to coach Taneta Riki and manager Ariana Hose.

SENIOR B NETBALL

Congratulations to all the players in FVHS B who gave it their all through the 2017 season and enjoyed the game of netball. Thanks to all the coaches, FVHS, Umpires, Tokoroa Netball Centre, committee members, administrators and volunteers for making the game possible and enjoyable.

We had a slow start to our season but with the great support from our coach, FVHS and parents we grew into a awesome team even if we won or lost. We gave it our all every game and that's all I could ask of my team as a captain. I wish everyone the best for the rest of the year and can't wait for next season.

SWIMMING

The 2017 Forest View High School Swimming Sports event was held late in term two, where 56 of our students competed and demonstrated personal excellence in a range of swimming events.

- Junior Girls Champion, Meg Hamley
- Junior Boys Champion, Wairangi Te Hiko
- Intermediate Girls Champion, Xanthe Pita
- Intermediate Boys Champion, Matthew Martin
 - Senior Girls Campion, Paige Cuff
 - Senior Boys Champion, Uma Takave
 - Overall lake Champion, Whakamaru

RUGBY

2017 is a rebuilding year for rugby at Forest View High School. It was decided to enter two teams this year, boys under 15's side and girls under 15's sevens. The goal is to increase our "rugby" player base at this age level so that we have the numbers and talent to compete in Waikato secondary schools competitions in further years.

2017 recognitions are as follows,

- Under 15's boys best and fairest player, Arran Shaw
 - Under 15's boys most outstanding player, James Tatham
- Under 14's Tritons representatives, Arran Shaw, James Tatham, Jacob Drysdale
- Waikato country 18's representative, Quinton Liutogiatama

Rugby Girls 10s
Back Row: Faith Healey, Cavelle Uatuku, Maddy Osborne-Retimana, Maria Zammit, Mr Martin (Coach)
Front Row: Shoney Wilson, Xanthe Pita, Cora Hulme, Leah-Marie Robinson, Chanel Piper-Sydney
Absent: Mr Garmonsway (Coach), Paige Cuff, Te Amorangi Kingi, Kaitlyn Lesa, Lakyn Wehipeihana

Rugby U15 Boys
Back Row: James Tatham, Christopher Griffiths, Orlando Liutogiatama, Aden Kelliher-Whiting, Carl Guinabasan
2nd Row: Deniro Wheeler, John Wilson, Tuata Tunupopo, Carlos Uerata, Che Mokaraka, MJ Blanchard, Mr Ash (Coach / Teacher In Charge)
Front Row: Jacob Drysdale, Denzel Glassie-Mindoro, Hori Baines, Devontae Wheeler (Captain), Wairangi Te Hiko, Tipuia Tiro, Arran Shaw
Absent: Sam Totoro, Daniel Taputu, Arika Baines (Manager)

TOUCH

The WSS Touch Regionals were cancelled due to a weather bomb hitting the country and as a result all teams automatically qualified for the Zones that were held at Neil Hunt Park, Rotorua on Sunday March 19th.

FV Mixed Touch knew they were going to have a tough job on their hands to try and qualify for the Nationals as they faced teams with more experience.

Despite not winning any games on the day it was a real learning curve for everyone.

The team would like to thank Anisha Te Hiko for all her time she put into coaching them and special thanks to Tom Thompson who helped with transport – the day after his wedding.

Touch Mixed Team

Back Row: Cavelle Uatuku, Beckham Douglas-Thomas, Wairangi Te Hiko

Absent: Leyton Berners, Kaitlyn Lesa, Anisha Te Hiko (Coach)

WAKA AMA

The sport of Waka Ama is growing from strength to strength each year at Forest View.

This year we entered three teams into the NZSS Waka Ama Nationals which were held once again at Lake Tikitapu in Rotorua from 28th – 31st March.

In preparation for this event the teams had been training twice a week at Jones Landing and had entered into various regattas around the Waikato region. The first day of competition began with Carl Guinabasan, Carlos Uerata & Xanthe Pita paddling in the W1 (singles) events which was then followed by the W12 250m sprint. The W6 250 & 500m sprints were contested for the remainder of the competition. Despite the terrible weather conditions both the U16 teams performed well by making it into the 500m Sprint Plate finals. The U19 girls made it to the semi-finals but against stronger competition they were unable to make the finals in the 250 & 500m sprints.

I would like to thank all our students, Sue Conroy and Damian Sutton from Nga Hau E Wha Whanau Hoe for all their hard work in coaching our teams and allowing us to use the equipment supplied by the club.

Back Row: Wairangi Te Hiko, Carlos Uerata, Syriah Pokaitara
